I am So thankful that we have the best Governor. I have seen a massive increase in my electric since last year with Duke Energy... increasing by almost \$150 per month !! my usage has not changed over the year. I have friends in other states like Texas who bills much lower. they say its due to multiple electric providers in their state. PA is the same. Why can't Florida have competition for our business like other states ???
thank you all. have a merry Christmas .. Sharon Blackman
