The Monopoly that Duke Energy Really Is

Hello Mr. Desantis,
I am resident of Saint Petersburg, Florida. I love it here but the one thing that I don't love and believe is a major issue here in your state is Duke Energy. Duke Energy is the only electricity provider in my town, meaning that they can charge whatever price they want and force Florida residents to pay it. They pass off all costs onto their consumers including "future repairs" when they make billions in profit. Please look into this and I look forward to your response.
