    b. Please reconcile the (1) $546,527 shown as the claimed Book Cost at 1/1/2025 for Account 3762, Steel Mains (as shown on tab "Sch J" of "FCG Response Attachment A -Revised FCG Depreciation Study Workpapers"), with (2) the $5,565,780 amount of Additions in Account 3762, Steel Mains, in the year 2021 (as shown on "FCG Response Attachment A -Revised FCG Depreciation Study Workpapers" "Sch G 2021") adjusted for the later retirements (if any) from the 2021 vintage.

INTERROGATORY NO. 18(a-c), cont.

c. If the response to part (b) claims there have been any retirements from the 2021 vintage in Account 3762, Steel Mains, cite the line(s) in the file "OPC ROG-2-8a Service Life Data (37976850.1)" which shows any retirements in the years 20212024, in the 2021 vintage in Account 3762, Steel Mains.

Company Response:

a) The difference between the two schedules for the book cost is timing (See response 3-17a above) and erroneously reporting 2022 investments totaling $160K in vintage year 2021 on Schedule J of Composite Exhibit PSL-2 (workbook).

b) See attachment OPC ROG 3-18 Acct 3762 for a reconciliation between Schedules G 2021 and J. On tab 3-18 FPL Additions Rec Sch, FCG has included FPL's reconciliation between its PowerPlan CPR system and the Annual Report filing for 2021 through November 2023 Additions. This schedule was previously provided in Response to OPC POD 2-11 Schs F-G - FCG Plant Adds & Rets 2021-2023 (from FPL) under the Additions & Retirements Summary tab. Supporting entries were not provided by FPL with the reconciliation schedule; and therefore, vintages for the correcting entries cannot be determined by FCG. As a result, FCG continues to have confidence that its CRP records are the best option and swiftest option to provide the appropriate distribution of assets at 1/1/2025 to compute the average age calculation for adjusted accounts.

c) There were no retirements for the 2021 vintage. See tab 3-18 Corrected SLD Entries of attachment OPC ROG 3-18 Acct 3762, for the revised service life data for transaction years 2021-2024. FCG has written unknown in the transaction year for the correcting entries.

In other accounts and vintages, it appears that there are discrepancies similar to as referenced in Interrogatory Nos. 17 and 18

a. For all vintages 2021 through 2024, and for all accounts, for any number in which: (1) the amount shown on tab "Sch J" of "FCG Response Attachment A Revised FCG Depreciation Study Workpapers" is more than (plus or minus)15% different from (2) the number which is the Addition (as shown on Sch G of "FCG Response Attachment A -Revised FCG Depreciation Study Workpapers" less the retirements in that vintage (as shown the file "OPC ROG-2-8a Service Life Data (37976850.1")), please reconcile the difference between the number discussed as (1) above and the number discussed in (2) above.

b. Please provide the reconciliations requested in part (a) in Excel with the formulas included and working.

c. If any numbers not shown on "FCG Response Attachment A -Revised FCG Depreciation Study Workpapers" are used in the reconciliations requested in part (a), provide the source for those numbers and explain what they are.

d. Provide a revised version of tab "Sch J" of "FCG Response Attachment A -Revised FCG Depreciation Study Workpapers" except using data consistent with the data provided by FCG in the file "OPC ROG-2-8a Service Life Data (37976850.1)".

Company Response:

FPL provided CHPK with FCG's CPR listing of Investments and Retirements as of November 2023. This schedule reconciles the CPR balances to FPL's ASR for years 2021-2023. THe reconciliation was performed at a high level, so to determine the accounts adjusted for this Study, The ASR balance was compared to the CPR balances. The Adjustments are noted as FPL's correcting/reconciling adjustments.

(2) Sch J reports investments by vintage from FCG's PowerPlan Continuous Property Records as of 2024. However, Sch J's 2021 vintage year investments were erroneously overstated by $160,068, with vintage year 2022 investments understaded by the same amount.. The corrected total additions for vintage year 2021 and 2022 are $386,460 and $2,204,373, respectively.

Note:
FPL provided CHPK with FCG's CPR listing of Investments and Retirements as of November 2023. This schedule reconciles the CPR balances to FPL's ASR for years 2021-2023. THe reconciliation was performed at a high level, so to determine the accounts adjusted for this Study, The ASR balance was compared to the CPR balances. The Adjustments are noted as FPL's correcting/reconciling adjustments.

FCG's Resp to OPC's 4th ROGs Nos.20-25

(with attachment)

INTERROGATORY NO. 20(a)

INTERROGATORIES

20. With regard to the following items, please answer (a):

On Page 19, line 18 through page 20, line 6 of the testimony of witness Patricia Lee she states the following:

Q. Are there any additional proposals for these amortization accounts?

A. Yes. I propose that the January 1, 2025 net unrecovered costs (investment less reserve) for each of these accounts be amortized over the remaining amortization period determined by the age minus the amortization period. In other words, if the amortization period is 20 years for a given account and the average age of those related assets is five years, then the remaining amortization period for the net unrecovered costs is 15 years."

(a.) State on what tab(s) and lines(s) of the "Exhibit PSL-2 FCG Depreciation Study Workbook" (or page and lines of the PDF Exhibits FCG filed dated October 3, 2025) are the calculations discussed in the quotation above shown.

Company Response:

Pages 20 and 22 of Exhibit PSL-2, Narrative, discusses the amortization of certain general plant accounts. See Schs H and J of the Composite Exhibit PSL-2 (workbook) for the average age calculations of each amortized account. Specifically, Office Equipment, Furniture, and Software average age calculation for Accounts 391X are shown on column E, rows 83, 98, 108, 117, 126, and 141 of Sch H. The amortizable intangible accounts (3031 and 3032) and remaining general plant account (3930, 3940, 3950, 3970, and 3980) are shown on column L, rows 40, 45, 668, 686, 706, and 723 of Sch J as revised on October 17, 2025 attachment OPC ROG 3-19d Revised Sch J of Composite Exhibit PSL-2 (workbook) in response to OPC's Third Set of Interrogatories. The average age for each

amortized account is netted against the proposed amortization period to determine the Average Remaining Life on Sch E-1 p2 AP Theo Res, column J, rows 15-16 for intangible plant, and rows 19-27 for general plant. For example, the average age for Account 3910 is 4.5 years as shown on Sch H, row 83. The proposed amortization period for the account is 14 years as shown on Sch E-1 p1 AP Lives and Ann Amort, row 18. The remaining amortization period of 9.5 years is shown on Sch E-1 p2 AP Theo Res, row 19.

INTERROGATORY NO. 21(a)

21. With regard to the following items, please answer (a.):

On page 21, lines 20-21 of the testimony of witness Patricia Lee, is as follows:

"Q. Did you perform statistical analysis for your proposed life or salvage factors?

A. No, I didn't."

However, the following quotation appears to state the aged retirement data was analyzed. Page 20, line 15-19 of the Lee testimony states the following:

"The aged retirement data and the average age distributions of the surviving investments along with the lives of other Florida gas companies were used to determine if a revision to the average service life underlying the currently approved average remaining life for each account is needed." (Emphasis added)

(a.) For each account for which it was performed, identify documents containing the statistical analysis (or other analysis as performed) of the "aged retirement data" which included "aged retirement data" of retirements (or other experience) which occurred after the year 2020, as performed by witness Lee (or otherwise on behalf of FCG) in this proceeding.

Company Response:

The analysis performed is detailed for each account in Composite Exhibit PSL-2, Narrative. The aged retirement data for each account is found on Sch F of the workbook for each year 2021-2024. The data for 2021 through November 2023 was obtained from FCG's previous owner, FPL. The source for the December 2023 and 2024 investments and retirements is the FCG continuous property records. The average retirement rates cited for each account in Composite Exhibit PSL-2, Narrative were calculated using the formula found on footnote 6 of page 3. The average retirement rates for each year 2021-2024 are

shown on Sch F-1 Ret Rates. Historical average retirement rates for each year 2004 -2024 are shown on Sch P.

Respondent: Pat Lee

INTERROGATORY NO. 22(a)

22. With regard to the following items, please answer (a.):

On Page 24, lines 2-4 of the testimony of witness Patricia Lee, she states the following: "Average retirement rates were calculated for each account and compared to those implied retirements at the January 1, 2025 average age of the underlying current curve shapes to determine if any modifications are warranted."

(a.) For each account for which it was performed, identify the documents containing the comparison of the average retirement rates "…to those implied retirements at the January 1, 2025 average age of the underlying current curve shapes".

Company Response:

The average retirement rates are identified for each account in the revised Composite Exhibit PSL-2 (workbook), Sch F-1 Ret Rates and Sch P included as Attachment OPC 4-22a, which has been updated to include all adjustments related to OPC's Third Set of Interrogatories. The updated average age for each account is identified in response to OPC's Interrogatory 19d (attachment OPC ROG 3-19d Revised Sch J of Composite Exhibit PSL-2 (workbook), which includes all corrections presently known to FCG as a result of answering OPC's Third Set of Interrogatories. The Life Tables used in determining whether retirements implied from the existing life-curve and current average age are reasonable with the calculated average retirement rate for the given age were obtained from GTE-INC. For many accounts, the average retirement rates were miniscule rendering the results from statistical analysis meaningless. Additional discussion is found in Composite Exhibit PSL-2, Narrative, Account Analysis and Proposals, pages 8-25.

Account 3761- Plastic Mains

The curve shape underlying the currently prescribed average remaining life is R2. The January 1, 2025 average age is 10.6 years. The average service life underlying the existing approved average remaining life is 75 years. The retirement rate for the 2004-2024 period averaged 0.18% as shown in Sch P, row 16, column BO, with the most recent 2021-2024 period averaging 0.24% as shown in Sch F-1 Ret Rates, row 20, column P. This data indicates a higher mode curve than the underlying R2 curve. FCG proposes retaining the 75-year average service life but changing to an R2.5 curve shape as being in line with the historical miniscule retirements tempered with future retirement expectations of early vintages of plastic pipe and the replacement of mains running through less accessible parts of customer property (e.g., backyards) with mains located in more accessible areas. FCG expects increased retirements and a slightly higher mode curve shape than the existing R2 is appropriate for future life expectations. This is due to the Company replacing early vintage polymer pipe ("Orange Pipe") through the Safety, Access, and Facility Enhancement ("SAFE") Program due to safety concerns. Additionally, the program to move mains and services to more accessible areas will increase retirements. An R2.5 curve shape is proposed in recognition of the above factors.

Account 3762 – Steel Mains

The curve shape underlying the currently prescribed averaged remaining life is R1.5. The January 1, 2025 average age is 21.7 years. The average service life underlying the existing approved average remaining life is 65 years. The retirement rate over the 2021-2024 period averaged 0.49% as shown in Sch F-1 Ret Rates, row 21, column P, with the 2004-2024

period averaging 0.26% as shown in Sch P, row 17, column BO. This indicates an increase in retirements in recent years although still averaging less than 1%. The existing 65-R1.5 curve indicates proportion surviving of about 92% at age 21.7 years, implying more retirements than historically experienced. Strictly analyzing the data, a higher mode curve would be reasonable. FCG believes the trend of increased retirements will continue and a slightly higher mode curve shape than the existing R1.5 is appropriate for future life expectations. This is due to the Company replacing early vintage polymer pipe ("Orange Pipe") through the Safety, Access, and Facility Enhancement ("SAFE") Program due to safety concerns. Additionally, the program to move mains and services to more accessible areas will increase retirements. An R2.5 curve shape is proposed in recognition of the above factors.

Account 3780 – General M&R Equipment

The curve shape underlying the currently prescribed average remaining life is R1.5. The January 1, 2025 average age is 7.5 years. The average service life underlying the existing approved average remaining life is 40 years. The retirement rate during the 2021-2024 period averaged 0.11% in Sch F-1 Ret Rates, row 22, column P. In fact, this account has experienced limited retirements historically. There has only been one retirement during the 2004-2024 period. This makes results of statistical analyses meaningless and warrants reliance on projections of other Florida gas utilities. The existing approved life is in line within industry expectations and FCG proposes no change. However, an S3 curve shape is proposed as a better fit with the historical miniscule retirements. At age 7.5 years, an R1.5 curve indicates 96% surviving or about 4% retirements. At age 7.5 years, an S3 curve indicates nearly 100% surviving, more in line with FCG's data.

INTERROGATORY NO. 22(a) , cont.

Account 3790 – City Gates M&R Equipment

The curve shape underlying the currently prescribed average remaining life is R2.5. The January 1, 2025 average age is 13.8 years. The average service life underlying the existing approved average remaining life is 50 years. The account has experienced limited retirements making the results of statistical analyses meaningless. In fact, during the 2004-2024 period, retirements were incurred in only four years, the largest occurring in 2020 This data makes reliance on industry expectations necessary. Average service life expectations of other gas utilities in the State range from 32 years to 52 years, averaging 40 years. The existing 50-year average service life is within the range of reasonableness. A higher mode curve to an R3 is proposed recognizing minimal retirements. The retirement rate for the most recent 4 years averaged 0% as shown in Sch F-1 Ret Rates, row 23, column P. Historically, 2004-2024, the retirement rates has averaged 0.09% as shown in Sch P, row 19, column BO. The R3 curve and 50-year average service life, at 13.8-year age indicates approximately 99% surviving. Conversely, the R2.5 curve, 50-year average service life, at a 13.8-year age indicates approximately 97% surviving. In recognition of the data, the R3 curve is considered a better representation than the R2.5 curve.

Account 3802 – Steel Services

The curve shape underlying the currently prescribed average remaining life is R0.5. The January 1, 2025 average age is 34.5 years. The average service life underlying the existing approved average remaining life is 52 years. The retirement rate for the 2021-2024 period averaged 0.06% as shown in Sch F-1 Ret Rates, row 25, column P; for the 2004-2024 period, the retirement rate averaged 0.51% as shown in Sch P, row 21, column BO. A 52-R0.5 life-curve with a 34.5-year age indicates nearly 71% surviving, implying 29%

retirements. Given this data, a change to the existing 52-R0.5 life-curve is warranted. Average service life estimates for other gas companies in Florida range from 48 years to 60 years. The miniscule retirements suggest a lengthening of life expectations. Recognizing that the Company will be replacing early vintage polymer pipe ("Orange Pipe") through the Safety, Access, and Facility Enhancement ("SAFE") Program due to safety concern as well as the program to move mains and services to more accessible areas, an increase in future retirements is expected. A 60-R1.5 life-curve is proposed in recognition of the above factors and future expectations.

Account 3830 – House Regulators

The curve shape underlying the currently prescribed average remaining life is S1. The January 1, 2025 average age is 11 years. The average service life underlying the existing approved average remaining life is 42 years. The retirement rate for the 2021-2024 period averaged 8.23% as shown in Sch F-1 Ret Rates, row 30, column P and historically the retirement rate averaged 4.31% as shown in Sch P, row 26, column BO. A 42-S1 life-curve at age 11 years indicates a proportion surviving of about 97.85% implying retirements of 2.15%. Staying with the S family of curves, a 42-S0 life-curve at an 11-year age indicates a proportion surviving of about 94%, implying retirements of about 6% that is more in line with the historical data.

Account 3850 – Industrial M&R Equipment

The curve shape underlying the currently prescribed average remaining life is R3. Based on FCG's responses to OPC's 3rd Set of Interrogatories, the January 1, 2025 average age is recalculated to be 24.2 years. The average service life underlying the existing approved average remaining life is 37 years. FCG operations personnel expect similar life

characteristics for this account as for Account 3780. During the 2021-2024 period, only 2021 incurred any retirements. The retirement rate averaged 0.4% as shown in Sch F-1 Ret Rates, row 32, column P. Historically, the retirement rate for the 2004-2024 period averaged 0.17% as shown in Sch P, row 28, column BO. Considering the overall lack of retirements, and continued expectations of similar life characteristics to Account 3780, FCG proposes a slight increase in average service life to 40 years and an S3 mortality curve the same as for Account 3780.

Account 3870 – Other Equipment

The curve shape underlying the currently prescribed average remaining life is L2. The January 1, 2025 average age is 7 years. The average service life underlying the existing approved average remaining life is 24 years. Over the past 21 years, retirements only occurred in two years, 2017 and 2024. The sparse retirements are insufficient to provide meaningful statistical analyses results meaning that many curve shapes could reasonably fit the data and reliance on other gas companies in Florida is necessary for life determination. The lack of retirements is also an indication of an increased life. The retirement rate over the past 5 years averaged 0.08% as shown in Sch P, row 29, column BR and historically, 2004-2024, averaged 0.91% as shown in Sch P, row 29, column BO. Other gas utilities in the State have service life projections in the range of 14 years to 30 years. The average service life and curve shape recommended in 2022 was 35-R3. With three additional years of data, the Company believes the 35-year service life and R3 curve remain reasonable and are proposed at this time.

Account 3900 – Structures & Improvements

The curve shape underlying the currently prescribed average remaining life is L0. The January 1, 2025 average age is 7.5 years. The average service life underlying the existing approved average remaining life is 25 years. There have been no retirements since the last depreciation study in the past 4 years. In fact, the account has experienced retirements in only 4 years over the 2004-2024 period. The retirement rate for the 2004-2024 period averaged 2.23% as shown in Sch P, row 30, column BO with the most recent five years incurring no retirements. This data makes reliance on industry projections necessary. Other Florida gas utilities project average service lives ranging from 25 years to 40 years, with most at 40 years. FCG personnel recommend a 40-year life for general plant structures. The existing L0 curve indicates more retirements than experienced at age 7.5 years. The proposed S0.5 at age 7.5 years indicates a proportion surviving of 97.852%. The implied retirements of 2.15% is in line with the historical activity.

Account 3960 – Power Operated Equipment

The curve shape underlying the currently prescribed average remaining life is SQ. The January 1, 2025 average age is 6.6 years. The average service life underlying the existing approved average remaining life is 15 years. Historically, 2004-2024, there have been only two years where retirements were booked, 2017 and 2023. The sporadic retirements renders statistical analysis result meaningless. The retirement rate during the period 2021-2024 averaged 3.80% as shown in Sch F-1 Ret Rates, row 36, column P and averaged 2.51% as shown in Sch P, row 32, column BO, during the period 2004-2024. Discussions with FCG personnel indicate the existing 15-year average service life remains appropriate and is typical for these assets. A SQ curve means no retirements until the end of life. A 15-

L2 life-curve at age 6.6 indicates about 94% surviving. While this life-curve implies more retirements than historically incurred, it is more in line with expected retirement activity.

INTERROGATORY NO. 23(a-f)

23. With regard to the following items, please answer (a.) – (f.):

Regarding Account 3801: Services – Plastic, Composite Exhibit PSL-2 (Narrative), page 15 states the following:

"FCG has a program to replace mains and services running through less assessable parts of customer property (e.g., backyards) with mains and services located in more accessible areas."

(a.) In what year did FCG first replace "mains and services running through less assessable parts of customer property (e.g., backyards) with mains and services located in more accessible areas"?

(b.) Please state "yes" or "no" whether it is correct that the majority of the "mains and services running through less assessable parts of customer property (e.g., backyards)" which were replaced were **steel** mains and service lines? If your response is "no," then please provide the corrected statement and the support for the corrected statement.

(c.) Please state "yes" or "no" whether it is correct that when FCG replaced the "mains and services running through less assessable parts of customer prope1iy (e.g., backyards) with mains and services located in more accessible areas" the majority of the "mains and services located in more accessible areas" were **plastic** mains and services? If your response is "no," then please provide the corrected statement and the support for the corrected statement.

(d.) Please state separately for each of the years 2024, 2023, 2022, and 2021 how many **plastic** service lines FCG retired (for any reason)?

INTERROGATORY NO. 23(a-f)

(e.) Please state separately for each of the years 2024, 2023, 2022, and 2021 how many service lines **which were plastic** and **were in "less assessable parts** of customer property (e.g., backyards)" FCG retired and replaced with "services located in more accessible areas"?

(f.) How many **plastic** service lines did FCG have in service at the end of the year 2024?

