Dear Commissioners Clark, Passidomo, Graham, and PSC Clerk,

I'm a Charlotte County resident asking you to **DENY** Environmental Utilities' sewer service application (Docket #20240032-SU). My mother has owned a home on Little Gasparilla Island for years, and my kids grew up enjoying its wild, natural charm. Please don't let this plan ruin that.

Even if EU meets legal requirements, our community overwhelmingly says NO—just like we did in 2022 when you rejected a similar proposal. You listened then, and we need you to again. This sewer system threatens our environment, our water quality, and our way of life. Most of us don't want it, and it's not safe or necessary.

This is personal—my family's history is tied to this island. Please vote **NO** and protect what we love.
Thank you for hearing us out.

Sincerely,

Cari Ward
