1. The commission that you appointed has approved the outrageous increase of the electric bills for Teco. Is this something that you are looking into or you just don't care about the people of Tampa? I have installed solar to fight off the uprise of electric bill. and since they have been allowed to raise their prices I now get a bill up to \$135 when it use to be \$23. I do not need the usual answer of its for infrastructure improvements - this has been used in the past and for hurricane repairs both of these answers are not working for the consumers of their product since we had to have insurance for hurricanes and their business should have money in reserves for the improvements of their product. so those two answers do not work for this consumer.

2. WHAT IS THE LATEST ON NO PROPERTY TAX FOR 65 AND OLDER? since i purchased my home in 2015 my property tax has doubled. I have seen zero improvements in roads, sidewalks (except for white tap being placed in dangerously raised or broken sidewalk) (informed that our neighborhood is on the list????), tree trimming --- so what is my property taxes going for? I do see that the Florida Gov has increased in size and less for the residents. The taxes are getting so silly that we have been considering a move since we can not continue to live in a state that takes advantage of its residents / senior's.

FYI WE ARE STRONG SUPPORTING/VOTING REPUBLICANS AND WE LOVE FLORIDA. AND THE 2 TOPICS I HAVE STATED ABOVE ARE ON THE MINDS OF MANY STRONG SUPPORTING/VOTING REPUBLICANS THAT I SPEAK WITH.

Lets continue with the great work that Ron Desantis has accomplished and work on the 2 above.

Please do not tax me out of my home and make me move to another state.