Company Response:

a. In 2015, FCG first replaced mains and services running through less accessible parts of customer property with those located in more accessible areas. For clarification, the use of the word "assessable" in the testimony was an inadvertent, typographical error.

b. Yes.

c. Yes, but to be clear, the relocated facilities were not constructed of Orange Pipe plastic, which is subject to expedited replacement under the Company's SAFE plan.

d. FCG is unable to provide information with that level of specificity for the 2021 to 2023 period as the Company was not owned by Chesapeake and no historical data was loaded into Chesapeake's PowerPlan system for any period. During the acquisition, FCG loaded assets for ongoing projects as of December 2023. Based on FCG's records, there were 204 plastic services retired in 2024. FCG does have the information utilized for the SAFE docket, which is attached hereto as ROG 23 – SAFE.

e. FCG is unable to provide information with that level of specificity for 2021 to 2023 period as the Company was not owned by Chesapeake and no historical data was loaded into its PowerPlan system for any period. During the acquisition, FCG loaded assets for ongoing projects as of December 2023. Based on the records provided, there were no plastic services retired in 2024. FCG does have the information utilized for the SAFE docket, which is attached hereto as ROG 23 – SAFE.

INTERROGATORY NO. 23(a-f), cont.

f. There were approximately 89,000 plastic service lines at the end of 2024.

"FCG has a program to replace mains and services running through less assessable parts of customer property (e.g., backyards) with mains and services located in more accessible areas."

(a) Please state separately for each of the years 2024, 2023, 2022, and 2021 the average cost to retire a **plastic** service line?

(b) Does FCG (and/or the contractors who retire service lines for FCG) have power digging equipment which can get into a backyard, for a backyard that has a standard width walk gate? If not, why not?

Company Response:

a. FCG is unable to provide information for 2021 to 2023 period as the Company was not owned by Chesapeake until December 2023 and no historical data was loaded into its PowerPlan system for any period prior to that date. The average cost is approximately $62.00 per line in 2024.

Sch Q of Exhibit PSL-2 Revised FCG Depreciation Study Workbook, for Account 3761, Mains Plastic shows a Cost of Removal amount greater than $0 for every year since 2007, except for the year 2024.

(a.) Please state "yes" or "no" whether it is correct that one of the reasons that the Cost of Removal amount shown for the year 2024 is $0, is because there is a lag in the processing and/or recording and/or assigning to a specific account Cost of Removal, and it is reasonable to expect that after everything for the year 2024 is fully processed, the Cost of Removal in Account 3761 incurred during the year 2024 will be a dollar amount greater than $0? If your response is "no," then please provide the corrected statement and provide the support for the corrected statement.

(b.) Please state "yes" or "no" whether it is correct that the Cost of Removal Amount shown for the year 2023 in account 3761 is less than it will be, once everything for the year 2023 is fully processed? If the response is "no", then please provide the corrected statement and provide the support for the corrected statement.

(b) If the response is "no" then explain or reconcile the discrepancy between the Lee Rebuttal and the Everngam Rebuttal.

Company Response:

As explained in Witness Everngam's rebuttal testimony, rates recover an overall "bucket" of dollars that are meant to cover the Company's cost to serve with rates established initially based on a set of margins and expenses including depreciation expense at the time of the rate proceeding. There are no specifically billed line items where customers pay for individual components such as depreciation, property taxes, O&M, etc. Depreciation expense is something that is accrued monthly at a set rate, that accrual is not tied to what customers "under or over" pay through rates. If customers paid only $1 in monthly bills, the entire depreciation amount is booked regardless of whether customers actually paid enough to cover it or not. When a Company is recovering less than its revenue requirement for its cost to serve, as FCG currently is as shown in its recent surveillance reports, revenues aren't necessarily enough cover the expenses accrued and booked. However, depreciation expense accruals are based on approved rates in depreciation studies; and accordingly, based on those rates and the study results, the excess reserve means that depreciation expense has been over accrued based on the results of the study. Depreciation must be corrected over some period of time, and in this case, our recommendation is over two years.

(a) Is it correct that the initial FCG analysis prepared for your petition in this docket calculated a depreciation reserve surplus of approximately $27 million, and the FCG analysis on October 3, 2025 calculated a depreciation reserve surplus of approximately $22 million, and the FCG analysis on November 4, 2025 filing calculated a depreciation reserve surplus of approximately $19 million? If this is not a correct statement, please provide the corrected statement and the support for the corrected statement.

(b) Is it correct that there has been no proceeding in which FCG has responded "to more than 150 interrogatories and production of document requests from Staff and OPC" specifically examining the numbers, entries, allocations, assumptions and other details FCG made in calculating the claim that for the twelve months ended June 30,2025, the Company is under-earning on its cost to serve by over $10.81

FCG's response begins as follows:

A. No, nor is that FCG's request in this proceeding.

Please answer the following:

Since FCG stated that it is not "requesting" a review of its earnings in this case, how can FCG now properly ask the Commission to use the FCG claims regarding earnings as a basis for the relief is requests in this case?

Company Response: [next page]

FPSC EXH NO. 43

INTERROGATORY NO. 28, cont.

The basis for this case is the Depreciation Study that was performed by Witness Lee. The results of Ms. Lee's Study included, among other things, a reserve imbalance, which needed to be addressed. Given the level of the imbalance, the Company initially recommended that correcting the imbalance over two-years would, among other things, have the added benefit of reducing downward pressure on FCG's earnings such that a rate case could potentially be delayed, although further delay is now no longer possible. Both Commission Staff and OPC have, understandably, emphasized the potential earnings benefit the Company from taking this approach, while also arguing that customers have overpaid depreciation expense. The problem with that analysis is that depreciation is only one component of the cost to serve, and the Company's current earnings position suggests that customers may be underpaying the overall cost to serve. Thus, while the Company was not seeking an earnings review, particularly since it will be filing a rate case in the near future, it does believe that the Commission deserves to have a more complete picture. Therefore, in order to provide a fuller context to the Company's responses to Staff and OPCs concerns, discussions on under-earnings and the benefit that customers have and continue to receive from those, has been provided. The Company believes that the depreciation study stands on its own merits but recognizes that the Commission often reviews many factors in the context of deciding a case.

30. Please review the following excerpt from FCG testimony:

On page 11, lines 5-10, of the Lee Rebuttal the following is stated:

> FCG's reconciliation of investments by vintage for 2021-2024 against audited financial statements confirmed minimal discrepancies and demonstrated that its continuous property records are the most reliable and efficient source [swiftest means of obtaining the information] for determining asset distribution as of January 1, 2025, for average age
>
> calculations of surviving investments.

Please answer the following:

(a) Is it a correct statement that as shown on the FCG document "Attachment OPC ROG 3-19 2021-2024 Transaction Periods" [a copy of which is attached to Mr. Dunkel's testimony as Exhibit WWD-5, page 9] that the audited 2021 FCG Annual Report shows the Additions to the Mains-Steel account in the year 2021 were $5,565,780, and that there have been no retirement from the Mains-Steel account 2021 Additions, so the "Net Additions" balance at 1/1/2025 is $5,565,780 Mains-Steel in the year 2021 vintage? If this is not a correct statement, please provide the corrected statement and the support for the corrected statement.

(b) Is it a correct statement that as shown on Amended FCG Schedule J, in the FCG Average Age calculation, FCG used $546,527 as the balance ("Corporation Book Cost Basis") for Mains-Steel in the year 2021 vintage? If this is not a correct

statement, please provide the corrected statement and the support for the corrected statement.

(c) Explain why witness Lee claims that the $5,019,253 Variance between the balance at 1/1/2025 of $5,565,780 Mains-Steel in the year 2021 vintage (as discussed in part (a)), and the $546,527 balance at 1/1/2025 for Mains-Steel in the year 2021 vintage as used in the FCG Average Age calculation (as discussed in part (b)) is one of the "minimal discrepancies" mentioned in her testimony in the cited passage? [Note: FCG calculated the $5,019,253 Variance on "Attachment OPC ROG 3-19 2021-2024 Transaction Periods" [a copy of which is attached to Mr. Dunkel's testimony as Exhibit WWD-5, page 9]].

Company Response:

a) The statement is not correct with regards to the net additions for the 2021 vintage. While the 2021 Annual Report shows total additions to the Mains-Steel account of $5,565,780, the amount attributable to the 2021 vintage was amended to $386,460 in the November 4th filing. The difference between the two amounts arises because the Annual Report groups additions by the year they were recorded, not by the asset's vintage year. Based on the asset listing and reconciliation between the Company's books and the Annual Status Report provided by prior owners for year 2021, there have been no retirements from the 2021 vintage additions, so the Net Additions balance at 1/1/2025 for the 2021 vintage is $386,480. A detailed breakdown by vintage is provided in the attached Response OPC ROG 5-30a, with a reconciliation to both the 2021 Annual Status Report and Study vintage balance

used in the account's average age calculation.

b) The statement is not correct with regards to the net additions for the 2021 vintage. See response to 30a above.

c) The variance is not an actual discrepancy in asset values but results from a difference in reporting methodology. The Annual Report reports additions by the year they were booked (transaction year), while the Average Age calculation allocates those additions to their actual vintage years. Therefore, the $5,565,780 figure includes assets from multiple vintages, not solely 2021. When properly aligned by vintage, the 2021 amount is $386,480. Because this difference is purely a timing issue is why witness Lee refers to it as a "minimal discrepancy." Supporting schedules from OPC ROG 30a show the distribution of 2021 transactions across vintages.

Additions & Retirements Summary Tab

Note:
FPL provided CHPK with FCG's CPR listing of Investments and Retirements as of November 2023. This schedule reconciles the CPR balances to FPL's ASR for years 2021-2023. THe reconciliation was performed at a high level, so to determine the accounts adjusted for this Study, The ASR balance was compared to the CPR balances. The Adjustments are noted as FPL's correcting/reconciling adjustments.

Please also refer to the FCG document "Attachment OPC ROG 3-19 2021-2024 Transaction Periods" [a copy of which is attached to Mr. Dunkel's testimony as Exhibit WWD-5, pages 9 and 10] and answer the following:

(a) Is it correct that on this document FCG shows the Variance exceeds + or – (plus or minus)15% in 12 of the 17 accounts in the vintage year 2021, and in the vintage year 2022, the Variance exceeds + or - 15% in 8 of the 17 accounts, and in the vintage year 2023, the Variance exceeds + or - 15% in 11 of the 17 accounts, and in the vintage year 2024, the Variance exceeds + or - 15% in 6 of the 17 accounts? If this is not a correct statement, please provide the corrected statement(s) and the support for the corrected statement(s).

(b) Is it correct that the same FCG document referenced in part (a) shows that the Variance exceeds + or - 50% in 8 of the 17 accounts in the vintage year 2021? If this is not a correct statement, please provide the corrected statement and the support for the corrected statement.

Company Response:

a) The statement is **not correct.** A corrected statement would be:

*"...that on this document FCG **identified** that the variance between net additions reported on the Annual Status Reports and the vintage balance at 1/1/2025 meets or exceeds ±15% in 12 of the 17 accounts in the vintage year 2021, in 8 of the 17 accounts in the vintage year 2022, in 11 of the 17 accounts in the vintage year 2023, and in 6 of the 17 accounts in the vintage year 2024. However, these variances are primarily due to timing differences, not actual discrepancies in asset values. Only three instances of vintage discrepancies and one instance of asset misclassification were found."(emphasis added)*

The referenced schedules do not confirm that the variances exceed ±15% for the number of accounts stated. Instead, the schedules simply identify accounts where the variance between net additions reported on the Annual Status Reports and the vintage balance at 1/1/2025 meets or exceeds ±15%. The reconciliations provided in Responses OPC ROG 3-17 through OPC ROG 3-18 show that all accounts reflect timing differences, with only **three instances of vintage discrepancies** and **one instance of investment misclassification.**

b) The statement is **not correct.** A corrected statement would be:

*"...that the same FCG document referenced in part (a) **identifies** the Variance exceeds + or - 50% in 8 of the 17 accounts in the vintage year 2021. However, these variances are primarily due to timing differences, not actual discrepancies in asset values." (emphasis added)*

On page 13, lines 4-9, of the Lee Rebuttal the following is stated:

> Assume a project costing $5 million is placed into service in October 2024 with an expected service life of 40 years. In June 2025, after the project closed out, the Company receives a contractor's final invoice totaling $100,000 for construction work performed before the project was placed in-service. That $100,000 in late charges is
>
> added to the original costs of the asset and references that same in-service date of October 2024 as the original entry.

Please answer the following:

In the FCG contracts with construction contractors what is the time period (for example: 30 days, 60 days, 90 days etc.) the contract most commonly states that the contractor must bill within for the work the contractor did?

Company Response:

Under CUC's policies and procedures, which have been in place since December 2023 for contracts dated after the acquisition of FCG, Construction Master Service Agreements (MSAs) typically require contractors to submit invoices on a monthly basis. Section 5.1 of the MSA states:

"Contractor shall furnish Company with one or more invoice(s) for payments due under the terms hereof. Unless otherwise specified in the applicable SOW [Scope of Work], such invoice(s) shall be submitted by Contractor on a monthly basis."

FPSC EXH NO. 43
Docket No. 20250035-GU

CUC does not have historical justification documents for FCG projects prior to the acquisition and therefore cannot provide the typical billing timelines for work completed before December 1, 2023. Additionally, certain projects, such as the SAFE project, may be placed into service before assets are retired and removed. In these cases, new pipes must be operational before old pipes can be taken out to ensure continuity of service and avoid customer disruptions.

Furthermore, delayed invoices may occur when counterparties involved in a project are not governed by a MSA. For example, in interconnection projects with other utilities, invoice timing may depend on the completion and settlement of their financials, which CUC cannot control.

FCG provided these updates to ensure all stakeholders have the most complete and accurate data available. Rejecting the study at this stage would be a draconian measure inconsistent with the Commission's historical approach to depreciation studies.

(a) Is it correct that when the OPC "extensively reviewed" the FCG filing, the OPC found "huge" inconsistencies between the numbers FCG used in the FCG depreciation study it filed in this case and FCG's Annual Reports (Dunkle Direct pages 18-23).

(b) Is it correct he most recent Staff filing says the following:

> **Is statistical analysis required for life and salvage determinations under the Commission's Rule 25-7.045, F.A.C.?**

Witness Lee answers "No."

On page 18, lines 12-16, of the Lee Rebuttal the following is stated:

> In normal circumstances, conducting the same statistical analysis year after year is not productive for determining useful life indications. In contrast, reviewing average **retirement rates**, as I did, will show if - and when - there is any change in the retirement pattern that warrants further investigation as to cause, and possibly the need to conduct a new life analysis. (Emphasis added).

The Commission's Rule 25-7.045 F.A.C includes the following:

(5) A depreciation study shall include:

…

(g) All calculations, analysis and numerical basic data used in the design of the depreciation rate for each category of depreciable plant. Numerical data shall include plant activity (gross additions, adjustments, retirements, and plant balance at end of year) as well as reserve activity (retirements, accruals for depreciation expense, salvage, cost of removal, adjustments, transfers and reclassifications and reserve balance at end of year) for each year of activity from the

date of the last submitted study to the date of the present study. **When available, retirement data shall be aged.** (Emphasis added.)

Please answer the following:

(a) Is it correct that from page 314 of *Public Utility Depreciation Practices* (August 1996) as Published by NARUC, that:

"Aged Data" is defined as follows:

Aged Data

A collection of property data for which the dates of placements, retirements, transfers, and other actions are known.

If this is not a correct statement, please provide the corrected statement and the support for the corrected statement.

(b) Page 16, line 9 of the Amended Lee Direct states that the Company had Aged retirement data. On Amended Schedule F-1, the FCG Retirement Rate Calculations, for Account 3801- Service Plastic, the retirement amount of $524,356 for the year 2024 is used in this FCG life calculation. Is it correct that since FCG had aged data, it knew the various ages at retirement of the investments which retired in 2024, but this data showing the ages at retirement was not used in this FCG life analysis? If this is not a correct statement, please provide the corrected statement and the support for the corrected statement.

(c) Is it correct that a statistical analysis, which includes an analysis of the age of the retirements, provides a more detail of the observed historic life and dispersion (curve shape) than does calculating Retirement Rates (which do not include an

analysis of the observed age at retirement)? If this is not a correct statement, please provide the corrected statement and the support for the corrected statement.

Company Response:

(a) Admit that page 314 of Public Utility Depreciation Practices (August 1996) as Published by NARUC, defines aged data. As discussed in my rebuttal testimony, page 15, NARUC also notes that historical life analysis may be used rather than must be used to indicate future life estimates. Additionally, NARUC acknowledges that statistical analysis is one tool in a tool box of information such as discussions with Company experts. Moreover, a company like FCG with data for a short period of time (19 years) makes judgment more critical to consider in projecting the future life and salvage estimates.

(b) Correct.

(c) Statistical analysis provides a historic observed life and curve shapes, but not future life projections. See also response to (a).

On page 21, lines 13-16 of the Lee Rebuttal the following is stated:

> It appears that Witness Dunkel misunderstands how FCG has made its calculations in Schedule F-1. FCG' s calculation takes the retirements during the year divided by the exposures (plant in service at the end of the years plus the retirements during the year). Exposures equate to the plant exposed to retirement during the year.

On page 33 of the Dunkel Direct Mr. Dunkel states the following:

> On Schedule F-l, for Account 3761, Mains-Plastic, FCG calculates what is called the Retirement Rate by dividing the Original Cost of the items that retired in the year 2024, by the Original Cost of the Plant in Service at the end of 2024. In the numerator, the units which retired in 2024 tend to be at the end of their lives, and their Original Costs amounts were recorded decades ago, on average. The denominator of the FCG calculation is the original cost of the plant in service at the end of the year 2024. The majority of the dollar amounts in this plant in service in the denominator were recorded in more recent years.

Please answer the following:

(a) Is it correct that on FCG Amended Schedule F1, FCG calculated the Retirement Rate for the year 2024 for Account 3761, Mains-Plastic by dividing $218,819 in the numerator by $237,376,057 in the dominator? If this is not a correct statement, please provide the corrected statement and the support for the corrected statement.

(d) Is it correct that of the $237,376,057 FCG used in the dominator, the majority, $118,970,043, are original cost amounts which was recorded in the years 2018 through 2024, (as calculated from the Account 3761 numbers on FCG Schedule J Amended)? If this is not a correct statement, please provide the corrected statement and the support for the corrected statement.

(e) Is Mr. Dunkel's statement that: "[t]he majority of the dollar amounts in this plant in service in the denominator were recorded in more recent years" (as compared to the total of the original costs in the numerator), a correct statement? Company Response:

a) This statement is not correct. The denominator used in FCG's calculation is $237,594,876, not $237,376,057. The retirement rate is calculated by dividing retirements during the year by the exposures, which consist of plant in service at the end of the years plus the retirements during the year.

Page 41, lines 8-16 of the Dunkel Direct testimony states the following:

> For Florida gas customers other than FCG, 82 percent of those Florida gas utilities' customers are served by Peoples Gas which has an approved (75) % net salvage for Service-Plastic. FCGs proposal to move from (68) % to a (40) % net salvage is moving away from (75) % net salvage that currently applies to 82 percent of the other Florida gas utilities customers. When we also include all of other smaller Florida gas utilities, the average approved net salvage for Florida gas customers, other than FCG, is (67) %. Company Response:

Witness Everngam agrees that the investors properly should receive a rate of return on the investment provided by the investors.

Regarding this question's statement "…. investment which has already been recovered through the depreciation rates", depreciation expense is not recovered through depreciation rates, it is recovered in revenues from base rates, these are two different items.

Approved depreciation rates are used to update the Company's depreciable reserve and plant balance on the books; however, witness Everngam notes that just because there is an approved depreciation rate by which the Company updates its depreciation balances on a monthly basis, that does not necessarily mean that that depreciation expense was recovered from customers. 41. Refer to the Rebuttal testimony of Patricia Lee at pages 32-33. Please identify each order of the Florida Public Service Commission authorizing a theoretical reserve surplus to be amortized to income over a period of two years or less.

Company Response:

While FCG is not aware of a case in which the Commission allowed amortization of a reserve surplus, specifically, over two years or less, in Order No. PSC-2010-0153-FOF-EI, issued March 17, 2010, the Commission did allow FPL to amortize a reserve surplus of $894.6 million over a period of four years, consistent with OPC's recommendation in that case. In addition, although pertaining to a deficit, FCG is aware that in Docket No. 19840052-TL, the Commission directed St. Joe Telephone to amortize $520,002 of a total reserve deficit of $1,156,215 over one year.

