The amount of money we have to pay TECO in the past 5 years has grow out of control. We can't keep paying these prices when our pay is no more than a 3 percent raise each year. They are a monopoly and we can't do anything about it. The public service commission needs to be audited and documents need to be provided as to why we are paying these rates. The infrastructure of the power grid hasn't been revamped as my power still goes out! Enough is enough!!!!
