Dear Commissioners:

I wanted to take this opportunity to thank you for your support of our islands and lifestyle by denying the request made by the EU for a central sewer system.

It is with a great “collective” relief that we can now go back to tending to our homes and the damage from hurricanes Helene and Milton.

If this application by the EU comes up again, I believe the islanders will be even more committed to this fight. Hopefully, this ends it once and for all.

Maybe, by the grace of God, we'll be spared for at least the next few years from another hurricane season like 2024.

Regards,

Dale & Julie Novak