FCG would like to clarify that it is proposing to correct the reserve imbalance by applying the reserve surplus as a credit to depreciation expense by way of an amortization expense over two years, rather than sending it directly to income as the question infers. Orders approving amortization of reserve imbalances over a period shorter than the remaining life have been provided as Exhibit PSL-6.

42. Refer to the Rebuttal testimony of Patricia Lee at pages 32-33. Please identify each order of the Florida Public Service Commission authorizing a theoretical reserve surplus to be amortized to income over a period of two years or less in a case that is not related to or part of a general base rate case, a limited proceeding to change rates, or in resolving an under- or over-earnings condition of the utility.

Company Response:

The Company references Docket No. 19840052-TL, in which the Commission directed St. Joe Telephone to amortize, or "write off" a portion of a total reserve deficit of $1,156,215 in just one year, stating:

> . . . a one-year write-off period for the $529,002 is appropriate. Based on an analysis of the Company's projected 1984 earnings submitted in Docket No. 820531- TP, it appears that the Company will be able to absorb this additional expense and still earn at least its maximum 16% return on equity.

Order No. 13918, at page 3.

Similarly, although not quite as short a time frame, in Docket No. 19830577-TP, the Commission directed Gulf Telephone to amortize $43,533 of total reserve surplus of $115,874 over a period of five years.

In somewhat similar cases involving reserve deficits, in Docket No. 19820449-TP, which addressed a BellSouth depreciation study, the Commission directed BellSouth to amortize $123 million of a reserve deficit over 5 years. Similarly, in Docket No. 19820545-TL, which addressed a Centel depreciation study, the Commission directed Centel to amortize $9.1 million of a reserve

deficit over 5 years. Likewise, in Docket No. 19830370-TL, which addressed a United Telephone depreciation study, the Commission directed United to amortize $32,435,000 of a reserve deficit over 5 years. The Commission took the same approach with North Florida Telephone Company in Docket No. 19820477-TL, where it directed North Florida Tel. to amortize $3,721,295 of a net reserve deficit of $4,329,297 over a period of five years. Likewise, Indiantown was directed to amortize $21,985 of a total reserve deficit of $126,460 over a period of five years in Docket No. 19830268-TP. REQUESTS FOR PRODUCTION

1. Variance Reports. Please provide, for the years 2023, 2024, 2025 (year-to-date) all documents containing the variance reports, by month, showing actual costs incurred compared to budget cost for the same function. These reports should include all details utilized by you in managing the operations of FCG, including, but not limited to, variance explanations and descriptions of and remedial action to be taken or impacts on the business' reported results, including but not limited to, return on equity or investment or earnings per share or charges or credits to the accumulated depreciation. This request includes all variance reports produced in the normal course of business for all entities within FCG and external to FCG who charge costs to FCG if such external entity costs are recovered or projected to be recovered from FCG's retail customers. The requested variance reports should include the same level of detail required to manage your business at each level of reporting within the management hierarchy, up to and including Chesapeake Corporation.

Company Response:

FCG objects to this request to the extent that it appears to be beyond the scope of this proceeding and unlikely to lead to the discovery of admissible evidence in this proceeding, which is focused upon a new depreciation study and amortization request. Without waiving this objection, FCG offers Schedule "B," (Confidential) which reflects available variance reports.

2. Synergies. Provide the documents containing all reports, memos, and presentations containing, discussing, describing, and analyzing the synergies identified by you as a part of your due diligence prior to the acquisition of FCG from FPL/NextEra.

Company Response:

FCG objects to the request to the extent such documents contain or may contain information and positions shared between parties in the context of a confidential negotiation. FCG further objects because this request far exceeds the scope of this proceeding. The documentation is unlikely to lead to the discovery of admissible evidence regarding FCG's depreciation study and requested amortization of the reserve imbalance.

3. Synergies. Provide the documents containing all reports, memos, and presentations containing, discussing, describing, and analyzing the synergies identified by you as a part of your due diligence since the acquisition of FCG from FPL/NextEra.

Company Response:

FCG objects to the request to the extent such documents contain or may contain information and positions shared between parties in the context of a confidential negotiation. FCG further objects because this request far exceeds the scope of this proceeding. The documentation is unlikely to lead to the discovery of admissible evidence regarding FCG's depreciation study and requested amortization of the reserve imbalance.

4. Synergies. Provide the documents containing all reports, memos, and presentations containing, discussing, describing, and analyzing the different synergies achievable based on scenarios considered by you, including but not limited to, involving ultimately operating FCG as a standalone gas company, operating FCG as an integrated local distribution company (LDC) on a Florida consolidated basis with Florida Public Utilities Company as noted on page 114 on Order No. PSC-2023-0103-GU, or some other scenario that would affect realization of synergies associated with the acquisition of FCG.

Company Response:

FCG objects to the request to the extent such documents contain or may contain information and positions shared between parties in the context of a confidential negotiation. FCG further objects because this request far exceeds the scope of this proceeding. The documentation is unlikely to lead to the discovery of admissible evidence regarding FCG's depreciation study and requested amortization of the reserve imbalance. In addition, the reference to the Order pertains to consolidation of Chesapeake's existing Florida LDC companies and predates Chesapeake's acquisition of FCG; as such, the intent and information sought is unclear.

5. **RSAM. Please provide all documents identified in FCG's response to OPC's First Set of Interrogatories, No 2(b).**

REQUEST FOR PRODUCTION OF DOCUMENTS

14. On page 13, lines 4-9 of the Lee Rebuttal, the following is stated:

Assume a project costing $5 million is placed into service in October 2024, with an expected service life of 40 years. In June 2025, after the project closed out, the Company receives a contractor's final invoice totaling $100,000 for construction work performed before the project was placed in-service. That $100,000 in late charges in added to the original costs of the asset and references that same in-service date of October 2024, as the original entry.

FCG Amended Schedule G shows that in the year 2024, there were $1,891,849 in Additions in Account 3762. For the contract which was the largest dollar amount in this $1,891,849, provide copies of the pages of the contract which specify the time period within which the contractor must bill for the contractor's work (for example: 30 days, 60 days, 90 days, etc.).

Company Response: FCG objects to this request as seeking information well beyond the scope of this proceeding and not designed to lead to the discovery of information that would be admissible at hearing.

The largest contributor to steel mains additions in 2024 was the Department of Transportation (DOT) relocation project, totaling approximately $876,000. The project began under FPL's ownership and was placed into service after CUC's acquisition. See Response OPC POD 14 for the contract excerpt specifying the time period within which the last bill must be submitted, 180 days.

☒ Actual and related indirect costs accumulated in accordance with a work order accounting procedure prescribed by the applicable Federal or State regulatory body.

☐ Actual and related indirect costs accumulated in accordance with an established accounting procedure developed by the **UAO** and approved by the **FDOT's**. (If this option is selected, the **UAO** shall provide written evidence of such approval).

☐ An agreed lump sum as supported by a detailed analysis of estimated costs prepared prior to the execution of this Agreement.

c. In determining the amount of the cost of the Utility Work to be reimbursed, a credit will be required for any increase in the value of the new Facility and for any salvage derived from the old Facility. These credits shall be determined as follows:

(1) Increase in value credit.

(a) Expired Service Life. If an entirely new Facility is constructed and the old Facility retired, credit for the normally-expected service life of the old Facility applies, and will be determined as of the time of the issuance of the work order. This credit shall be deducted proportionally from each invoice for the Utility Work.

(b) Upgrading. A percentage of the total cost of the Utility Work, based on the extent of the betterment obtained from the new Facilities, to be determined as of the time of the issuance of the work order, will be applied equally to each billing for the Utility Work.

(2) Salvage Value. The **FDOT** shall receive salvage value credit for any salvage which shall accrue to the **UAO** as a result of the above Utility Work. REQUESTS FOR ADMISSIONS

1. Please review the following excerpts from FCG testimony:

   On page 29, lines 12-15, of the Rebuttal Testimony of Patricia Lee ("Lee Rebuttal"), the following is stated:

   FCG's proposal reduces depreciation expense by approximately $11 million per year for two years. This reduction flows through cost of service, benefiting customers.

   On page 27, lines 1-2, of the Lee Rebuttal, the following is stated:

   Fourth, a reserve imbalance does not benefit either shareholders or customers. It is not an account or pot of money from which shareholders can make withdrawals.

   Please answer the following requests for admission:

   (a) Admit or deny that the FCG filing in this docket does not propose any change in the prices/tariffs to be charged to ratepayers during the year 2025.

(e) Admit or deny that, if your proposal is granted, then pursuant to the"2 Yr Reserve Surplus Amortization," the depreciation expense in 2025 will be $9.6 million less than it otherwise would be, and with the end user retail customer prices/tariffs/revenues being unchanged (all other things being equal), the FCG earnings in 2025 would be $9.6 million higher (prior to any tax effect)?

Company Response:

Admit.

Request 2(a)

2. Please review the following excerpt from FCG testimony:

On page 8, lines 4-7, of the Lee Rebuttal the following is stated:

In states where depreciation studies are only required in conjunction with rate cases, depreciation rates may go unreviewed or revised for more than 10 years, depending on when a company chooses to request a rate increase.

Please answer the following requests for admission:

(a) Admit or deny that since Rule 25-7.045(4)(a), F.A.C., requires regulated gas utilities to file a depreciation study "...at least once every five years from the submission date of the previous study...", and page 1 of the FCG Amended 2025 Depreciation Study Narrative says that the most recent prior depreciation study was filed on May 31, 2022, that as of the time for filed the petition in this case, a new depreciation study was not and is not now due and will not be due until May 31, 2027.

Company Response:

Admit . However, the rule says "at least" meaning that a company is not prohibited from filing a depreciation study earlier.

Request 2(b)

(b) Admit or deny that after a lead-in, the Staff's Third Set of Interrogatories, Interrogatory No. 52 asked the following:

If the requested 2-year amortization of FCG's calculated reserve surplus is approved, does the Company have an estimation of when FCG will file its next base rate case?

And the complete FCG response is as follows:

Company Response:

The Company anticipates the need to file its next base rate case within the next year.

Company Response:

Admit.

Request 3

3. Please review the following excerpt from FCG testimony:

On page 30, line 22, through page 31, line 1, of the Lee Rebuttal it is stated that:

Whether rates must be adjusted in the future depends on a number of factors, including actual service life experience, reserve adequacy, and Commission review in subsequent depreciation studies.

Please answer the following request for admission:

Admit or deny that in the calculation of a remaining life depreciation rate, with all values the same other than the amount of depreciation reserve, that using a lower amount of depreciation reserve will result in the calculation of a higher depreciation rate, than will be calculated using a higher amount of depreciation reserve. If the response is "deny" provide the support for that response.

Company Response:

Admit.

Request 4(a)

4. Please review the following excerpts from FCG testimony:

On page 8, lines 12-16, of the Rebuttal of witness Everngam, it is stated that:

Q. At pages 8-11 of his direct testimony, Mr. Dunkel asserts that ratepayers are harmed by removing the $22.3 million imbalance from the depreciation reserve because the depreciation reserve is a deduction to net rate base amount. Do you agree?

A. No.

Please also refer to page 76 of Order No. PSC-2023-0177-FOF-GU in the prior FCG case, Docket No. 20220069-GU, a copy of which is attached, and please answer the following request for admission:

Admit or deny that in the prior FCG case, Docket No. 20220069-GU, Accumulated Provision for Depreciation ("ACCUM. DEPR") (also known as the Deprecation Reserve) is one of the "DEDUCTIONS" in the calculation of the "TOTAL RATE BASE." If the response is "deny" then provide the corrected statement and the support for the corrected statement.

Company Response:

FCG objects to this request to the extent it seeks information not likely to lead to the discovery of admissible information. Notwithstanding, the Company responses as follows: Admit.

Request 5

5. Please review the following excerpts from FCG testimony:

On page 9, lines 5-7, of the Rebuttal testimony of witness Everngam it is stated that:

…the only question is the length of the amortization period that will be approved by the Commission. (Emphasis added).

Please answer the following requests for admission:

Admit or deny that another issue in this case is that under the FCG proposal the reserve surplus would go to the owners, whereas the OPC points out the reserve surplus should be used for the benefit of the ratepayers, as discussed on pages 6-7 of the Dunkel Direct Testimony. If the response is "deny" then provide the corrected statement and the support for the corrected statement.

Company Response:

Admit to the extent that it is accurate that one of the benefits of amortization over two years would be a resulting increase in earnings. To the extent that the request provides that the surplus will "go to the owners," FCG denies the statement in that the amount in the reserve will not be withdrawn and distributed to shareholders.

In the event of conflict or inconsistency, this Agreement shall prevail over any Exhibit or Schedule.

(b) Time Periods. When calculating the period of time before which, within which, following or after which any act is to be done or step taken pursuant to this Agreement, the date that is the reference date in calculating such period will be excluded. The words "herein," "hereinafter," "hereof," and "hereunder" and words of similar import refer to this Agreement (including the Exhibits and Schedules to this Agreement) as a whole and not merely to a subdivision in which such words appear unless the context otherwise requires. The word "including" or any variation thereof means "including, without limitation" and does not limit any general statement that it follows to the specific or similar items or matters immediately following it. The words "to the extent" when used in reference to a liability or other matter, means that the liability or other matter referred to is included in part or excluded in part, with the portion included or excluded determined based on the portion of such liability or other matter exclusively related to the subject or period. Unless the context dictates otherwise, "or" shall be interpreted to mean "and/or". A reference to any Party or

The phrase "ordinary course of business" or "ordinary course" refers to the ordinary course of business consistent with past practice of the Business and not of Seller and its Affiliates generally. References to "$" shall mean U.S. dollars and references to "written" or "in writing" include in electronic form. Any reference to "days" shall mean calendar days unless Business Days are expressly specified.

(e) Headings. (a) Not less than five (5) Business Days prior to the anticipated Closing Date, Seller shall provide Purchaser with a statement prepared in good faith with a written estimate of each of (i) Working Capital, (ii) Indebtedness of the Company and (iii) the RSAM Shortfall, in each case, as of the Closing (the "Estimated Closing Statement"), which shall be accompanied by a notice that sets forth (A) Seller's determination of the Closing Payment Adjustments and the Purchase Price after giving effect to the Closing Payment Adjustments, together with reasonably detailed supporting information and calculations and (B) the account or accounts to which Purchaser shall transfer the Purchase Price pursuant to Section 2.3. For the avoidance of doubt, the estimate of the Indebtedness of the Company as of the Closing set forth on the Estimated Closing Statement shall give effect to the repayment, settlement or cancellation of Intercompany Debt pursuant to Section 5.8, which repayment shall have been completed at or prior to the Closing.

(b) The Estimated Closing Statement shall be prepared in accordance with the Accounting Principles set forth as item 2 on Schedule I hereto (the "Accounting Principles") and in accordance with GAAP, in each case, applied consistently with their application in connection with the preparation of the Business Financial Statements. It is understood and agreed that (i) the Accounting Principles set forth the amount of the Target Working Capital and (ii) each of the Estimated Working Capital Adjustment Amount and the Final Working Capital Adjustment Amount will be calculated based on the Working Capital amounts set forth in the Estimated Closing Statement and Final Closing Statement, respectively, each of which shall be prepared in accordance with the Accounting Principles and the Sample Working Capital Statement.

(c) From and after the delivery of the Estimated Closing Statement until the Closing Date, Seller shall, and shall cause the Company to, provide Purchaser and its Representatives with reasonable access during normal business hours upon reasonable advance written notice, in such a manner as not to unreasonably interfere with the normal operations of the Business, to the relevant financial books, records and work papers of the Company relating to the Business, and Seller shall, and shall cause its Affiliates (including the Company) and its and their respective employees, accountants and other Representatives to, cooperate with and assist Purchaser and its Representatives in connection with Purchaser's review of the Estimated Closing Statement, including by making available accounting and financial personnel in order to respond to the inquiries of Purchaser and its Representatives to the extent reasonably requested in connection with such review; provided that the accountants of Seller and its Affiliates shall not be obliged to make any books, records, work papers or personnel available to Purchaser and its Affiliates except in accordance with such accountant's normal disclosure procedures and then only after Purchaser or its Affiliate, as applicable, has signed a customary agreement relating to such access to books, records, work papers and personnel. Seller shall consider in good faith any comments on the Estimated Closing Statement submitted by Purchaser or its Representatives.

2.5 Initial Closing Statement.

(a) Within 60 days after the Closing Date, Purchaser shall prepare in good faith and deliver to Seller statements of (i) Working Capital, (ii) Indebtedness of the Company and (iii) the RSAM Shortfall, in each case as of the Closing (collectively, the "Initial Closing Statement"). The Initial Closing Statement shall be prepared in accordance with the Accounting Principles and in accordance with GAAP, in each case applied consistently with their application in connection with the preparation of the Business Financial Statements, as modified by the Accounting Principles.

(b) Following the date on which the Initial Closing Statement is delivered through the date that the Final Closing Statement becomes final and binding, Seller and its Representatives shall be permitted reasonable access during normal business hours upon reasonable advance written notice, in such a manner as not to unreasonably interfere with the normal operations of the Business, to the relevant financial books, records and work papers of the Company relating to the Business, and Purchaser shall, and shall cause its Affiliates (including the Company) and its and their respective employees, accountants and other Representatives to, cooperate with and assist Seller and its Representatives in connection with Seller's review of the Initial Closing Statement, including by making available accounting and financial personnel in order to respond to the inquiries of the Seller and its Representatives to the extent reasonably requested in connection with the review and objection right contemplated in Section 2.6; provided that the accountants of Purchaser and its Affiliates shall not be obliged to make any books, records, work papers or personnel available to Seller and its Affiliates except in accordance with such accountant's normal disclosure procedures and then only after Seller or its Affiliate, as applicable, has signed a customary agreement relating to such access to books, records, work papers and personnel.

(c) Purchaser agrees that, following the Closing through the date that the Final Closing Statement becomes final and binding, it will not take or permit to be taken any actions with respect to any accounting books, records, policies or procedures on which the Business Financial Statements or the Initial Closing Statement is based, or on which the Final Closing Statement is to be based, that would impede or delay the determination of the amount of Working Capital, Indebtedness of the Company or the RSAM Shortfall, in each case, as of the Closing or the preparation of any Notice of Disagreement or the Final Closing Statement in the manner and utilizing the methods provided by this Agreement.

2.6 Reconciliation of Initial Closing Statement.

(a) Seller shall notify Purchaser in writing no later than 30 days after Seller's receipt of the Initial Closing Statement if Seller disagrees with the Initial Closing Statement, which notice shall describe in reasonable detail the basis for such disagreement (the "Notice of Disagreement"). If no Notice of Disagreement is delivered to Purchaser by such time, then the Initial Closing Statement shall become final and binding upon the Parties in accordance with Section 2.6(c). If a Notice of Disagreement is delivered during such period, only those matters specified in such Notice of Disagreement shall be deemed to be in dispute and each other component of the Initial Closing Statement that is not the subject of a timely delivered Notice of Disagreement by the Seller shall be final and binding on the Parties.

(b) During the 30 days immediately following the delivery of a Notice of Disagreement (the "Resolution Period"), Seller and Purchaser shall use their commercially reasonable efforts to resolve any differences that they may have with respect to the matters specified in the Notice of Disagreement.

