Greetings

My family and I reside in Mary Esther, FL. We are a single income family of 5 depending solely on my husband's VA disability pay since I do not qualify for SSI benefits because of his income and he is no longer able to work due to worsening of his condition.

We have 2 differently abled children and are already struggling to afford basic necessities.

If FPL is hurting enough to need to increase their rates maybe they should be audited to see where our money is going! They don't offer any payment assistance (they suggest calling catholic charity, who thanks to them is already over burdened).

Something tells me their big wigs could use some humbling financially and maybe then they will care about the people they serve.

This should not even be a necessary email given the economic situation and common sense. Hundreds in just our area are already dealing with financial problems due to insurance rates, grocery and gas prices, on top of utility expenses.

Please do not allow FPL to continue to be part of the problem. Instead, make them become part of the solution for tax payers.

Sincerely,  
Kimberly Schulz and family
