Governor Desantis.

Tampa Electric Company has been raising their rates and plan to continue through 2026 and 2027. Among their proposed rate hikes are provisions to provide more profit for shareholders. This is beyond immoral. Our electric bill this month is 619.00. For a Teacher in Hillsborough County Florida, this has a direct and massive impact on my ability to make ends meet each month. Can you please offer help? Please don't send an auto response. This is life altering for millions.