(c) If, at the end of the Resolution Period, Seller and Purchaser have been unable to resolve any differences that they may have with respect to the matters specified in the Notice of Disagreement, Seller and Purchaser shall within fifteen (15) days following the expiration of the Resolution Period engage PricewaterhouseCoopers LLP or such other independent valuation or other firm of international reputation with expertise and an active practice area focused on purchase price dispute resolution in connection with mergers and acquisitions reasonably acceptable to the Sellers and the Purchaser (the "Independent Accounting Firm") and submit all matters that remain in dispute with respect to the Notice of Disagreement to the Independent Accounting Firm. Seller and the Purchaser shall, within such fifteen (15)-day period, enter into a customary engagement letter with the Independent Accounting Firm, and to the extent necessary, each Party shall waive and cause its Affiliates to waive any then-existing conflicts with the Independent Accounting Firm to facilitate its engagement as contemplated in this Section 2.6. Within 30 days after submission of such matters to the Independent Accounting Firm, the Independent Accounting Firm shall make a final binding determination, in accordance with the Accounting Principles and the terms and definitions of this Agreement and based solely on the written submissions of the Parties, of the appropriate amount of each of the matters that remain in dispute as indicated in the Notice of Disagreement that Seller and Purchaser have submitted to the Independent Accounting Firm. With respect to each disputed matter, such determination, if not in accordance with the position of either Seller or Purchaser, shall not be in excess of the higher, or less than the lower, of the amounts advocated by Seller in the Notice of Disagreement or by Purchaser in the Initial Closing Statement with respect to such disputed matter. The Independent Accounting Firm shall not review or make any determination with respect to any matter other than the matters that remain in dispute as indicated in the Notice of Disagreement. The resolution by the Independent Accounting Firm of the disputed matters, absent fraud, intentional misconduct or manifest error, shall be final and binding upon the Parties. The statements of (i) Working Capital, (ii) Indebtedness of the Company and (iii) the RSAM Shortfall as of the Closing Date that are final and binding on the Parties, as determined either through agreement of the Parties pursuant to Section 2.6(a) or Section 2.6(b) or through the action of the Independent Accounting Firm pursuant to this Section 2.6(c), are referred to as the "Final Closing Statement."

(d) All fees and expenses relating to the work, if any, to be performed by the Independent Accounting Firm shall be borne equally by Seller, on the one hand, and Purchaser, on the other hand. During the review by the Independent Accounting Firm, each of Purchaser and Seller shall, and shall cause its respective Affiliates (including, in the case of Purchaser, the Company) and its and their respective employees, accountants and other Representatives to each make available to the Independent Accounting Firm (with copies to the other Party) such information, books and records and work papers, as may be reasonably requested by the Independent Accounting Firm to fulfill its obligations under Section 2.6(c); provided, that the accountants of Seller or Purchaser shall not be obliged to make any work papers available to the Independent Accounting Firm except in accordance with such accountants' normal disclosure procedures and then only after such Independent Accounting Firm has signed a customary agreement relating to such access to work papers. In acting under this Agreement, the Independent

Accounting Firm shall act as an expert and not an arbitrator. No Party, nor any Representative of any Party, shall be permitted to engage in any *ex parte* communications (whether written or oral) with the Independent Accounting Firm in respect of this Agreement or the matters contemplated herein.

(e) The process set forth in Section 2.5 and this Section 2.6 shall be the sole and exclusive remedy of any of the Parties and their respective Affiliates for any disputes related to the Closing Payment Adjustments, the Post-Closing Adjustment and the calculations and amounts on which they are based or set forth in the related statements and notices delivered in connection therewith. For the avoidance of doubt, the calculations to be made pursuant to Section 2.5 and this Section 2.6 and the Closing Payment Adjustments and Post-Closing Adjustment are not intended to be used to adjust for errors or omissions that may be found with respect to the Business Financial Statements or any inconsistencies between the Business Financial Statements or the Accounting Principles, on the one hand, and GAAP, on the other hand. After the determination of the Final Closing Statement, none of the Parties shall have the right to make any claim based upon the preparation of the Final Closing Statement or the calculation of Working Capital, Indebtedness as of the Closing and the RSAM Shortfall (even if subsequent events or subsequently discovered facts would have affected the determination of the Final Closing Statement or the calculations of Working Capital, Indebtedness or the RSAM Shortfall had such subsequent events or subsequently discovered facts been known at the time of the determination of the Final Closing Statement).

2.7 Post-Closing Adjustment. The "Post-Closing Adjustment" shall be equal to (a) (i) the Final Working Capital Adjustment Amount *minus* (ii) the Estimated Working Capital Adjustment Amount *minus* (b) (i) the amount of Indebtedness of the Company set forth in the Final Closing Statement *minus* (ii) the amount of Indebtedness of the Company set forth in the Estimated Closing Statement *minus* (c) (i) the amount of the RSAM Shortfall set forth in the Final Closing Statement *minus* (ii) the amount of the RSAM Shortfall set forth in the Estimated Closing Statement. If the Post-Closing Adjustment is a positive amount, then Purchaser shall pay in cash to Seller (or one or more Affiliates designated by Seller) the amount of the Post-Closing Adjustment. If the Post-Closing Adjustment is a negative amount, then Seller (or an Affiliate designated by Seller) shall pay in cash to Purchaser the absolute value of the amount of the Post-Closing Adjustment. Any such payment pursuant to this Section 2.7 shall be made within ten (10) Business Days after the determination of the Final Closing Statement by wire transfer of immediately available funds.

2.8 Withholding. Purchaser shall be entitled to deduct and withhold from any payment made pursuant to this Agreement such amounts as are required to be deducted and withheld with respect to such payment under the Code, or any other provision of applicable Law; provided, that prior to making any such deduction or withholding, Purchaser shall provide written notice to Seller of its intent to deduct and withhold amounts from such payments, which notice shall include the basis for the proposed deduction or withholding, no less than ten (10) Business Days prior to the Closing or, if later, as soon as reasonably practicable and shall reasonably cooperate with Seller to establish an applicable exemption from such deduction or withholding, if available. To the extent that any amounts are so deducted or withheld, such deducted or withheld amounts (i) will be remitted by Purchaser to the applicable taxing authority and (ii) will be treated for all purposes of this Agreement as having been paid to the Person in respect of which such deduction or withholding was made.

Purchaser hereby represents and warrants to Seller as follows:

4.1 Organization and Qualification. Purchaser is an entity duly organized, validly existing and in good standing under the Laws of the jurisdiction of its organization and Purchaser has all requisite power and authority to own, operate or lease the properties and assets now owned, operated or leased by it and to carry on its businesses as now being conducted and is qualified to own, operate or lease the properties and assets now owned, operated or leased by it and to do business and is in good standing as a legal entity in each jurisdiction where the conduct of its business or the ownership, operation or lease of properties and assets requires such qualification, except, in each case, for any such failures that would not reasonably be expected to have, individually or in the aggregate, a Purchaser Material Adverse Effect.

4.2 Authority Relative to This Agreement. Purchaser has all necessary power and authority to execute, deliver and perform this Agreement and the Transition Services Agreement and to carry out its obligations under and consummate the transactions contemplated by this Agreement and the Transition Services Agreement in accordance with the terms hereof and thereof. The execution, delivery and performance of this Agreement by Purchaser and the Transition Services Agreement by Purchaser or its applicable Affiliate party thereto, and the consummation of the transactions contemplated hereby and thereby, have been duly and validly authorized by all necessary action on the part of Purchaser or such Affiliate, and no other proceedings on the part of Purchaser or any of its Affiliates are necessary to authorize the execution, delivery and performance, as applicable, of this Agreement. This Agreement has been duly and validly executed and delivered by Purchaser, and, assuming the due authorization, execution and delivery of this Agreement by Seller, constitutes, and the Transition Services Agreement when executed and delivered by Purchaser and/or its applicable Affiliate party thereto, and, assuming the due authorization, execution and delivery of the Transition Services Agreement by the applicable member of the Seller Group, will constitute, a valid, legal and binding agreement of Purchaser and/or its applicable Affiliates, enforceable against Purchaser and/or such Affiliates in accordance with its terms, subject to the Enforceability Exceptions.

4.3 Consents and Approvals; No Violations. No filing with or notice to, and no consent or approval of, any Governmental Entity is required on the part of Purchaser or any of its Affiliates for the execution, delivery and performance by Purchaser and/or its Affiliates, as applicable, of this Agreement or the Transition Services Agreement or the consummation by Purchaser and/or its Affiliates, as applicable, of the transactions contemplated hereby or thereby, except (a) the Required Regulatory Approvals; or (b) any permit, declaration, filing, authorization, registration, consent or approval, the failure to make or obtain would not reasonably be expected to have, individually or in the aggregate, a Purchaser Material Adverse Effect. Assuming compliance with the items described in clauses (a) and (b) of the preceding sentence, neither the execution, delivery or performance of this Agreement or the Transition Services Agreement by Purchaser and/or its Affiliates, as applicable, nor the consummation by Purchaser and/or its Affiliates, as applicable, of the transactions contemplated hereby or thereby will (i) conflict with or result in any breach or

violation of any provision of Purchaser's Organizational Documents, (ii) result in a breach or violation of, or constitute (with or without due notice or lapse of time or both) a default (or give rise to the creation of any Encumbrance, except for Permitted Encumbrances, or any right of termination, amendment, cancellation or acceleration) under, any of the terms, conditions or provisions of any material Contract or material Permit to which Purchaser or any of its properties or assets are bound, or (iii) violate any Law applicable to Purchaser or any of its Affiliates or any of its properties or assets, except in each case, as would not reasonably be expected to have, individually or in the aggregate, a Purchaser Material Adverse Effect.

4.4 Legal Proceedings. There is no Action existing, pending or, to the Knowledge of Purchaser, threatened in writing against Purchaser except as would not reasonably be expected to have, individually or in the aggregate, a Purchaser Material Adverse Effect. There are no Orders outstanding against Purchaser or any of its assets or properties, in each case, that would (a) reasonably be expected to have, individually or in the aggregate, a Purchaser Material Adverse Effect, (b) affect the legality, validity or enforceability of this Agreement or the Transition Services Agreement, or (c) reasonably be expected to result in the issuance of an Order restraining, enjoining or otherwise prohibiting or delaying Purchaser or any of its applicable Affiliates from carrying out its obligations under, or consummating the transactions contemplated by, this Agreement or the Transition Services Agreement.

4.5 Brokers. Purchaser or one of its Affiliates will be solely responsible for the fees and expenses of any broker, finder or investment banker entitled to any brokerage, finder's or other fee or commission in connection with the transactions contemplated by this Agreement based upon arrangements made by or on behalf of Purchaser or any of its Affiliates.

4.6 Financing. On or prior to the date of this Agreement, Purchaser has delivered to Seller true, correct and complete fully executed copies of (a) that certain commitment letter, dated as of the date hereof, by and between Purchaser (or one or more of its financing Affiliates) and Barclays Bank PLC (the "Commitment Letter") and (b) that certain fee letter, dated as of the date hereof, by and between Purchaser (or one or more of its financing Affiliates) and Barclays Bank PLC (redacted to remove only the fee amounts, fee percentages, price caps and certain other economic terms (including any economic market "flex" provisions) in a customary manner (none of which could reasonably be expected to adversely affect the conditionality, availability or termination provisions of the Commitment Letter or reduce the aggregate amount available under the Financing)) (the "Fee Letter", together with the Commitment Letter and Fee Letter, the "Financing Letters"). Pursuant to the Commitment Letter and subject to the terms and conditions thereof, each of the parties thereto (other than Purchaser (or any applicable financing Affiliate)) have severally committed to lend the amounts set forth therein to Purchaser (or one or more of its financing Affiliates) (the provision of such funds as set forth therein or any public or private offering of debt or equity securities contemplated by the Financing Letters, the "Financing") for the purposes set forth in such Commitment Letter. As of the date of this Agreement, the Financing Letters have not been amended, restated or otherwise modified or waived in any respect and, except for amendments, restatements or modifications permitted pursuant to Section 5.11(c), the commitments contained in the Commitment Letter have not been withdrawn, rescinded, amended, restated or otherwise modified in any respect (and, except for withdrawals, rescissions, amendments, restatements or modifications permitted pursuant to Section 5.11(c), to the Knowledge of Purchaser, no such withdrawal, rescission, amendment, restatement or modification

contemplated). As of the date of this Agreement, the Financing Letters are in full force and effect and constitute the legal, valid, enforceable and binding obligations of each of Purchaser (or one or more of its financing Affiliates) and, to the Knowledge of Purchaser, the other parties thereto, subject in each case to the Enforceability Exceptions. As of the date of this Agreement, there are no conditions precedent or other contingencies related to the funding of the full amount of the Financing pursuant to the Commitment Letter, other than as expressly set forth in the Commitment Letter. Assuming the satisfaction of the conditions precedent set forth in Article VIII. and the compliance by Seller with its obligations hereunder, the net proceeds contemplated from the Financing, together with available cash on hand of the Purchaser, will, in the aggregate, be sufficient for the satisfaction of all of Purchaser's payment obligations under this Agreement. As of the date of this Agreement, assuming the satisfaction of the conditions set forth in Article VIII, no event has occurred which, with or without notice, lapse of time or both, would or would reasonably be expected to constitute a breach or default on the part of Purchaser (or Purchaser's applicable financing Affiliate) under the Financing Letters or, to the Knowledge of Purchaser, any other party to the Financing Letters. As of the date of this Agreement, there are no side letters or other agreements, Contracts or arrangements related to the Financing or the funding of all or any part of the Financing (other than a customary engagement letter). Purchaser (or its applicable financing Affiliate) has fully paid all commitment fees or other fees required to be paid on or prior to the date of this Agreement in connection with the Financing and satisfied all of the other terms and conditions under its control under the Financing Letters required to be satisfied by Purchaser on (or substantially concurrently with) or prior to the date hereof. As of the date of this Agreement, assuming the satisfaction of the conditions set forth in Article VIII, Purchaser has no reason to believe that any of the conditions to the Financing will not be satisfied, nor, as of the date of this Agreement, does Purchaser have Knowledge that the full amount of the Financing will not be made available to Purchaser as of the time the Closing is required to occur pursuant to Section 2.3 in accordance with the terms of the Financing Letters.

4.7 Investment Decision. Purchaser is acquiring the Shares for investment and not with a view toward or for the resale in connection with any distribution thereof, or with any present intention of distributing or selling such Shares. Purchaser acknowledges that the Shares have not been registered under the Securities Act or any other federal, state, foreign or local securities Law, and agrees that such Shares may not be sold, transferred, offered for sale, pledged, distributed, hypothecated or otherwise disposed of without registration under the Securities Act, except pursuant to an exemption from such registration available under the Securities Act, and in compliance with any other federal, state, foreign or local securities Law, in each case, to the extent applicable. Purchaser is an "accredited investor" within the meaning of Rule 501(a) of the Securities Act, is able to bear the economic risk of holding the Shares for an indefinite period and has sufficient knowledge and experience in financial and business matters so as to be capable of evaluating the merits and risk of its investment in the Shares.

4.8 Independent Investigation. Purchaser has such knowledge and experience in financial and business matters as is required for evaluating the merits and risks of its purchase of the Shares and is capable of such evaluation. Purchaser acknowledges and agrees that it has conducted its own independent review and analysis and, based thereon, has formed an independent judgment concerning the business, affairs, assets, liabilities, conditions, results of operations and prospects of the Company.

4.9 No Other Representations or Warranties; No Reliance. Except for the representations and warranties expressly set forth in this Article IV, none of Purchaser or any other Person on behalf of Purchaser has made, and Purchaser hereby expressly disclaims and negates any other express or implied representation or warranty whatsoever (whether at law (including at common law or by statute) or in equity) with respect to Purchaser, its Affiliates or any matter relating to any of them, including their respective businesses, affairs, assets, liabilities, financial condition or results of operations, or with respect to the accuracy or completeness of any other information provided or otherwise furnished to Seller or any of its Representatives by or on behalf of Purchaser, and any such representations or warranties are expressly disclaimed. Purchaser acknowledges and agrees that, except for the representations and warranties contained in Article III, neither Seller nor any other Person on behalf of Seller has made or makes, and Purchaser has not relied upon, any representation or warranty, whether express or implied, with respect to Seller, its Affiliates or any matter relating to any of them, including their respective businesses, affairs, assets, liabilities, financial condition or results of operations, or with respect to the accuracy or completeness of any other information made available to Purchaser or any of its Representatives by or on behalf of Seller, and that any such representations or warranties are expressly disclaimed. Purchaser acknowledges and agrees that neither Seller nor any other Person on behalf of Seller has made or makes, and Purchaser has not relied upon, any representation or warranty, whether express or implied, with respect to any projections, forecasts, estimates or budgets made available to Purchaser or any of its Representatives of future revenues, future results of operations (or any component thereof), future cash flows or future financial condition (or any component thereof) of Seller or its Affiliates (including the reasonableness of the assumptions underlying any of the foregoing), whether or not included in any management presentation, information made available in any electronic data room and maintained by or on behalf of Seller, or in any other information made available to Purchaser, its Affiliates or any of its Representatives or any other Person, and that any such representations or warranties are expressly disclaimed.

its Representatives while present on any premises to which Purchaser is granted access hereunder. Notwithstanding anything in this Section 5.2(a) to the contrary, (x) Purchaser will not have access to personnel records if such access could, in Seller's good faith and reasonable judgment, subject Seller to risk of liability or otherwise violate applicable Law, including the Health Insurance Portability and Accountability Act of 1996 and (y) any inspection relating to environmental matters by or on behalf of Purchaser will be strictly limited to visual inspections and site visits consistent with assessments conducted in conformance with ASTM E1527-13 or E1527-21 standards, and Purchaser shall not have any right to perform or conduct any other investigation or inspection, including sampling or testing at, in, on, around or underneath any of the Real Property.

(c) The disclosure of information (including Confidential Information) to any Financing Party pursuant to this Agreement or otherwise shall not require the prior written consent of Seller, the Company, or any other member of the Seller Group pursuant to the Confidentiality Agreement and may be made pursuant to the Commitment Letter or other customary confidentiality undertakings from such Financing Parties in the context of customary syndication practices.

5.4 Further Assurances. Subject to the terms and conditions of this Agreement, at any time before or from time to time after the Closing, each of Seller and Purchaser shall, and shall cause their respective Affiliates to, execute and deliver such other documents and instruments, provide such materials and information and take such other actions as may reasonably be necessary, proper or advisable, to the extent permitted by Law, to fulfill its obligations under this Agreement and to cause the Sale and other transactions contemplated hereby to occur.

5.5 Required Actions.

(a) Seller and Purchaser will, and will cause their respective Affiliates to, cooperate with each other and use best efforts to (i) negotiate, prepare and file as promptly as practicable all necessary applications, notices, petitions, and filings, and execute all agreements and documents, to the extent required by Law or Order in connection with the execution, delivery and performance of this Agreement and the consummation of the transactions contemplated hereby (including the Required Regulatory Approvals) and (ii) obtain the consents, approvals, and authorizations of all Governmental Entities to the extent required by Law or Order in connection with the execution, delivery and performance of this Agreement and the consummation of the transactions contemplated by this Agreement (including the Required Regulatory Approvals). Each Party will, and will cause its Affiliates to, consult and cooperate with the other Party as to the appropriate time of all such filings and notifications, furnish to the other Party such necessary information and reasonable assistance in connection with the preparation of such filings, and respond as promptly as practicable to any requests for additional information made in connection therewith by any Governmental Entity. In furtherance and not in limitation of the foregoing, each of Seller and Purchaser will make, or cause to be made, an appropriate filing of a Notification and Report Form pursuant to the HSR Act with respect to the transactions contemplated hereby with the United States Federal Trade Commission and the Antitrust Division of the United States Department of Justice as promptly as practicable and in any event within ten (10) Business Days of executing this Agreement. Purchaser shall be responsible for any filing fees required under the HSR Act.

