CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

I am contacting you today to express my support for FPL as a reliable energy provider for the Florida residents. I have been an FPL customer for many years and their service has always been reliable and is considered one of the lowest rates in the country. For that reason, a rate increase might be considered in their behalf based on today's economy. I hope that proper consideration be giving to their request.

Respectfully,

Anibal F. Fernandez
521 NW 136 Ave
Miami, Fl 33182

Subject: FPL power bill increase

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

My name is Deborah Medla and I live in Fort Walton Beach, FL. I tried to call and share my concerns, but could not get through.

So here I am sending an email to share my concerns.

Those who live in FWB, FL do not have a choice of power providers. FPL is the only one. Therefore, it seems to me that they do not have to spend money on advertising. Yet I see advertisements all the time.

Here are some examples...

- 1) They are a sponsor for WEAR TV channel 3 in the morning. This has to be expensive
- 2) An airplane and a Large RV that look to be wrapped which I know to be expensive.
Shouldn't a logo be enough?
- 3) Commercials on the TV that tell all the 'things that they are doing'...why...just do your job!

My husband and I both believe that the money they charge us for our electricity should be managed well.

PLEASE DO NOT ALLOW THEM TO CHARGE US MORE WITH ALL OF THEIR WASTEFULNESS!

Thank you for allowing me a chance to tell you what I see and express my frustration.

Sincerely,

Deborah Medla
