Please DENY EU's sewer application.

I'll spare you the details, but in summary

- 1). WE DON'T WANT IT. At the hearings, you saw that, and I didn't see many residents get up and state their argument for it.
- 2). I DON'T SEE ANY EVIDENCE FOR IT'S NEED. Where is the data ??
- 3). Mr. Boyer has no stake in this whatsoever, other than a large paycheck for him at our expense
- 4). Our island is slowly recovering from 3 hurricanes over the past 2 1/2 years - and it is starting to look good - please don't dig it up again.

5). I have a perfectly working septic system - why should I dig it up and pay ten's of thousands of dollars for an proven system, from an unproven utilities company??

Thank you