(b) Purchaser and Seller, acting reasonably and in good faith, will coordinate, and Seller shall cause the Company to coordinate, the preparation and making of any applications and filings (including the content, terms and conditions of such applications and filings) with any Governmental Entity, the resolution of any investigation or other inquiry of any Governmental Entity, the process for obtaining any consents, registrations, approvals, permits and authorizations of any Governmental Entity (including the Required Regulatory Approvals), and the making or discussing of any and all proposals relating to any regulatory commitments of Purchaser, Seller, their respective Affiliates or business, or with any Governmental Entity, its staff, intervenors or customers, in each case, in connection with the execution, delivery and performance of this Agreement and the consummation of the transactions contemplated hereby. Purchaser and Seller, acting reasonably and in good faith, will coordinate, and Seller will cause the Company to coordinate, with respect to the scheduling and conduct of all meetings with Governmental Entities in connection with the transactions contemplated by this Agreement (including the Required Regulatory Approvals); provided, however, to the fullest extent practicable and permitted by Law, in connection with any communications, meetings or other contacts, oral or written, with any Governmental Entity in connection with the transactions contemplated hereby, each of Seller and Purchaser shall (and will cause its Affiliates to): (i) inform the other Party in advance of any such communication, meeting, or other contact which such Party or any of its Affiliates proposes or intends to make, including the subject matter, contents, intended agenda and other aspects of any of the foregoing; (ii) consult and cooperate with the other Party, and to take into account the comments of the other Party in connection with any of the matters covered by Section 5.5(a); (iii) permit Representatives of the other Party to participate in any such communications, meetings, or other contacts; (iv) notify the other Party of any oral communications with any Governmental Entity relating to any of the foregoing; and (v) provide the other Party with copies of all written communications with any Governmental Entity relating to any of the foregoing; provided further, however, Purchaser shall have the principal responsibility, in consultation with the Company, for determining and implementing the strategy for obtaining any necessary clearance, consents, approvals, or waiting period expirations or terminations pursuant to any antitrust, competition or trade regulation Law that may be asserted by any Governmental Entity with respect to the transactions contemplated under this Agreement and shall do so in a manner reasonably designed to obtain any such antitrust-related Required Regulatory Approvals as promptly as reasonably practicable and, in any event prior to the Outside Date. Materials shared by and among the Purchaser, Seller and Company pursuant to this Section 5.5(b) may be redacted (A) to remove references concerning the valuation of the Business, (B) as necessary to comply with contractual arrangements, (C) as necessary to comply with legal requirements and (D) as necessary to address reasonable attorney-client or other privilege or confidentiality concerns. Nothing in this Section 5.5(b) will apply to or restrict communications or other actions by a Party with or with respect to any Governmental Entity in connection with its business in the ordinary course of business.

FPSC EXH NO. 59
ADMITTED

(c) Without limiting the foregoing, Purchaser and Seller shall not, and shall cause their respective Affiliates not to, take any action, including (i) acquiring any asset, property, business or Person (by way of merger, consolidation, share exchange, investment or other business combination, asset, stock or equity purchase, or otherwise) from any Person (other than, in the case of Purchaser, from Seller or its Affiliates), (ii) making any filing or (iii) any other action, that, in each case, could reasonably be expected to adversely affect obtaining or making, or the timing of obtaining or making, any consent or approval contemplated by this Section 5.5. In furtherance of and without limiting any of Purchaser's covenants and agreements under this Section 5.5, Purchaser shall, and shall cause its Affiliates to be taken, any and all steps and to make, or cause to be made, any and all undertakings necessary to avoid or eliminate each and every impediment asserted by any Governmental Entity in connection with obtaining the Required Regulatory Approvals so as to enable the Closing to occur as promptly as practicable, including (A) agreeing to conditions imposed by, or taking any action required by, any Governmental Entity (B) defending through litigation on the merits, including appeals, any Action asserted by any court or other proceeding by any Person, including any Governmental Entity, that seeks to or could prevent or prohibit or impede, interfere with or delay the consummation of the Closing, (C) in the case of Purchaser, proposing, negotiating, committing to and effecting, by consent decree, hold separate order or otherwise, the sale, divestiture, licensing or disposition of any assets or business of Purchaser, its Affiliates or the Company, including entering into customary ancillary agreements relating to any such sale, divestiture, licensing or disposition, and (D) otherwise taking or committing to take actions that, after the Closing Date, would limit Purchaser's freedom of action with respect to, or its ability to retain or hold, directly or indirectly, one or more of the businesses, product lines or assets of the Company as may be required by a Governmental Entity or agreeing to any other action in order to effect each of the following: (1) obtaining all Required Regulatory Approvals as soon as reasonably practicable and in any event before the Outside Date, (2) avoiding the entry of, or having vacated, lifted, dissolved, reversed or overturned any Order, whether temporary, preliminary or permanent, that is in effect that prohibits, prevents or restricts consummation of, or impedes, interferes with or delays, the Closing, and (3) effecting the expiration or termination of any waiting period, which would otherwise have the effect of preventing, prohibiting or restricting consummation of the Closing or impeding, interfering with or delaying the Closing. Notwithstanding anything in this Agreement to the contrary, the entry into any settlement with any Governmental Entity or intervenor, or the filing with any Governmental Entity or the publication of any document containing any commitments (including any preliminary offer relating to such settlement, filing or publication) regarding a Required Regulatory Approval of any Party or their Affiliates must be approved by Purchaser and, to the extent involving a concession or commitment made by any member of the Seller Group, (excluding the Company), Seller.

5.6 Consents. Seller shall, and shall cause the Company to, reasonably cooperate with Purchaser to obtain any consents required from third parties in connection with the consummation of the transactions contemplated by this Agreement under any Business Material Contracts, other Contracts or Permits at or prior to the Closing. Notwithstanding anything to the contrary contained herein, neither Seller nor Purchaser, nor any of their respective Affiliates, shall have any obligation to make any payments or incur any Liability to obtain any consents of third parties contemplated by this Section 5.6, and the failure to receive any such consents shall not be taken into account with respect to whether any condition to the Closing set forth in Article VIII shall have been fulfilled (but the accuracy of Section 3.4 will be taken into account).

5.7 Public Announcements. Purchaser and Seller shall consult with each other before issuing, and give each other a reasonable opportunity to review and comment upon, any press release or other written public statements with respect to the Sale, and shall not issue any such press release or make any such written public statement prior to such consultation, except as such party reasonably concludes (after consultation with outside counsel) to be required by applicable Law, court process or by obligations pursuant to any listing agreement with any national securities exchange or national securities quotation system. For the avoidance of doubt, nothing contained in this Agreement (including Section 5.3) shall limit the right of Purchaser (or its Affiliates) to disclose information in connection with the Financing. In addition, nothing contained in this Agreement (including Section 5.3) shall limit a Party's (or its respective Affiliates') rights to disclose the existence of this Agreement and the general nature of the transaction described herein on any earnings call or in similar discussions with financial media or analysts, stockholders and other members of the investment community, provided that such disclosures are consistent in all material respects with disclosures previously made pursuant to this Section 5.7.

5.9 Settlement of Intercompany Arrangements. Except as set forth on Section 5.9 of the Seller Disclosure Letter (the "Continuing Agreements"), at or prior to Closing, all Contracts or arrangements, including any credit or funding agreement, facility or other arrangement (including in relation to transaction, monitoring, service or similar fees and expenses), receivable, payable, or loan, in each case, between the Company, on the one hand, and Seller or any of its Affiliates, on the other hand (collectively, the "Intercompany Arrangements") shall be settled or terminated, without any party having any continuing obligations or liability to the other. No such Intercompany Arrangement (including any provision thereof which purports to survive termination) shall be of any further force or effect after the Closing and Purchaser and its Affiliates (including, for the avoidance of doubt, after the Closing, the Company) shall be released from all Liabilities thereunder. At or prior to Closing, all obligations or liabilities due under the Continuing Agreements shall be settled or terminated as of the Closing (the "Historic Obligations"), it being understood that from and after the Closing, the Continuing Agreements will remain in effect and each party thereto shall be obligated to perform its covenants and agreements thereunder from and after the Closing.

5.10 Guarantees. Purchaser shall use its commercially reasonable efforts to cause itself, one of its Affiliates or the Company to be substituted in all respects for Seller and any of its Affiliates, and for Seller and its Affiliates to be released, effective as of the Closing, in respect of, or otherwise terminate (and cause Seller and its Affiliates to be released in respect of), all obligations of Seller and any of its Affiliates under each of the guarantees, indemnities, letters of credit, letters of comfort, commitments, understandings, agreements and other obligations of such Persons related to the Business that are set forth on Section 5.10 of the Seller Disclosure Letter (collectively, the "Substituted Guarantees"). For any of the guarantees, indemnities, letters of credit, letters of comfort, commitments, understandings, agreements and other obligations of Seller and any of its respective Affiliates related to the Business for which Purchaser or one of its Affiliates (including the Company), as applicable, is not substituted in all respects for Seller and its Affiliates (or for which Seller and its Affiliates are not released) effective as of the Closing and that cannot otherwise be terminated effective as of the Closing without causing an adverse effect on the Company or the Business (with Seller and its Affiliates to be released in respect thereof), (a) Seller shall, or shall cause its applicable Affiliates to, keep in place such Substituted Guarantees ("Continuing Guarantees"), (b) Purchaser shall continue to use its commercially reasonable efforts and shall cause the Company to use its commercially reasonable efforts to effect such substitution or termination and release with respect to the Continuing Guarantees as promptly as practical after the Closing, and (c) Purchaser shall reimburse Seller for all amounts paid or incurred by Seller or its Affiliates to the extent any guarantees, indemnities, letters of credit, letters of comfort, commitments, understandings, agreements and other obligations are called upon and Seller or any of its Affiliates make any payment or are obligated to reimburse the issuing thereof. In addition, commencing on the Closing Date, on the last Business Day of each three-month period following the Closing Date until such time as no Continuing Guarantees remain outstanding, Purchaser shall reimburse Seller or its applicable Affiliate for any fees Seller or such applicable Affiliate incurs if it posts a letter of credit in respect of the amounts covered by such Continuing Guarantee for such three month period (or, with respect to any Continuing Guarantee outstanding for a portion, but not all, of such three month period, for such portion of such three month period). Notwithstanding anything to the contrary contained in this Agreement, for any Continuing Guarantee not replaced as of the Closing Date, Seller shall have the unilateral right to post a letter of credit in respect of the amounts covered by such Continuing Guarantee. Without limiting the foregoing, neither Purchaser nor any of its Affiliates shall extend or renew any Contract containing or underlying a Continuing Guarantee unless, prior to or concurrently with such extension or renewal, Purchaser or one of its Affiliates (including the Company) is substituted in all respects for Seller and any of its Affiliates under such Continuing Guarantee. For the purposes of this Section 5.10, "commercially reasonable efforts" will be limited to offering to provide to the applicable beneficiary of a Substituted Guarantee, and providing such beneficiary, such replacement guarantees, indemnities, letters of credit, letters of comfort, commitments, understandings, agreements and other obligations as are substantially similar in form and substance to the Substituted Guarantees.

5.11 Financing.

(a) Purchaser shall, and shall cause any of its Affiliates, to use reasonable best efforts to take, or cause to be taken, all actions, and to do, or cause to be done, all things necessary, proper or advisable to arrange, obtain and consummate the Financing (including, if applicable, any Substitute Financing) on a timely basis (and, in any event, no later than the time at which the

Closing is required to occur pursuant to Section 2.3), including using its reasonable best efforts to (i) maintain in effect the Financing Letters, (ii) taking into account the date the Purchaser receives the Required Information and the expected timing of the Marketing Period, as soon as possible after the date hereof, negotiate and, assuming all conditions to Closing set forth in Section 8.1 and Section 8.2 have been satisfied, enter into and deliver definitive agreements with respect to the Financing reflecting in all material respects the terms and conditions contained in the Financing Letters (including any "flex" provisions) or on other terms that (1) would not reasonably be expected to delay or adversely affect the ability of Purchaser to consummate the transactions contemplated hereby and (2) would otherwise not be prohibited by Section 5.11(c), so that such agreements are in effect no later than the time at which the Closing is required to occur pursuant to Section 2.3, (iii) comply with all of its obligations under the Financing Letters and any definitive agreements related thereto, and (iv) satisfy (or obtain a waiver of) on a timely basis all the conditions in the Financing Letters applicable to Purchaser and its Affiliates to obtain the Financing necessary to consummate the transactions contemplated hereby and the definitive agreements related thereto that are in Purchaser's (or its Affiliates') control. Without limiting the foregoing, (x) after delivery of the Required Information, subject to Seller's obligations in Section 5.12, Purchaser shall prepare as soon as possible after the date hereof all information, including financial statements, financial and business information and data and Offering Documents, in each case of the type required or customarily included for financing transactions similar to the Financing, including pro forma information for Purchaser and the Company utilizing the Required Information provided by Seller, (y) Purchaser shall not, and cause its Affiliates not to, take any action that would reasonably be expected to make the funding of the Financing (or satisfaction of the conditions to obtaining the Financing) less likely to occur or to materially delay the availability of the Financing and (z) without the prior written consent of Seller, Purchaser shall not, and cause its Affiliates not to, issue equity in a manner that would require approval of the shareholders of Purchaser. In the event that all conditions set forth in Article VIII and contained in the Financing Letters have been satisfied or waived or, upon funding shall be satisfied or waived, and the Closing should otherwise occur pursuant to Section 2.3, Purchaser and its Affiliates shall use their reasonable best efforts to cause the Persons providing the Financing (the "Financing Parties") to fund the Financing at the Closing.

(b) Purchaser shall, keep Seller informed on a prompt basis of any material developments concerning the status of the Financing that could reasonably be expected to impact the availability of the Financing and, provide Seller promptly with copies of any material executed definitive agreements related to the Financing. Without limiting the foregoing, Purchaser shall reasonably promptly after obtaining Knowledge thereof, give Seller written notice of any (i) breach or default by Purchaser, its Affiliates, any Financing Party or any other party to the Financing Letters or any definitive document related to the Financing, in each case, that would reasonably be expected to result in Purchaser or its financing Affiliate not receiving the proceeds of the Financing necessary to consummate the transactions contemplated by this Agreement on the Closing Date (or any event or circumstance, with or without notice, lapse of time, or both, would give rise to any such breach or default), (ii) receipt by Purchaser of any written notice or other written communication from any Financing Party with respect to any threatened or actual breach, withdrawal, repudiation, expiration, intention not to fund under or termination of the Financing Letters or the Financing, (iii) receipt by Purchaser of any written notice or other written communication from any Financing Party with respect to material dispute or disagreement between or among any parties to the Financing Letters or any definitive document related to the

financing (other than ordinary course negotiations) with respect to the obligation to provide the Financing or the amount of the Financing to be funded at Closing, in each case, that would reasonably be expected to make the funding of the Financing (or satisfaction of the conditions to obtaining the Financing) less likely to occur or to materially delay the availability of the Financing or (iv) if for any reason Purchaser in good faith no longer believes it will be able to obtain all or any portion of the Financing necessary to consummate the transactions contemplated by this Agreement on the Closing Date; provided, that in no event will Purchaser be under any obligation to provide any information shared among Purchaser, its Affiliates and their professional advisors in connection with matters contemplated by the foregoing that is subject to attorney-client or other privilege if Purchaser and its Affiliates shall have used their reasonable best efforts to disclose such information in a way that would not waive such privilege.

(c) Purchaser may amend, supplement, modify, terminate, assign or agree to any waiver under the Financing Letters without the prior written approval of Seller, provided that Purchaser shall not, without Seller's prior written consent, permit any such amendment, supplement, modification, assignment, termination or waiver to be made to, or consent to or agree to any waiver of, any provision of or remedy under the Financing Letters which would (A) reduce the aggregate amount of the Financing (including by increasing the amount of fees to be paid or original issue discount but excluding any termination or reduction of the commitments in respect of any bridge facility pursuant to the express terms of the Financing Letters as in effect on the date hereof to the extent the amounts so terminated or reduced are replaced on a dollar-for-dollar basis by the issuance of debt or equity securities contemplated by the Financing Letters in lieu thereof) to an amount that would be less than the amount required to consummate the transactions contemplated by this Agreement (taking into account the financial resources available to Purchaser), (B) impose new or additional conditions to the Financing or otherwise expand, amend or modify any of the conditions to the Financing in a manner that would reasonably be expected to (I) delay, prevent or make less likely the consummation of the transactions contemplated hereby or the funding of the Financing (or satisfaction of the conditions to the Financing) at the Closing (taking into account the expected timing of the Marketing Period), (II) adversely impact the ability of Purchaser to enforce its rights against the Financing Parties or any other parties to the Financing Letters or the definitive agreements with respect thereto or (III) adversely affect the ability of Purchaser to timely consummate the Sale and the other transactions contemplated hereby; provided, further, that the Financing Letters may be amended to add additional Financing Parties who are not parties to the Financing Letters as of the date hereof, provided that such addition would not result in any of the effects described in subclauses (I), (II) or (III) above. In the event that new commitment letters or fee letters are entered into in accordance with any amendment, supplement, replacement or other modification of the Financing Letters permitted pursuant to this Section 5.11, such new commitment letters or fee letters shall be deemed to be a part of the "Financing" and deemed to be the "Commitment Letter", "Fee Letter" and "Financing Letters", as applicable, for all purposes of this Agreement. Purchaser shall promptly after execution thereof (and in any event no later than three Business Days thereafter) deliver to Seller true, correct and complete copies of any termination, amendment, supplement, replacement or other modification of the Financing Letters. If funds in the amounts set forth in the Financing Letters, or any portion thereof, become unavailable, Purchaser shall and shall cause its Affiliates as promptly as practicable following the occurrence of such event to (taking into account the Marketing Period) (x) notify Seller in writing thereof, (y) use their respective reasonable best efforts to obtain substitute financing, including from alternative sources, in an amount sufficient, when added to the portion of the Financing that

Upon obtaining any commitment for any such Substitute Financing, such financing shall be deemed to be a part of the "Financing" and any commitment letter and related fee letters for such Substitute Financing shall be deemed the "Commitment Letter", "Fee Letter" and "Financing Letters", as applicable, for all purposes of this Agreement. Purchaser shall pay, or cause to be paid, as the same shall become due and payable, all fees and other amounts that become due and payable under the Financing Letters. Seller acknowledges and agrees that Purchaser (or its financing Affiliate) shall not be required to consummate the Financing until the final day of the Marketing Period. Purchaser acknowledges and agrees that obtaining the Financing, or any alternative financing, is not a condition to the Closing and that none of Purchaser's obligations hereunder are conditioned in any manner upon Purchaser obtaining financing in respect of the transactions contemplated by this Agreement.

5.12 Financial Cooperation.

5.15 Alternative Transactions. From and after the date of this Agreement until the earlier of the Closing Date or the termination of this Agreement, Seller shall not, and shall cause the Company not to, directly or indirectly, solicit, negotiate with, provide any nonpublic information regarding the Business, enter into any Contract with, or in any manner encourage, any proposal of, any Person (other than Purchaser and its Affiliates) relating to a potential acquisition of all or a material portion of the equity interests of the Company or assets of the Business, whether by merger, sale of stock, sale of assets or otherwise (collectively, "Acquisition Proposals"). Seller shall, and shall cause the Company and its and the Company's Representatives to, immediately cease all communications with any such Person and its Representatives that may be ongoing with respect to an Acquisition Proposal as of the date hereof, terminate access for such Person and its Representatives to any physical or virtual data room that has been established with respect to an Acquisition Proposal and request that each such Person and its Representatives promptly return or destroy all confidential information furnished to such Person and Representatives by or on behalf of Seller in connection with any such Acquisition Proposal.

5.16 Release.

(a) Effective as of the Closing and except as otherwise expressly set forth in this Agreement (including Section 5.16(c)) or in the Transition Services Agreement, Seller, on behalf of itself and each of its Affiliates and each of their respective successors and assigns, hereby irrevocably, unconditionally and completely waives and releases and forever discharges Purchaser, and each of its Affiliates (including the Company following the Closing), and each of their respective heirs, executors, administrators, successors and assigns (such released Persons, the "Releasees"), of and from all debts, demands, Actions, causes of action, suits, accounts, covenants, contracts, agreements, damages, claims and other Liabilities whatsoever of every name and nature, both in law and in equity, arising out of or related to the Company or its business (including the Business) prior to the Closing Date. Seller shall not make, and Seller shall not permit any of its Affiliates or its Representatives to make, any claim or demand, or commence any Action asserting any claim or demand, including any claim of contribution or any indemnification, against any of Purchaser's or its Affiliates' or any of their Releasees with respect to any Liabilities (or other matters) released pursuant to this Section 5.16.

