Look. I get that you don't get hundreds of thousands of dollars of donations from us regular folk, but that's doesn't mean we have no power.

Last time I checked, you still theoretically work for us. And it's time to say NO to FPL's regularly scheduled rate hike request. I mean, you can set your clock by their filings. In fact, we are due another rate DECREASE. What happened to 'Drill, baby, drill?' Aren't fuel prices low enough to cut our rates some more? That's what a lot of people apparently voted for, and you and FPL are not paying attention.

You need to start taking care of Floridians. We've had it with high taxes, insurance, and utilities. I'm a Native Floridian, and I'm not going anywhere, but I'll bet we can run some of you carpetbaggers back to wherever you came from.

Send FPL away empty-handed. They'll survive. That's what you keep telling US, anyway.
