Good Afternoon,

I was curious as to how 29 "requests for sewer service" can override the opinions of so many other residents that do not want sewer on LGI, or the other barrier islands as well. Are those 29 people going to pay for all of us that can't afford it? I already know the answer to that. I sincerely was shocked that the PSC would go along with Charlotte Co. BOCC on this. Jack Boyer is only out for himself. If the BOCC is going to push this down our throats then at least have the county take on the project instead of someone trying to line their pockets. It really smacks of something inappropriate going on between some members of the BOCC and a private individual.