(b) Effective as of the Closing and except as otherwise expressly set forth in this Agreement (including Section 5.16(c)) or in the Transition Services Agreement, Purchaser, on behalf of itself and each of its Affiliates (including the Company following the Closing) and each of Purchaser's successors and assigns, hereby irrevocably, unconditionally and completely waives and releases and forever discharges Seller and each of its respective Affiliates, and each of their respective Releasees, of and from all debts, demands, Actions, causes of action, suits, accounts,

demnants, contracts, agreements, damages, claims and other Liabilities whatsoever of every name and nature, both in law and in equity, arising out of or related to the Company or its business (including the Business) prior to the Closing Date, including in connection with any breach by Seller or any director or officer of the Company of any fiduciary duty in their capacity as an equityholder, director or officer of the Company prior to the Closing Date. Purchaser shall not make, and Purchaser shall not permit any of its Affiliates or its Representatives to make, any claim or demand, or commence any Action asserting any claim or demand, including any claim of contribution or any indemnification, against any of Seller or its Affiliates or any of their Releasees with respect to any Liabilities (or other matters) released pursuant to this Section 5.16(b).

(c) Notwithstanding the foregoing, Section 5.16(a) and Section 5.16(b) shall not constitute a release from, waiver of, or otherwise apply to the terms of (i) this Agreement, the Transition Services Agreement, the Confidentiality Agreement, any Continuing Agreements or any Liability or Contract expressly contemplated by this Agreement, or the Transition Services Agreement to be in effect after the Closing, or any enforcement thereof (excluding, in each case, the Historic Obligations) or (ii) any other Contract, arrangement or other matter arising between Purchaser and its Affiliates, on the one hand, and Seller and its Affiliates, on the other hand.

5.17 Litigation Support. If and for so long as Seller, Purchaser or any of their respective Affiliates are prosecuting, contesting or defending any claims relating to any Action by a third party in connection with (a) any transactions contemplated under this Agreement or (b) any fact, situation, circumstance, status, condition, activity, practice, plan, occurrence, event, incident, action, failure to act, or transaction relating to, in connection with, or arising from this Agreement or the Company, Purchaser or Seller, as the case may be, shall, and shall cause its Affiliates, including the Company, if applicable (and its and their officers and employees) to, cooperate with the other Party and its Affiliates and their respective counsel (at the expense of the requesting Party) in such prosecution, contest or defense, including making available its personnel and providing such testimony and access to its books and records as shall be reasonably necessary in connection with such prosecution, contest or defense.

5.18 Withheld Business Material Contracts. As soon as possible after the date hereof, the Parties shall mutually request, and shall use their respective reasonable best efforts to obtain as promptly as practicable, from all applicable Persons, all consents or approvals necessary to lift the restriction which caused such Contract to be a Withheld Business Material Contract on the date hereof. Upon obtaining such consent or approval, (a) such Contract will, as of such date, cease to be a "Withheld Business Material Contract" for purposes of this Agreement and (b) Seller shall deliver to Purchaser a true, complete, accurate and unredacted copy of such Withheld Business Material Contract. Seller shall keep Purchaser reasonably informed of Seller's efforts and progress in obtaining the applicable consent or authorization to provide Purchaser with unredacted copies of the Withheld Business Material Contracts, cooperate in good faith in connection with all of Purchaser's reasonable requests for information related to such process and shall consider in good faith any comments or suggestions provided by Purchaser.

5.19 Migration Plan. Purchaser and Seller shall continue discussions in good faith to finalize the schedules to the Transition Services Agreement as promptly as reasonably practicable following the date hereof to enable Purchaser to operate the Business in a manner consistent with the manner in which the Business was conducted during the Baseline Period (as defined in the

Transition Services Agreement). At or prior to the Closing, each of Seller and Purchaser shall, and shall cause their respective Affiliates to, execute and deliver, and cause the effectiveness of, the Transition Services Agreement.

5.20 FCG 2022 Base Rate Case. Following the Closing, Seller shall have the right, but not the obligation, to control, at its sole cost and expense, the FCG 2022 Base Rate Case; provided that any counsel retained by Seller in connection therewith shall be reasonably satisfactory to Purchaser; provided further that any counsel engaged by Seller or the Company as of the date hereof in connection with the FCG 2022 Base Rate Case shall be deemed to be satisfactory to Purchaser. In connection with such control, Seller will keep Purchaser reasonably informed with respect to the FCG 2022 Base Rate Case. Purchaser shall, and shall cause its Affiliates (including the Company) to, cooperate with Seller and its counsel, including making available to Seller all witnesses, pertinent records, materials and information in the possession or under control of Purchaser and its Affiliates (including the Company) relating to the FCG 2022 Base Rate Case as is reasonably required by Seller and, in each case, at Seller's sole cost and expense. Purchaser will have the right to participate in the FCG 2022 Base Rate Case, including appointing separate counsel, but the costs of such participation shall be borne solely by Purchaser. Seller will, in consultation with Purchaser, make all decisions and determine all actions to be taken with respect to the FCG 2022 Base Rate Case and its settlement; provided, however, that Seller shall not settle the FCG 2022 Base Rate Case without the prior written consent of Purchaser, which consent shall not be unreasonably withheld, conditioned or delayed (it being understood and agreed that any failure by Purchaser to provide such consent to a settlement seeking non-monetary relief against Purchaser, the Company or any of their respective Affiliates shall not be deemed to have been unreasonably withheld, conditioned or delayed).

5.21 Assignment of Internet Domain Names. Prior to Closing, Seller shall duly execute and deliver to Purchaser an assignment agreement, in a form reasonably acceptable to Purchaser, that irrevocably assigns, on behalf of itself and its Affiliates (other than the Company), all right, title and interest in and to the Internet domain names listed in Section 1.1(a) of the Seller Disclosure Letter to the Company. Seller agrees that, without further consideration, it will take any other actions as are necessary or reasonably requested by Purchaser to effectuate the transfer of ownership and control of such Internet domain names to the Company.

5.22 Assignment of Certain Rights. Prior to Closing, Seller (as successor to the 700 Universe, LLC) shall assign to the Company its rights to the indemnification provision in favor of Seller set forth in section 10.2(a)(iv) of the Stock Purchase Agreement, dated as of May 20, 2018, by and among NUI Corporation, Southern Company Gas, 700 Universe, LLC and NextEra Energy, Inc.

5.23 Minimum Cash. At the Closing, Seller shall cause the Cash (as defined in Schedule I hereto) to be equal to $2,000,000.

EMPLOYEE MATTERS COVENANTS

6.1 Compensation and Employee Benefits.

(a) Compensation and Benefits Comparability. Prior to the Closing Date, and subject to Section 6.5, Seller and its Affiliates shall take such actions as are necessary to ensure that, as of the Closing Date all current Business Employees are employed by the Company and only individuals whose primary work functions are in support of the Business are employed by the Company. For a period commencing on the Closing Date and expiring on the earlier of (i) the first anniversary of the Closing Date and (ii) December 31, 2024 (the "Continuation Period"), Purchaser will provide to each Business Employee who becomes an employee of Purchaser or its Affiliates (including through continued employment with the Company after Closing) (a "Continuing Employee"), for so long as such Continuing Employee remains employed with Purchaser and its Affiliates during the Continuation Period: (x) base pay that is no less than what was provided to such Continuing Employee immediately prior to the Closing, (y) target incentive compensation range that is substantially comparable to the target incentive compensation range that was provided to the Continuing Employee immediately prior to the Closing and (z) employee benefits (excluding severance, retention, change in control, defined benefit pension plan benefits and retiree health and welfare benefits) that are substantially comparable in the aggregate to those provided to such Continuing Employee immediately prior to the Closing, it being understood that the provisions of this sentence shall cease to apply with respect to a Continuing Employee upon termination of such Continuing Employee's employment with Purchaser and its Affiliates, and that Purchaser need not replicate specific items of compensation and employee benefits and may satisfy its obligations through a different combination of compensation and employee benefits than are provided prior to the Closing Date. If any Continuing Employee's employment is involuntarily terminated without cause during the Continuation Period, subject to such Continuing Employee's execution and non-revocation of a release of claims, Purchaser will provide such Continuing Employee with severance benefits pursuant to the terms of Purchaser's applicable severance plan or policy with a cash severance amount that is at least as favorable as that available to the Business Employee pursuant to the NextEra Energy, Inc. Employee Severance Plan taking into account such Business Employee's service as recognized by Seller for benefits purposes. Following the Closing Date, Seller shall have no liability with respect to severance benefits for Business Employees arising out of terminations after Closing due to Purchaser's failure to comply with its obligations under this Section 6.1(a). The form and terms of any particular benefit plan offered by Purchaser (a "New Plan") shall be as determined by Purchaser, subject to the foregoing and the other provisions of this Article VI. This Section 6.1(a) (other than the first sentence hereof) shall not apply to any Continuing Employee covered by a Labor Agreement.

(b) Service Credit. Purchaser will recognize the service of each of the Continuing Employees recognized by Seller for benefits purposes, including eligibility for, vesting and accrual of, and determination of the levels of such benefits, subject to Section 6.1(c). However, service will not be recognized (i) to the extent it would result in duplication of benefits for the same period of service or (ii) for purposes of grandfathered or frozen benefits or any defined benefit plans.

FPSC EXH NO. 59
ADMITTED

(c) Welfare Plans. Purchaser will use commercially reasonable efforts to (i) waive or cause the waiver of any limitation on benefits relating to pre-existing conditions, actively-at-work exclusions, evidence of insurability and waiting periods for the Continuing Employees under a New Plan providing medical, life or disability benefits, to the extent that such limitations are waived or otherwise inapplicable to a Continuing Employee under any comparable plan of Seller as of the Closing Date and (ii) credit each Continuing Employee for any co-payments, deductibles and other out-of-pocket expenses paid prior to the Closing Date under the terms of any analogous Seller Benefit Plan in satisfying any applicable copayment, deductible or out-of-pocket requirements for the plan year in which the Closing Date occurs under an applicable Purchaser welfare plan; provided that Seller has made plan information and records available to Purchaser that enable Purchaser to provide such crediting. Seller will be responsible for making available COBRA Continuation Coverage to any current and former employees of Seller, including Business Employees, or to any qualified beneficiaries of such employees, who become entitled to COBRA Continuation Coverage as a result of loss of group health plan coverage under a Seller Benefit Plan, which for the avoidance of doubt relates to COBRA Continuation Coverage qualifying events occurring prior to or on the Closing Date. Purchaser will be responsible for making available COBRA Continuation Coverage to any Continuing Employees (and their qualified beneficiaries) who become entitled to such COBRA Continuation Coverage after the Closing as a result of their loss of group health plan coverage under any New Plan.

(d) Vesting; Payment. Prior to the Closing, the Seller Group shall take any and all actions as required to fully vest the Business Employees in their awards and account balances, to the extent not already fully vested, under any Seller Benefit Plan that is a tax qualified defined contribution retirement plan, a nonqualified deferred compensation plan or any other qualified or non-qualified profit sharing plan, retention agreement, plan or program or any equity compensation plan, and all such awards and account balances shall be paid to the Business Employees in accordance with their terms. To the extent required by any Seller Benefit Plan or by Law, at or promptly following Closing, Seller shall payout to each Business Employee any vacation or other paid time off accrued by the Business Employee as of the Closing Date. Promptly following the Closing, Seller shall pay all Business Employees for all accrued but unpaid amounts with respect to base salary and wages through the Closing Date.

(e) Cooperation. From the date hereof through the Closing Date, Seller and Purchaser shall reasonably cooperate with respect to all communications to and with Business Employees regarding the transactions contemplated hereby. Seller and its Affiliates shall make all Business Employees reasonably available to Purchaser for the purpose of discussions regarding employment with Purchaser and its Affiliates following the Closing, and Purchaser and its Affiliates shall not interfere with such discussions.

6.2 Benefit Plan Assets and Liabilities Generally.

(a) Seller Benefit Plans. From and after the Closing, the Continuing Employees shall cease to be active participants in the Seller Benefit Plans. The Seller Group shall assume or retain, and indemnify and hold harmless Purchaser and its Affiliates in respect of, all assets and Liabilities related to Seller Benefit Plans and all Liabilities of Purchaser and its Affiliates (including, for this purpose, the Company) that arise from any Seller Benefit Plan that is subject to Title IV of ERISA and from any retention agreement, plan or program that is a Seller Benefit Plan. For the avoidance of doubt, the indemnification in this Section 6.2(a) is not subject to Section 10.2.

(b) Incentive Program. Within 30 days following the Closing Date, Seller or one of its Affiliates shall pay to each Continuing Employee who is a participant in an annual cash performance pay program of the Company, Seller or an Affiliate of Seller the amount of compensation accrued, but not paid, through the Closing Date, with respect to such Continuing Employment under the applicable annual cash performance pay program. For the avoidance of doubt, Business Employees will be fully paid by Seller with respect to incentive compensation covering all periods through the Closing Date.

6.3 Retirement Plans. Seller shall fully vest all Continuing Employees in their account balances under the retirement savings plan in which such Continuing Employees participate (the "Seller's 401(k) Plan"), effective as of the Closing. Effective as of the Closing, Purchaser shall maintain or designate, or cause to be maintained or designated, a defined contribution plan and related trust intended to be qualified under Sections 401(a), 401(k) and 501(a) of the Code (the "Purchaser's 401(k) Plan"). Effective as of the Closing, the Continuing Employees shall cease participation in Seller's 401(k) Plan. The Continuing Employees shall be eligible to participate and shall commence participation in Purchaser's 401(k) Plan in accordance with the terms of Purchaser's 401(k) Plan. Seller and Purchaser shall cooperate to permit each Continuing Employee to make rollover contributions of "eligible rollover distributions" (within the meaning of Section 401(a)(31) of the Code) to Purchaser's 401(k) Plan in cash in an amount equal to the full account balance distributed to such Continuing Employee from Seller's 401(k) Plan. Seller shall fully vest all Continuing Employees in their accrued benefits under the NextEra Energy, Inc. Employee Pension Plan.

6.4 Labor and Employment Law Matters.

(a) Purchaser and Seller shall, and shall cause their Affiliates to, cooperate to take all steps, on a timely basis, as are required under applicable Law or any Labor Agreement to notify, consult with, or negotiate the effects of the transactions contemplated by this Agreement with each union representing Business Employees. Seller shall not enter into any Labor Agreement (other than a Labor Agreement limited solely to the effects of the transactions contemplated in this Agreement) covering any Business Employee. Following the date of this Agreement, any request from any union that is the certified representative of Business Employees to discuss or negotiate concerning a Labor Agreement covering any Business Employee shall be directed to Purchaser, who shall engage in good faith negotiations, with Seller present, with such union on a close-contingent basis. Purchaser shall consider in good faith any comments made by Seller with respect to such negotiations and Seller shall have to consent to the entering into or settlement of agreements reached in such negotiations that would become effective prior to the Closing Date, which consent shall not be unreasonably withheld.

(b) Seller shall provide to Purchaser on the Closing Date, a written list of all terminations of Business Employees that occurred within the 90-day period prior to the Closing Date. Purchaser will indemnify Seller and its Affiliates, from and against any Liabilities that may be incurred by Seller under the WARN Act arising after the Closing as a result of any action of Purchaser or its Affiliates occurring following the Closing.

FPSC EXH NO. 59

6.5 Disability Employees. Prior to the Closing, Seller shall cause the employment of each employee of the Company and each current Business Employee who is on long-term disability leave as of the Closing (a "Disability Employee") to be transferred to an Affiliate of Seller other than the Company. Purchaser shall make an offer of employment to any such Disability Employee whose primary work functions are in support of the Business and who returns to active employment during the Continuation Period. A Disability Employee shall not be considered a Continuing Employee unless and until his or her employment commences with Purchaser or its Affiliates. A Business Employee who is on short-term disability leave as of the Closing who subsequently qualifies for long-term disability benefits shall receive long-term disability benefits pursuant to the applicable Seller Benefit Plan (under which Seller and its Affiliates shall retain all Liabilities) and not pursuant to a long-term disability benefit plan of Purchaser or its Affiliates.

6.6 Third-Party Beneficiary Rights. This Article VI is included for the sole benefit of the Parties and their respective transferees and permitted assigns and does not and shall not create any right in any Person, including any current or former employee of Seller or any of its Affiliates or any Business Employee. Nothing contained in this Agreement (express or implied) (a) is intended to create or amend, or to require Purchaser or its Affiliates to establish or maintain, any employee benefit plan or arrangement or (b) is intended to confer upon any individual any right to employment for any period of time, or any right to a particular term or condition of employment. No current or former employee of Seller or any of its Affiliates or any Business Employee, including any beneficiary or dependent of the foregoing, or any other Person not a Party, shall be entitled to assert any claim against Purchaser, Seller or any of their respective Affiliates under this Article VI.

ARTICLE VII

TAX MATTERS

7.1 Tax Indemnification by Seller. Effective as of and after the Closing Date, Seller shall pay or cause to be paid, and shall indemnify Purchaser and its Affiliates (including the Company from and after the Closing Date) (collectively, the "Purchaser Tax Indemnified Parties") and hold each Purchaser Tax Indemnified Party harmless from and against any and all Losses incurred or suffered by any of the Purchaser Indemnified Parties arising out of or related to any Taxes (a) (i) of the Company or imposed on or with respect to the Business for any Pre-Closing Tax Period (allocated in respect of a Straddle Tax Period in accordance with Section 7.4); (ii) of any member of the Seller Group (other than the Company) for any period (including as a result of a failure to withhold Taxes); (iii) of Seller, or any other Person (other than the Company) for which the Company is or becomes liable (under Treasury Regulation Section 1.1502-6 or under any similar provision of state, local or foreign Law) as a result of having joined as a member (or having been required to join as a member) of any consolidated, combined, affiliated, aggregate or unitary group prior to the Closing; (iv) of any Person (other than the Company) for which the Company is or becomes liable as a transferee or successor, as a result of a Contract (other than this Agreement) or otherwise by operation of Law, relating to an event or transaction occurring before the Closing Date; (v) any Tax amounts (including interest and penalties) payable as a result of Section 965 of the Code with respect to any election made under Section 965(h) of the Code; (vi) arising out of or resulting from any breach of any representation or warranty of Seller contained in Section 3.15(j)

FPSC EXH NO. 59
ADMITTED

Section 3.15(p); (vii) arising out of or resulting from any breach of any covenant or agreement of Seller or the Company contained in this Agreement; (viii) for which Seller is responsible pursuant to Section 7.11; or (ix) resulting from the transactions contemplated by this Agreement, other than Transfer Taxes that are the responsibility of Purchaser pursuant to Section 7.11 (any such Taxes described in this Section 7.1, "Seller Indemnified Taxes"). Notwithstanding anything herein to the contrary, Seller Indemnified Taxes shall not include any Taxes taken into account in determining the Closing Payment Adjustments pursuant to Section 2.2 or the Post-Closing Adjustment pursuant to Article II.

7.2 Tax Indemnification by Purchaser. Effective as of and after the Closing Date, Purchaser shall pay or cause to be paid, and shall indemnify the Seller Group (collectively, the "Seller Tax Indemnified Parties") and hold each Seller Tax Indemnified Party harmless from and against any and all Losses incurred or suffered by any of the Seller Tax Indemnified Parties arising out of or related to any Taxes (i) of the Company that are imposed on or with respect to the Business for any Post-Closing Tax Period (allocated in respect of a Straddle Tax Period in accordance with Section 7.4); (ii) arising out of or resulting from any breach of any covenant or agreement of Purchaser contained in this Agreement to the extent resulting in additional Taxes to the Company; or (iii) for which Purchaser is responsible under Section 7.11, provided, however, that Purchaser shall not be responsible for any Seller Indemnified Taxes.

7.3 Survival. The indemnification obligations, covenants and agreements pursuant to this Article VII shall survive the Closing until 30 days after the expiration of the applicable statute of limitations period (giving effect to any extension thereof) with respect to the Tax item to which an indemnity claim relates. Notwithstanding the foregoing, any indemnification obligation with respect to any claim asserted pursuant to Section 7.1 or 7.2 hereof in good faith with reasonable specificity (to the extent known at such time) and in writing by notice from the indemnified Party to the indemnifying Party prior to the expiration date of the survival period provided in the preceding sentence shall survive until finally resolved.

