TECO rate hikes

Message

Good morning Governor Desantis,
I am hearing that Tampa Electric is asking for another rate hike today. We are already paying higher than normal rates so that they can recover money that they supposedly had to pay after the hurricanes last year. To me that seems like a price for doing business and that the people of Tampa should not have to pay them back for. And now they are asking for another rate hike of 5%. When does this stop? The people of Tampa are already paying more than we should be.

Teco raising bill

Message

Please Gov DeSantis no more raising utility bills. The last raise has made us cut back on food just to pay Teco. We are seniors on a fixed income and may get forced out of our home with these costs
