Subject: RE: RE. Docket #20240032-SU

Good morning,

We will be placing your comments below in consumer correspondence in Docket No. 20240032, and forwarding them to the Office of Consumer Assistance and Outreach.

Sincerely,

Brian Schultz

Commission Deputy Clerk II
Florida Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, Florida 32399

Commissioners, **Did your power go out this morning? Ours did.**

But do you know what we didn't worry about? Our toilet. That's because our septic tank works with or without power. However, if EU wins their application, the low power system they want to put in will only last 8 hours before it starts backing up into your house. And to be clear, that's 8 hours of toilet flushing, not showers, not laundry.

The Main Reasons We Oppose Private Sewer

No Need for Service

Excessive Cost

Private & For Profit

Outdated Technology

Damage to the Environment

Traffic Congestion

We all know how long the ferry waits can be and how difficult getting around the island can be with FEMA trucks.

Imagine that, but worse

Maintenance & Emergency Situations

Undue Installation Burden to the Homeowner

Mandatory Easements

No Oversight