7.4 Straddle Tax Periods. To the extent permitted or required by applicable Law, the taxable year of the Company that begins before and includes the Closing Date shall be treated as closing on (and including) the Closing Date. To the extent the foregoing is not permitted or required by applicable Law, for purposes of this Agreement, in the case of any Straddle Tax Period, (a) Property Taxes of the Company allocable to the Pre-Closing Tax Period shall be equal to the amount of such Property Taxes for the entire Straddle Tax Period multiplied by a fraction, the numerator of which is the number of calendar days during the Straddle Tax Period that are in the Pre-Closing Tax Period and the denominator of which is the number of calendar days in the entire Straddle Tax Period, and (b) Taxes (other than Property Taxes) of the Company allocable to the Pre-Closing Tax Period shall be computed as if such taxable period ended as of the end of the day on the Closing Date; provided that exemptions, allowances or deductions that are calculated on an annual basis (including depreciation and amortization deductions) shall be allocated between the period ending on the Closing Date and the period beginning after the Closing Date in proportion to the number of days in each period.

7.5 Tax Returns.

(a) Seller shall prepare or shall cause to be prepared (i) any combined, consolidated or unitary Tax Return that includes any member of the Seller Group, on the one hand, and the Company, on the other hand (a "Combined Tax Return"), and (ii) any Tax Return (other than any Combined Tax Return) that is required to be filed by or with respect to the Company for any taxable period that ends on or before the Closing Date (a "Pre-Closing Separate Tax Return"). Seller shall timely file or cause to be timely filed any Combined Tax Return and any Pre-Closing Separate Tax Return that is required to be filed on or before the Closing Date (taking into account any extensions). In the case of any such Combined Tax Return and any Pre-Closing Separate Tax Return, Seller shall prepare or cause to be prepared such Tax Return in a manner consistent with past practices of the Company (or of Seller with respect to the Company). Seller shall prepare and deliver, or cause to be delivered, to Purchaser, including for its review and comment, all Pre-Closing Separate Tax Returns that are required to be filed after the Closing Date at least 30 days prior to the due date for filing such Tax Returns (taking into account any extensions), or as early as possible before such due date if, at the time of Closing, any such Tax Return is due in less than 30 days, together with payment for any Seller Indemnified Taxes shown as due on such Tax Returns not less than five Business Days before such Taxes are due, and Purchaser shall timely file or cause to be timely filed such Tax Returns and timely pay any Taxes shown to be due with such Tax Returns.

(b) Purchaser shall prepare and timely file or cause to be prepared and timely filed all Tax Returns with respect to the Company for Straddle Tax Periods, and Seller shall provide assistance in the preparation and filing of such Tax Returns as Purchaser reasonably requires pursuant to the Transition Services Agreement. Purchaser shall deliver to Seller for its review and comment a copy of any such Tax Return that is required to be filed by or with respect to the Company for any Straddle Tax Period before the later of (i) as soon as reasonably practicable and (ii) 30 days prior to the due date thereof (taking into account any extensions) accompanied by a statement calculating in reasonable detail Seller's indemnification obligation, if any, pursuant to Section 7.1. If for any reason Seller does not agree with Purchaser's calculation of its indemnification obligation, Seller shall notify Purchaser of its disagreement within 15 days of receiving a copy of the Tax Return and Purchaser's calculation (but in any event within a reasonable period of time prior to the last date for timely filing such Tax Return). Seller and Purchaser shall use commercially reasonable efforts to settle the dispute with respect to such indemnification obligation promptly. If Seller and Purchaser are unable to resolve any dispute prior to the due date of such Tax Return (giving effect to valid extensions), Purchaser shall file the Tax Return as originally prepared (but reflecting any items on which Seller and Purchaser have agreed), and the dispute resolution provisions of Section 7.15 shall apply.

(c) Notwithstanding anything to the contrary in this Agreement or the Transition Services Agreement, except to the extent such Tax Return relates solely to the Company, (i) Seller shall not be required to provide any Person with any consolidated, combined or unitary Tax Return of Seller and (ii) Purchaser shall not be required to provide any Person with any consolidated, combined, affiliated, aggregate or unitary Tax Return (or copy thereof) of Purchaser.

7.6 Refunds and Credits. Seller shall be entitled to any refunds or credits of or against any Seller Indemnified Taxes for which Seller is responsible under Section 7.1; provided that this

FPSC EXH NO. 59
ADMITTED

Section 7.6 shall not apply to any such refund or credit that is received by the Company to the extent that (i) the Company is under any prior legal obligation to pay over such refund or credit to any Person (other than pursuant to this Agreement) pursuant to a Contract in effect on the date of this Agreement, or (ii) such refund or credit results from the carryback of a Tax attribute of Purchaser or its Affiliates or the Company from a tax period (or portion thereof) beginning on or after the Closing Date; and, provided further that Section 7.6 shall not apply to any such refund or credit with respect to a Seller Indemnified Tax that was actually paid for by the Company (or the Purchaser) after the Closing and that was not actually borne by Seller or an Affiliate by virtue of being taken into account in the determination of the Closing Payment Adjustment pursuant to Section 2.2 or the Post-Closing Adjustment pursuant to Article II. Purchaser shall be entitled to any refunds or credits of or against any Taxes other than refunds or credits to which Seller is entitled pursuant to the foregoing sentence. Any refunds or credits of Taxes of the Company for any Straddle Tax Period shall be equitably apportioned between Seller and Purchaser in accordance with the principles set forth in Section 7.4 and the first two sentences of this Section 7.6. Notwithstanding the foregoing, Purchaser shall (and Seller shall not) be entitled to a refund or credit to the extent such refund or credit was reflected in, reserved for or taken into account in the determination of the Closing Payment Adjustment pursuant to Section 2.2 or the Post-Closing Adjustment pursuant to Article II. Each Party actually receiving or realizing a refund or credit of Taxes to which the other Party is entitled under this Section 7.6 shall pay, or cause its Affiliates to pay, to the Party so entitled the amount of such refund or credit (including any interest paid thereon and net of any Taxes and other reasonable out-of-pocket expenses to the Party receiving such refund or credit in respect of the receipt or accrual of such refund or credit) in readily available funds within 15 days of the actual receipt of the refund or credit or the application of such refund or credit against amounts otherwise payable. If any such refund or credit in respect of which a Party made a payment to the other Party pursuant to this Section 7.6 is subsequently disallowed or reduced, including if the Company subsequently is required to pay over such refund or credit to any Person (other than pursuant to this Agreement) pursuant to a Contract in effect on the date of this Agreement, such other Party shall promptly repay the amount of such refund or credit received, to the extent disallowed or reduced, to the Party that made such payment, together with any interest, penalties or other charges imposed thereon by the applicable taxing authority.

7.7 Tax Contests.

(a) If any taxing authority asserts a Tax Claim, then the Party first receiving notice of such Tax Claim shall provide prompt written notice thereof to the other Party; provided, however, that the failure of such Party to give such prompt notice shall not relieve the other Party of any of its obligations under this Article VII, except to the extent that the other Party is materially prejudiced by such failure. Such notice shall specify in reasonable detail the basis for such Tax Claim and shall include a copy of the relevant portion of any correspondence received from the taxing authority.

(b) In the case of a Tax Proceeding of or with respect to the Company for any Pre-Closing Tax Period or any Straddle Tax Period (in each case, other than a Tax Proceeding described in Section 7.7(c)), the Controlling Party shall have the right and obligation to conduct, at its own expense, such Tax Proceeding; provided, however, that (i) the Controlling Party shall provide the Non-Controlling Party with a timely and reasonably detailed account of each stage of such Tax Proceeding, (ii) the Controlling Party shall consult with the Non-Controlling Party before

FPSC EXH NO. 59
ADMITTED

taking any significant action in connection with such Tax Proceeding, (iii) the Controlling Party shall consult with the Non-Controlling Party and offer the Non-Controlling Party an opportunity to comment before submitting any written materials prepared or furnished in connection with such Tax Proceeding, (iv) the Controlling Party shall defend such Tax Proceeding diligently and in good faith as if it were the only party in interest in connection with such Tax Proceeding, (v) the Non-Controlling Party shall be entitled to participate in such Tax Proceeding, and (vi) the Controlling Party shall not settle, compromise or abandon any such Tax Proceeding without obtaining the prior written consent of the Non-Controlling Party, which consent shall not be unreasonably withheld, conditioned or delayed; provided further, however, that the Controlling Party shall not have any obligations (and the Non-Controlling Party shall not have any rights) under the immediately foregoing proviso with respect to any portion of such Tax Proceeding (and any actions, written materials, meetings or conferences relating exclusively thereto) that could not reasonably be expected to affect the liability of, or otherwise have an adverse effect on, the Non-Controlling Party or any of its Affiliates. For purposes of this Agreement, "Controlling Party" shall mean Seller in the case of any Tax Proceeding of or with respect to the Company for any Pre-Closing Tax Period or, in the case of any Tax Proceeding of or with respect to the Company for any Straddle Tax Period, Seller if Seller and its Affiliates are reasonably expected to bear the greater Tax liability in connection with such Tax Proceeding, or Purchaser if Purchaser and its Affiliates are reasonably expected to bear the greater Tax liability in connection with such Tax Proceeding; and "Non-Controlling Party" means whichever of Seller or Purchaser is not the Controlling Party with respect to such Tax Proceeding.

(c) Notwithstanding anything to the contrary in this Agreement, Seller shall have the exclusive right to control in all respects, and neither Purchaser nor any of its Affiliates shall be entitled to participate in, any Tax Proceeding with respect to any consolidated, combined or unitary Tax Return of Seller; provided, however, that Seller shall notify Purchaser to the extent any such Tax Proceeding involves any issues that would materially adversely affect the Purchaser Tax Indemnified Parties, shall keep Purchaser reasonably appraised of the status of such Tax Proceeding with respect to such issues, shall consult with Purchaser regarding such issues, shall consider any comments of Purchaser in good faith and shall otherwise act in good faith with respect to such issues.

7.8 Cooperation and Exchange of Information.

(a) Not more than 60 days after the receipt of a request from Purchaser, Seller shall, and shall cause its Affiliates to, provide to Purchaser a package of Tax information materials, including schedules and work papers, requested by Purchaser to enable Purchaser to prepare and file all Tax Returns required to be prepared and filed by it with respect to the Company. Seller shall prepare such package completely and accurately, in good faith and in a manner consistent with Seller's past practice.

(b) Each Party shall, and shall cause its Affiliates to, provide to the other Party such cooperation, documentation and information as either of them reasonably may request in (i) preparing and filing any Tax Return, amended Tax Return or claim for refund, (ii) determining a liability for Taxes or an indemnity obligation under this Article VII or a right to refund of Taxes, or (iii) conducting any Tax Proceeding. Such cooperation, documentation and information shall include providing necessary powers of attorney, copies of all relevant portions of relevant Tax

Returns, together with all relevant portions of relevant accompanying schedules and relevant work papers, relevant documents relating to rulings or other determinations by taxing authorities and relevant records concerning the ownership and Tax basis of property and other relevant information that any such Party may possess. Each Party shall make its employees reasonably available on a mutually convenient basis at its own cost to provide an explanation of any documents or information so provided.

(c) Each Party shall retain (to the extent in its possession or the possession of its Affiliates) all Tax Returns, schedules and work papers, and all material records and other documents relating to Tax matters, of the Company for its Tax periods ending on or prior to or including the Closing Date until the later of (x) the expiration of the statute of limitations for the Tax periods to which the Tax Returns and other documents relate, or (y) eight years following the due date (without extension) for such Tax Returns. Thereafter, the Party holding such Tax Returns or other documents may dispose of them unless the other Party provides reasonable notice and requests the opportunity to take possession of any portion of such Tax Returns and other documents that relate solely to the Company at such other Party's own expense (provided, that any such notice must in any event be made in writing at least 60 days prior to such disposition).

7.9 Tax Sharing Agreements. On or before the Closing Date, the rights and obligations of the Company pursuant to all Tax sharing agreements or arrangements (other than this Agreement), if any, to which the Company, on the one hand, and any member of the Seller Group, on the other hand, are parties, shall terminate, and neither any member of the Seller Group, on the one hand, nor the Company, on the other hand, shall have any rights or obligations to each other after the Closing in respect of such agreements or arrangements.

7.10 Tax Treatment of Payments. Except to the extent otherwise required pursuant to a "determination" (within the meaning of Section 1313(a) of the Code or any similar provision of state, local or foreign Law), Seller, Purchaser, the Company and their respective Affiliates shall treat any and all payments under this Article VII, Section 2.7, and Article X as an adjustment to the Purchase Price for Tax purposes.

7.11 Transfer Taxes. Notwithstanding anything to the contrary in this Agreement, each of Purchaser, on the one hand, and Seller, on the other hand, shall pay, when due, and be responsible for, one half of any sales, use, transfer, real property transfer, registration, documentary, recording, stamp, value added, stock transfer or similar Taxes (including any penalties and interest) imposed on or payable in connection with the transactions contemplated by this Agreement ("Transfer Taxes"). The Party responsible under applicable Law for filing any Tax Returns with respect to such Transfer Taxes shall prepare and timely file such Tax Returns (after providing the other Party a reasonable opportunity to comment) and promptly provide a copy of such Tax Return to the other Party. Seller and Purchaser shall, and shall cause their respective Affiliates to, cooperate to timely prepare and file any such Tax Returns or other filings relating to such Transfer Taxes, including any claim for exemption or exclusion from the application or imposition of any Transfer Taxes; provided, that, notwithstanding any of the foregoing, neither Party nor their respective Affiliates shall be required to file any claim for exemption or exclusion from the application or imposition of any Transfer Taxes, or any claim for any reduction thereof, if such Party determines in its reasonable discretion that the filing of such claim or any related action would have an adverse effect on such Party or any of its Affiliates.

7.12 Timing of Payments. Any indemnity payment required to be made pursuant to this Article VII shall be made within ten days after the indemnified Party makes written demand upon the indemnifying Party, but in no case earlier than five days prior to the date on which the relevant Taxes or other amounts are required to be paid to the applicable taxing authority.

7.13 Tax Matters Coordination. Notwithstanding anything to the contrary in this Agreement, indemnification with respect to Taxes and the procedures relating thereto shall be governed exclusively by this Article VII, and the provisions of Article X shall not apply (other than Section 10.1(a)(ii)).

7.14 Section 338(h)(10) Election.

(a) Purchaser and Seller shall join in making an election under Section 338(h)(10) of the Code (or any similar provision of state or local Law) with respect to the purchase and sale of the Shares in accordance with this Agreement (the "Section 338(h)(10) Election"). Purchaser shall file the IRS Form 8023 (the "Form 8023"), and Purchaser shall prepare and deliver to Seller any similar state or local documents or forms required in connection with the Section 338(h)(10) Election at least 40 days prior to the date such documents or forms are required to be filed. Seller shall execute (or cause to be executed) and deliver to Purchaser such additional or substitute documents or forms prepared by and reasonably requested by Purchaser, including any similar state or local forms, as are reasonably requested by Purchaser to complete the Form 8023, or such similar state or local forms, at least ten (10) calendar days prior to the date such documents or forms are required to be filed.

(b) Purchaser shall prepare Part V and any other relevant portions of IRS Form 8883 (the "Proposed Form 8883") and deliver the Proposed Form 8883 to Seller within thirty (30) calendar days after the finalization of the Final Closing Statement. Purchaser and Seller shall make a good faith attempt to agree on the allocation of the Purchase Price and any other items treated as consideration among the assets of the Company. In the event that Purchaser and Seller do not reach such agreement, Purchaser and Seller are not required to file consistent with the allocation set forth on the Proposed Form 8883. If the Parties agree on the allocation (the "Agreed Allocation"), the allocation among the assets shall be updated, solely to the extent necessary to account for any other payment made after the Closing treated as an adjustment to the Purchase Price or any other items that are treated as consideration for U.S. federal and applicable state and local income tax purposes in a manner that is consistent with the Agreed Allocation. Purchaser and Seller shall each be bound by the Agreed Allocation, if the Parties reach such agreement, for all U.S. federal and applicable state and local income Tax purposes and in all Tax Returns and other filings, declarations and reports with the IRS or any other Governmental Entity, including IRS Forms 8883 and any other reports required to be filed under Section 338 of the Code. In any Tax Proceeding related to the determination of any Tax or on any Tax filing or any Tax Return, neither Purchaser nor Seller (nor their respective Affiliates) will take any position inconsistent with the Agreed Allocation, if applicable, unless otherwise required by applicable Law.

7.15 Tax Disputes. If any dispute between the Parties should arise regarding their respective rights and obligations pursuant to this Article VII (a "Tax Dispute"), Seller and Purchaser shall use commercially reasonable efforts to settle such Tax Dispute.

7.16 Purchaser Tax Acts. In each case solely with respect to the Company, none of Purchaser or any of its Affiliates (including, after the Closing, the Company) shall, following the Closing (including the portion of the Closing Date after the Closing), other than an action taken in the ordinary course of business, required by applicable Law, or contemplated hereunder, take any of the following actions, without the prior written consent of Seller (which consent shall not be unreasonably withheld, conditioned or delayed): (a) make any Tax election, or change in tax accounting period or method, with an effective date on or prior to the Closing Date or during a Straddle Tax Period, (b) amend any Tax Return for a Pre-Closing Tax Period or a Straddle Tax Period, (c) initiate or execute any voluntary disclosure agreement or similar agreement with any Tax authority with respect to a Pre-Closing Tax Period of the Company, or (d) extend the statute of limitations with respect to any Tax Return filed with respect to the Company for any Pre-Closing Tax Period or Straddle Tax Period, other than a Tax Return with respect to which there is a Tax Proceeding in which Purchaser is the Controlling Party, in the case of clauses (c) or (d), that could reasonably be expected to create any Tax obligation for which Seller would be liable under this Agreement.

(b) Covenants and Agreements. The covenants and agreements of Seller to be performed at or before the Closing in accordance with this Agreement shall have been performed in all material respects.

(c) No Business Material Adverse Effect. Since the date of this Agreement, no Business Material Adverse Effect shall have occurred.

8.3 Conditions to Seller's Closing Obligation. Seller's obligations to effect the transactions contemplated hereby are subject to the fulfillment or, to the extent permitted by applicable Law, waiver by Seller, at or prior to the Closing of the following additional conditions:

(a) Representations and Warranties. (i) The representations and warranties of Purchaser set forth in Section 4.1, Section 4.2 and Section 4.5 (collectively, the "Purchaser Fundamental Representations") shall be true and correct in all but *de minimis* respects as of the Closing as if made at and as of the Closing (or, if made as of a specific date, as of such date) and (ii) each of the other representations and warranties of Purchaser contained in Article IV (disregarding all qualifications as to materiality or Purchaser Material Adverse Effect contained therein) shall be true and correct as of the Closing as if made at and as of the Closing (or, if made as of a specific date, as of such date), except in the case of this clause (ii), where the failure of such representations and warranties to be true and correct would not reasonably be expected to have, individually or in the aggregate, a Purchaser Material Adverse Effect.

(b) Covenants and Agreements. The covenants and agreements of Purchaser to be performed at or before the Closing in accordance with this Agreement shall have been performed in all material respects.

(c) Officer's Certificate. Seller shall have received a certificate from Purchaser, signed on such Party's behalf by an executive officer of Purchaser, as applicable, stating that the conditions specified in Section 8.3(a) and Section 8.3(b) have been fulfilled.

(e) Other Closing Deliveries. Purchaser shall have delivered or caused to be delivered the items set forth in Section 2.3(b)(ii)(A).

8.4 Frustration of Closing Conditions. No Party may rely on the failure of any condition set forth in Section 8.1, Section 8.2 or Section 8.3, as the case may be, either as a basis for not consummating the Sale or any of the other transactions contemplated by this Agreement, or as a basis for terminating this Agreement, if such failure was caused by such Person's or its Affiliates' failure to act in good faith or to use the efforts to cause the Closing to occur that are required by this Agreement.

