COMPLAINT INFORMATION

Complaint: Other Complaints against Tampa Electric Company
Details:

Why do I need to fund TECO's green energy transition? TECO will never lower their cost because they are running on 100% solar energy but will definitely be making more money than ever. I am paying for meter upgrades so they do not have to pay for someone does not have to run to my meter and see how much it is for the month. The Clean Energy Transition Mechanism Charge is a garbage money grab. If this fee is used in a different manner please correct me.
