To whom it may concern,

I am writing to express my sincere disappointment with yet another rate increase approval for TECO. I certainly had an understanding after the hurricane recoveries, but I witnessed my bills hit an all-time high this summer with a few months over \$700 each. I was expecting rates to decrease now that we're past the hurricane recovery of 2024 and the end of hurricane season for 2025.

The public needs HELP! Please represent us against this monopoly.

Thank you,
