To Whom It May Concern:

These are the reasons we are against Environmental Utilities proposal:

There is no need for service.

We live in a complex that doesn't have space for the type sewer system being proposed.

Against private ownership.

The cost. Some people will have to sell their property because they will not be able to afford it.

More development. We are very happy not having hotels, stores & etc.

Destruction of the island.

We are also wondering why there is only one bid. Normally when there is project this large you have several bids.

Sincerely  
Ken & Sally Mingerink
