Subject: TECO rates

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

I'm writing to request a denial to any future TECO rate increases. It is becoming unmanageable. Our electric bill has gone from \$130 per month to \$450 per month. This has been in just the last 5 years with most of the increase in the last two. We have Attic insulation, energy efficient windows, our house is only 8 years old and the rate increases are challenging. Thank you for your attention to this matter.

Best Regards,

Ross Mallin
