Dear Florida Public Service Commissioners,

I am a residential customer of Florida Power & Light (FPL) and a member of AARP, and I oppose FPL's attempts to raise its rates even higher than they already are. I opposed the increases FPL proposed in February, and I oppose the nearly identical increases FPL has now put forward with its corporate partners in a so-called "Settlement" negotiated in secret. These rates remain excessive and unfair to residential customers.

My husband and I moved to Florida because it seemed to be more affordable, but it is turning out not to be, and it is sadly following in the footsteps of our last home, Connecticut. We loved Connecticut, but it became unaffordable and part of that unaffordability was the result of bad political Oversight of utilities in general and electricity in particular.

We watched our monthly electric bill went from under \$100 to close to \$1000 due to irresponsible bad public policy. Don't drive us out of Florida.

FPL's claim that this "Settlement" represents residential customers like me and my family is

false. No one from FPL ever consulted us, asked for our input, or received our consent to speak on our behalf. Instead, FPL chose to ignore the voices of ordinary Floridians who have already expressed strong opposition to these increases.

My family and I call on the Public Service Commission to reject these secret deals cut with large industrial and commercial interests and to hold FPL accountable.

Enough is enough — protect residential customers from corporate greed and unjustified rate hikes.

Thank you for your time and consideration.

Sincerely,

Jane Landers
