Dear Commissioners:

I wanted to take this opportunity to thank you for your support of our islands and lifestyle by denying the request made by the EU for a central sewer system.

It is with a great “collective” relief that we can now go back to tending to our homes and the damage from hurricanes Helene and Milton.

If this application by the EU comes up again, I believe the islanders will be even more committed to this fight. Hopefully, this ends it once and for all.

Maybe, by the grace of God, we’ll be spared for at least the next few years from another hurricane season like 2024.

Regards,

Dale & Julie Novak

Dear Commissioners:

A heartfelt and huge thank you for listening to us!!

It has been a long and arduous journey, but as an islander for almost 50 years, I am grateful that your concern for our environmentally sensitive islands resulted in your denial of EU's application for a wastewater service. Your thoroughness and fairness in examining the issues involved is greatly appreciated!

Yours truly,

Susan Sirmons
