Dear Florida Public Service Commission,

I am writing to formally request that the Commission hold an in-district hearing in my county for Docket No. 20250011 (Petition for Rate Increase by Florida Power & Light Company) to ensure that the public has a fair opportunity to weigh in on this critical decision.

FPL wants to raise rates by nearly \$10 billion over the next four years, burdening over 5 million households in its monopoly-service area. In the last five years, FPL customers have already seen their bills rise by over \$400 annually, and if this latest proposal is approved, we'll be paying hundreds of dollars more each year. FPL's request to increase returns to shareholders while Florida families are suffering is unconscionable. It's not bad enough that the rate payers get to pay for FP&L ads that tell us "How good FP&L is." Now, because FP&L doesn't plan for hurricanes, the rate payers get to pay for FP&L's poor management. This is outrageous!

I urge you to reject this request to ensure that consumers, not corporate profits, remain your priority. Holding in-district hearings will allow impacted residents to voice their concerns and hold FPL accountable.

I appreciate your attention to this matter and look forward to your response.

Sincerely, James Miles 729 Rockland Dr West Palm Beach, FL
