Subject: Rate hike request

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Concerning docket number 20250011. I am in complete opposition of another rate hike that you are requesting amount to \$8.9 billion over the next four years. Last year FPL reported 4.5 billion in earnings while its parent company next era reported nearly 7,billion in net income for the year and you need more of my money every month? Please explain thank you Thomas Sowa.

COMPLAINT INFORMATION

Complaint: Other Complaints against Florida Power & Light Company

Details:

I respectfully request that you NOT approve the pending rate increase. It seems that FPL is making a return on investment in excess of other utility companies. We are on a fixed income and rally can't afford higher electric rates. Inflation has caused us to cut back on certain foods and restaurants. Our water bill has increased 5% again this year. We need help to control housing costs-real estate taxes and insurance too.
