This Letter is to express my heartfelt thanks (especially to you) and gratitude for your denial of the EU application for a sewer system for Little Gasparilla Island.

Your decision has saved so many problems for so many and I am so thankful that you were able to see through all of the issues, to distinguish the future implications and disaster that would have befallen our island had this passed.

Once again, thank you for your foresight, your insight, and your wisdom in your decision.

With utmost respect,

Deborah Dunn
