Hi Michael,

Here's what I got about the **FPL** charge. I understand what they are doing even if I don't agree. It's a form of discrimination just like this city's **PEN** program. I'm going to send a message to Josh about that.

Shirley

**Subject:** Consumer Inquiry - Florida Power & Light Company

Ms. Shirley Stealey

[highlandgardens7@bellsouth.net](mailto:highlandgardens7@bellsouth.net)

RE: FPSC Inquiry 1466186C<<<<<<

Dear Ms. Stealey:

This email is in response to your E-mail to the Florida Public Service Commission (FPSC) regarding Florida Power & Light (FPL) and the minimum bill charge<<<<<<.

The Florida Public Service Commission approved Florida Power & Light Company's general base rate settlement agreement in Order No. PSC-2021-0446-S-EI, issued on **December 2, 2021**, in Docket No. 20210015-EI. The settlement agreement was entered into by **FPL** and various parties representing consumers, including the Office of the Public Counsel **OPC** who advocates on behalf of Florida consumers. The settlement agreement includes numerous provisions with regards to **FPL's** base rates through the end of **2025** <<<<<<

The agreement also contained a provision that raised the minimum bill charge to **\$25** for all residential and general service **non-demand customers**. The minimum bill provision went into effect in **May 2022**, once **FPL's** billing system modifications were completed. **FPL** notified its customers of the new minimum bill in bill inserts **30** days prior to its implementation.

The minimum monthly bill does not replace the existing customer charge; instead, **FPL** will only charge the minimum bill when a customer's total monthly bill does not exceed **\$ 25**.excluding any taxes or other additional charges.????

**FPL** explained that the minimum bill provision was included in the settlement agreement to ensure that all residential and general service **non-demand customers** contribute towards fixed costs of maintaining the electric system, costs which exist as a result of serving even limited amounts of energy to customers. The Commission approved the settlement agreement as being in the public interest when taken as a whole, and providing a comprehensive and balanced resolution to **FPL's** original petition for a base rate increase that provides rate stability for **FPL's** customers. <<<<<<

We have added your concerns to our files as a protest to the FPL's Rate Case, docket 20210015. <<<<<<

If you have questions or concerns, please contact Ms. Ellen Plendl at 1-800-342-3552.

Sincerely,

Shonna McCray

Regulatory Program Administrator

Florida Public Service Commission
