In re: Petition for limited proceeding for recovery of incremental storm restoration costs related to Hurricanes Debby, Helene, and Milton by Florida Power & Light Company

Docket No: 20240149-EI

Date: December 19, 2025

FLORIDA POWER & LIGHT COMPANY'S REQUEST FOR CONFIDENTIAL CLASSIFICATION OF INFORMATION PROVIDED WITH ITS NOTICE OF FILING CONFIDENTIAL MATERIALS IN SUPPORT OF ITS PETITION FOR APPROVAL OF THE ACTUAL INCREMENTAL STORM RESTORATION COSTS ASSOCIATED WITH HURRICANES DEBBY, HELENE, AND MILTON AND ASSOCIATED TRUE-UP PROCESS

Pursuant to Section 366.093, Florida Statutes ("F.S."), and Rule 25-22.006, Florida Administrative Code ("F.A.C."), Florida Power & Light Company ("FPL") hereby requests confidential classification of certain documents and information specified in FPL's Notice of Filing Confidential Materials in Support of its Petition for Approval of the Actual Incremental Storm Restoration Costs Associated with Hurricanes Debby, Helene, and Milton and Associated True-Up Process ("Notice of Filing"), which is being filed contemporaneously with this Request in Docket No. 20240149-EI.

1. This Request is being filed in accordance with Rule 25-22.006, F.A.C., to request confidential classification of certain information provided with the Notice of Filing related to FPL's restoration costs associated with Hurricanes Debby, Helene and Milton. Specifically, FPL seeks confidential classification of: (i) searchable spreadsheets that provide data documenting the receipt, review, adjustment where appropriate, and payment of FPL's Hurricanes Debby, Helene, and Milton costs incurred for line and vegetation contractors; (ii) contractor travel logs for Hurricanes Debby, Helene, and Milton; and (iii) additional information identified in paragraph 16 of the Hurricane Irma Stipulation and Settlement Agreement approved by the Commission in Order No. PSC-2019-0319-S-EI (together, the "Confidential Documents").

2. The following exhibits are attached to and made a part of this Request:

- a. Exhibit A consists of a copy of the Confidential Documents, provided in electronic format on CDs, wherein all the information contained is entitled to confidential treatment. Because the confidential materials are being provided in electronic format and are voluminous, and therefore cannot be readily highlighted, FPL has not highlighted the entirety of the information contained on the CDs.
- b. Exhibit B consists of summary pages that identify the Confidential Documents, which are entitled to confidential treatment in their entirety.
- c. Exhibit C is a table that identifies the information in Exhibit A and references the specific statutory basis for the claim of confidentiality and identifies the Declarant who supports the requested classification.
- d. Exhibit D consists of the declarations of Amin Mohamed and Amber De Lucenay in support of this Request.

3. FPL submits that the information in Exhibit A is proprietary and confidential business information, and its disclosure would cause harm to FPL and its customers. Pursuant to Section 366.093, F.S., such materials are entitled to confidential treatment and are exempt from the disclosure provisions of the public records law. Thus, once the Commission determines that the information in question is proprietary confidential business information, the Commission is not required to engage in any further analysis or review such as weighing the harm of disclosure against the public interest in access to the information.

4. As described in the declarations in Exhibit D, the confidential business information includes information relating to bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms. This information is protected by Section 366.093(3)(d), F.S. The confidential business information further includes information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. This information is protected by Section 366.093(3)(e), F.S.

5. Upon a finding by the Commission that the information contained in the Confidential Documents is proprietary and confidential business information, the information should not be declassified for at least eighteen (18) month period and should be returned to FPL as soon as it is no longer necessary for the Commission to conduct its business. See Section 366.093(4), F.S.

WHEREFORE, for the above and foregoing reasons, as more fully set forth in the supporting materials, Florida Power & Light Company respectfully requests that its Request for Confidential Classification be granted.

Respectfully submitted this 19th day of December 2025.