ARTICLE IX

TERMINATION

9.1 Termination. This Agreement may be terminated at any time prior to the Closing:

(a) by mutual written consent of Seller and Purchaser;

(b) by either Seller or Purchaser, if:

(i) the Closing shall not have occurred on or before June 30, 2024 (the "Outside Date"); provided that the right to terminate this Agreement under this clause (i) shall not be available to (x) any Party whose failure to perform in any material respect any of its covenants or agreements contained in this Agreement has been the cause of, or has resulted in, the failure of the Closing to occur on or before such date or (y) a Party if the other Party has filed (and is then pursuing) an Action seeking specific performance as permitted by Section 11.13; provided, further, that if, as of the end of the day on June 30, 2024, the condition to the Closing set forth in Section 8.1(b), has not been fulfilled but all other conditions to the Closing have been fulfilled or are capable of being fulfilled at the Closing, then the Outside Date will be September 30, 2024; provided, further, that if the Marketing Period has commenced but has not completed as of the Outside Date, the Outside Date may be extended (or further extended) by Purchaser on one occasion in its sole discretion by providing written notice thereof to Seller at least one (1) Business Day prior to the Outside Date until the date that is five (5) Business Days after the last scheduled expiration date of the Marketing Period;

(ii) Seller (in the case of a termination by Purchaser) or Purchaser (in the case of a termination by Seller) shall have breached or failed to perform in any material respect any of its respective representations, warranties, covenants or other agreements contained in this Agreement, and such breach or failure to perform (A) would give rise to the failure of a condition set forth in Section 8.2(a) or 8.2(b) (in the case of termination by Purchaser) or Section 8.3(a) or 8.3(b) (in the case of termination by Seller), and (B) (1) is incapable of being cured prior to the Outside Date or (2) if capable of being cured prior to the Outside Date, has not been cured prior to the earlier of (x) thirty (30) days after the date on which Seller or Purchaser, as applicable, receives notice of such alleged breach or failure to perform from the party seeking termination, stating such

Party's intention to terminate this agreement pursuant to Section 9.1(b)(ii) and the basis for such termination and (y) the Outside Date; provided that the right to terminate this Agreement under this Section 9.1(b)(ii) shall not be available to any Party if such Party is then in breach in any material respect of any of its respective representations, warranties, covenants or other agreements contained in this Agreement;

(iii) the condition in Section 8.1(a) is not satisfied and the Legal Restraint giving rise to the non-satisfaction shall have become final and non-appealable; provided that the right to terminate this Agreement under this Section 9.1(b)(iii) shall not be available to any Party if such Party shall have breached or failed to perform in any material respect any of its covenants or other agreements contained in this Agreement with respect to such Legal Restraint, including Section 5.5; or

(iv) any Governmental Entity that must grant a Required Regulatory Approval shall have denied such grant, and such denial shall have become final and non-appealable; provided that the right to terminate this Agreement under this Section 9.1(b)(iv) shall not be available to any Party if such Party shall have breached or failed to perform in any material respect any of its covenants or other agreements contained in this Agreement with respect to such consent, authorization or approval, including Section 5.5.

9.2 Notice of Termination. In the event of termination of this Agreement by either or both of Seller and Purchaser pursuant to Section 9.1, written notice of such termination shall be given by the terminating Party to the other.

9.3 Effect of Termination. In the event of termination of this Agreement by either or both of Seller and Purchaser pursuant to Section 9.1, this Agreement shall terminate and become void and have no effect, and there shall be no liability on the part of any Party, except as set forth in the Confidentiality Agreement; provided that termination of this Agreement shall not relieve any Party for Actual Fraud or liability for Willful Breach. For purposes hereof, "Willful Breach" shall mean a breach that is a consequence of a deliberate act or deliberate failure to act undertaken by the breaching Party with the knowledge that the taking of or failure to take, such act would cause in the failure of the transactions contemplated by this Agreement to be consummated; provided that, without limiting the meaning of Willful Breach, the Parties acknowledge and agree that any failure by any Party to consummate the transactions contemplated by this Agreement after the applicable conditions to the Closing set forth in Article VIII have been satisfied or waived (except for those conditions that by their nature are to be satisfied at the Closing, and which conditions would be capable of being satisfied at the time of such failure to consummate the Closing) shall constitute a Willful Breach of this Agreement by such Party. For the avoidance of doubt, in the event that all applicable conditions to the Closing set forth in Article VIII have been satisfied or waived (except for those conditions that by their nature are to be satisfied at the Closing, and which conditions would be capable of being satisfied at the time of such failure to consummate the transactions contemplated by this Agreement), but Purchaser fails to close for any reason, such failure to close shall be considered a Willful Breach by Purchaser. Notwithstanding anything to the contrary contained herein, the provisions of Section 3.21, Section 4.9, Section 5.7, the last sentence in Section 5.12(a) Section 10.7, Article XI and this Section 9.3 shall survive any termination of this Agreement.

FPSC EXH NO. 59
ADMITTED

9.4 Extension; Waiver. At any time prior to the Closing, either Seller or Purchaser may (but shall not be required to) (a) extend the time for performance of any of the obligations or other acts of the other Party, (b) waive any inaccuracies in the representations and warranties of the other Party contained in this Agreement or in any document delivered by the other Party pursuant to this Agreement or (c) subject to applicable Law, waive compliance with any of the agreements or conditions of the other Party contained in this Agreement. Any such extension or waiver shall be valid only if set forth in an instrument in writing signed by the Party granting such extension or waiver sent in accordance with Section 11.3 and referencing this Section of the Agreement.

ARTICLE X

INDEMNIFICATION

10.1 Survival of Representations, Warranties, Covenants and Agreements.

(a) The representations and warranties of Seller contained in this Agreement shall survive the Closing until the 12-month anniversary hereof; provided that (i) the Seller Fundamental Representations shall survive the Closing until the expiration of the applicable statute of limitations and (ii) the representations and warranties made pursuant to Section 3.15 shall survive until the date that is 30 days after the expiration of the applicable statute of limitations.

(b) The representations and warranties of Purchaser contained in this Agreement shall survive the Closing until the 12-month anniversary hereof; provided, that the Purchaser Fundamental Representations shall survive the Closing until the expiration of the application statute of limitations.

(c) The covenants and agreements contained herein that are to be performed at or prior to the Closing (other than pursuant to Section 5.5, Section 5.7, the first sentence of Section 5.15, Section 5.17, Section 5.19 and Section 7.5 (in each case to the extent that the covenants and agreements contained therein are to be performed at or prior to the Closing)) shall survive the Closing until the 12-month anniversary thereof, and written notice of a claim for breach of such covenant or agreement must be given by Purchaser to Seller or by Seller to Purchaser, as applicable, in accordance with the provisions hereof prior to such 12-month anniversary. All other covenants and agreements contained herein that by their terms are to be performed solely at or prior to Closing shall not survive the Closing. Any covenant and agreement to be performed, in whole or in part, after the Closing shall survive the Closing in accordance with its terms.

(d) Notwithstanding the foregoing, any claims asserted in connection with this Agreement in good faith with reasonable specificity (to the extent known at such time) and in writing by notice from the non-breaching Party to the breaching Party prior to the expiration date of the applicable survival period shall not thereafter be barred by the expiration of the relevant covenant, agreement, representation or warranty and such claims shall survive until finally resolved.

10.2 Indemnification by Seller.

(a) Subject to the provisions of this Article X and except with respect to Closing Payment Adjustments (which shall be governed exclusively by Article II) and indemnification for Taxes (which shall be governed exclusively by Article VII), effective as of and after the Closing, Seller shall indemnify and hold harmless Purchaser and its Affiliates, and each of their respective directors, officers, employees, agents and Representatives (collectively, the "Purchaser Indemnified Parties"), from and against any and all Losses incurred or suffered by any of the Purchaser Indemnified Parties arising out of or related to:

(i) any breach of any representation or warranty of Seller, at and as of the Closing as though made at and as of the Closing (unless made as of a specific date, in which case at and as of such date), contained in Article III (other than any representation or warranty of Seller contained in Section 3.15, the indemnification for which is governed exclusively by Article VII);

(ii) any breach of any covenant or agreement of Seller contained in this Agreement; and

(iii) the matters set forth on Section 10.2(a)(iii) of the Seller Disclosure Letter.

(b) Notwithstanding any other provision to the contrary (except with respect to indemnification for Taxes (which shall be governed exclusively by Article VII) and for Seller Benefit Plans and Business Employees (which shall be governed by Article VI)):

(i) for purposes of the determination of the existence or amount of any Losses (but not for the purposes of determining a breach) in respect of any such failure, any materiality or Business Material Adverse Effect standard or qualification contained in or otherwise applicable to such representation or warranty shall be disregarded;

(ii) Seller shall not be required to indemnify or hold harmless any Purchaser Indemnified Party against, or reimburse any Purchaser Indemnified Party for, any Losses: (A) to the extent the related Liabilities were reflected in, reserved for or taken into account in the determination of Working Capital on the Final Closing Statement or, with respect to indemnifiable Losses pursuant to Section 10.2(a)(i), were specifically reflected or reserved in the Business Financial Statements (but only to the extent such Liabilities are readily identifiable on the face of the Business Financial Statements as a breach of the applicable representation or warranty); (B) pursuant to Section 10.2(a)(i), for any claim unless such claim or series of related claims involve Losses in excess of $750,000 (the "De Minimis Amount") and if such Losses do not exceed the De Minimis Amount, such Losses shall not be applied to or considered for purposes of calculating the aggregate amount of the Purchaser Indemnified Parties' Losses under Section 10.2(a)(i); or (C) pursuant to Section 10.2(a)(i), until the aggregate amount of the Purchaser Indemnified Parties' Losses under Section 10.2(a)(i) exceeds one percent (1%) or the Purchase Price (the "Deductible"), after which Seller shall be obligated for the Purchaser Indemnified Parties' Losses under Section 10.2(a)(i) for the amount of such Losses that exceeds the Deductible; provided that any claim for indemnification under Section 10.2(a)(i) resulting from a breach of a Seller Fundamental Representation shall not be subject to the De Minimis Amount or the Deductible (collectively, the "Fundamental Indemnification Matters"); and

(iii) the cumulative indemnification obligations of Seller under Section 10.2(a)(i) (other than the Fundamental Indemnification Matters) shall in no event exceed, in the aggregate, ten percent (10%) of the Purchase Price (the "Cap"), and the cumulative indemnification obligations of Seller for the Fundamental Indemnification Matters, together with all other indemnification by Seller under this Agreement, shall in no event exceed, in the aggregate, the Purchase Price.

10.3 Indemnification by Purchaser and the Company.

(a) Subject to the provisions of this Article X and except with respect to indemnification for Taxes (which shall be governed exclusively by Article VII), effective as of and after the Closing, Purchaser shall, and shall cause the Company to, indemnify and hold harmless Seller and its Affiliates, and each of their respective directors, officers, employees, agents and Representatives (collectively, the "Seller Indemnified Parties"), from and against any and all Losses incurred or suffered by any of the Seller Indemnified Parties arising out of or related to:

(i) any breach of any representation or warranty of Purchaser, at and as of the Closing as though made at and as of the Closing (unless made as of a specific date in which case at and as of such date), contained in Article IV; and

(ii) any breach of any covenant or agreement of Purchaser contained in this Agreement.

(b) Notwithstanding any other provision to the contrary (except with respect to indemnification for Taxes (which shall be governed exclusively by Article VII)):

(i) Purchaser shall not be required to, and shall not be required to cause the Company to, indemnify or hold harmless any Seller Indemnified Party against, or reimburse any Seller Indemnified Party for, any Losses: (A) pursuant to Section 10.3(a)(i), for any claim unless such claim or series of related claims involve Losses in excess of the De Minimis Amount and if such Losses do not exceed the De Minimis Amount, such Losses shall not be applied to or considered for purposes of calculating the aggregate amount of the Seller Indemnified Parties' Losses under Section 10.3(a)(i); or (B) pursuant to Section 10.3(a)(i), until the aggregate amount of the Seller Indemnified Parties' Losses under Section 10.3(a)(i) exceeds the Deductible, after which Purchaser shall be obligated for the Seller Indemnified Parties' Losses under Section 10.3(a)(i) for the amount of such Losses that exceeds the Deductible; provided that any claim for indemnification under Section 10.3(a)(i) resulting from a breach of a Purchaser Fundamental Representation shall not be subject to the De Minimis Amount or the Deductible (collectively, the "Purchaser Fundamental Indemnification Matters"); and

(ii) the cumulative indemnification obligations of Purchaser and the Company under Section 10.3(a)(i) (other than the Purchaser Fundamental Indemnification Matters) shall in no event exceed, in the aggregate, the Cap, and the cumulative indemnification obligations of Purchaser and the Company for the Purchaser Fundamental Indemnification Matters, together with all other indemnification by Purchaser and the Company under this Agreement, shall in no event exceed, in the aggregate, the Purchase Price.

10.4 Indemnification Procedures.

(a) Third Party Claims. If any Person entitled to receive indemnification under this Agreement (an "Indemnitee") receives notice of any demand or claim by any Person who is neither a Party nor an Affiliate of a Party (a "Third Party Claim") which has or could reasonably give rise to a right of indemnification hereunder, or for which the Indemnitee may claim a right to indemnification hereunder from the other Party (the "Indemnifying Party"), the Indemnitee will promptly give written notice (a "Third Party Claim Notice") of such Third Party Claim to the Indemnifying Party. Any such Third Party Claim Notice shall (i) describe the nature, facts and circumstances of the Third Party Claim in reasonable detail, (ii) state the estimated amount of the indemnifiable Loss that has been or may be sustained by the Indemnitee, if practicable, (iii) state the method and computation thereof, and (iv) contain specific reference to the provision or provisions of this Agreement in respect of which such right of indemnification is claimed or arises. The Indemnitee shall provide the Indemnifying Party with such other information known to it or in its possession with respect to the Third Party Claim as the Indemnifying Party may reasonably request. For the purposes hereof, the matters set forth on Section 10.2(a)(iii) of the Seller Disclosure Letter shall be deemed to constitute a Third Party Claim.

(b) The Indemnifying Party, at its sole cost and expense, will in the case of a Third Party Claim have the right, upon written notice to the Indemnitee within 30 days (or such earlier time as may be required by the nature of the Third Party Claim) of receiving a Third Party Claim Notice, to assume the defense of the Third Party Claim through counsel reasonably satisfactory to the Indemnitee; provided, that the Indemnitee shall be entitled to retain its own counsel, at its expense, and the Indemnitee may assume control of the defense of the Third Party Claim at the Indemnifying Party's expense, if (i) upon the advice of Indemnitee's counsel, a conflict of interest exists (or would reasonably be expected to arise) that would make it inappropriate for the same counsel to represent both the Indemnifying Party and Indemnitee in connection with a Third Party Claim, (ii) the Indemnifying Party fails to diligently prosecute the defense of the Third Party Claim, or (iii) such Third Party Claim (A) seeks non-monetary relief against Indemnitee or (B) involves criminal or quasi criminal allegations; provided, further, that, if the aggregate dollar amount of a Third Party Claim, together with all other Third Party Claims of which the Indemnifying Party is aware or has received Third Party Claim Notices, and all costs and expenses reasonably estimated to be incurred in connection with the defense thereof, would exceed the Cap, the Indemnitee may, at its option, and to the extent in excess of the Cap at its sole cost and expense, assume the defense of the Third Party Claim with counsel of its choice upon written notice to the Indemnifying Party within 15 days of delivery of the related Third Party Claim Notice.

(c) Defense of Third Party Claims. If the Indemnifying Party assumes the defense of a Third Party Claim pursuant to Section 10.4(b), the Indemnifying Party will diligently pursue such defense, and will keep the Indemnitee reasonably informed with respect to such defense. The Indemnitee shall, and shall cause its Affiliates to, cooperate with the Indemnifying Party and its counsel, including making available to the Indemnifying Party all witnesses, pertinent records, materials and information in the Indemnitee's possession or under the Indemnitee's

control relating thereto as is reasonably required by the Indemnifying Party. The Indemnitee will have the right to participate in such defense, including appointing separate counsel, but the costs of such participation shall be borne solely by the Indemnitee. Subject to Section 10.4(b), the Indemnifying Party will, in consultation with the Indemnitee, make all decisions and determine all actions to be taken with respect to the defense and settlement of the Third Party Claim; provided, however, that the Indemnifying Party shall not pay, compromise, settle or otherwise dispose of such Third Party Claim without the prior written consent of the Indemnitee, which consent shall not be unreasonably withheld, conditioned or delayed, provided that it will not be deemed to be unreasonable for an Indemnitee to withhold its consent if (A) such payment, compromise, settlement or disposition does not involve solely the payment of money by the Indemnifying Party without recourse to the Indemnitee; (B) such payment, compromise, settlement or disposition involves a finding or admission of violation of any Law, Order or Permit or rights of any Person by the Indemnitee or its Affiliates; or (C) such payment, compromise, settlement or disposition does not contain an unconditional release of the Indemnitee from the subject matter of such payment, compromise, settlement or disposition. In no event will the Indemnifying Party have authority to agree, without the consent of the Indemnitee, to any relief binding on the Indemnitee other than the payment of money damages by the Indemnifying Party without recourse to the Indemnitee.

(d) Failure to Assume Defense. If the Indemnifying Party elects not to defend such Third Party Claim, fails to timely notify the Indemnitee in writing of its election to defend, or fails to diligently prosecute the defense of such Third Party Claim, the Indemnitee may defend such Third Party Claim and seek indemnification for any and all indemnifiable Losses based upon, arising from or relating to such Third Party Claim; provided, however, that the Indemnitee shall not pay, compromise, settle or otherwise dispose of such Third Party Claim without the prior written consent of the Indemnifying Party (which consent shall not be unreasonably withheld, conditioned or delayed).

(e) Direct Losses. Any claim by an Indemnitee on account of an indemnifiable Loss that does not result from a Third Party Claim (a "Direct Loss") will be asserted by giving the Indemnifying Party prompt written notice thereof, (i) describing the nature, facts and circumstances of such indemnifiable Loss in reasonable detail, (ii) stating the amount of the indemnifiable Loss that has been or may be sustained by the Indemnitee, if practicable, (iii) stating the method and computation thereof and (iv) containing specific reference to the provision or provisions of this Agreement in respect of which such right of indemnification is claimed or arises. The Indemnitee shall provide the Indemnifying Party with such other information with respect to the Direct Loss as the Indemnifying Party may reasonably request and shall cooperate with the Indemnifying Party and its counsel, including permitting reasonable access to books, records and personnel, in connection with determining the validity of any claim for indemnification by the Indemnitee and in otherwise resolving such matters. The Indemnifying Party will have a period of 30 Business Days within which to respond to such claim of a Direct Loss. If the Indemnifying Party rejects such claim, or does not respond within such period, the Indemnitee may seek enforcement of its rights to indemnification under this Agreement.

(f) Delay. A failure to give timely notice as provided in this Section 10.4 will affect the rights or obligations of a Party hereunder only to the extent that, as a result of such failure, the Party entitled to receive such notice was actually prejudiced as a result of such failure.

ADMITTED

Notwithstanding the foregoing, no claim for indemnification first made after the expiration of the applicable survival period with respect to the representation, warranty or covenant on which such claim is based set forth in Section 10.1 will be valid and any such claim shall be deemed time-barred.

(g) Conflict. Section 7.7, and not this Section 10.4, shall govern with respect to any Tax Proceedings.

10.5 Exclusive Remedy. Except with respect to the matters covered by Sections 2.5 through 2.7 (which shall be governed exclusively by such Sections), with respect to any matter relating to Taxes (which shall be governed exclusively by Article VII) and with respect to Seller Benefit Plans and Business Employees (which shall be governed exclusively by Article VI), except for the Parties' right to seek and obtain any equitable relief pursuant to Section 11.13, and except in the case of Actual Fraud, the Parties acknowledge and agree that, following the Closing, the indemnification provisions of Sections 10.2 and 10.3 shall be the sole and exclusive remedies of the Parties for any Liabilities or Losses (including any Liabilities or Losses from claims for breach of contract, warranty, tortious conduct (including negligence) or otherwise and whether predicated on common law, statute, strict liability, or otherwise) that each Party may at any time suffer or incur, or become subject to, as a result of, or in connection with the Sale or the other transactions contemplated hereby, including any breach of any representation or warranty in this Agreement by any Party, or any failure by any Party to perform or comply with any covenant or agreement that, by its terms, was to have been performed, or complied with, under this Agreement (but excluding the Transition Services Agreement). In furtherance of the foregoing, Seller and Purchaser hereby waive, on behalf of themselves and the other Seller Indemnified Parties and Purchaser Indemnified Parties, respectively, to the fullest extent permitted by applicable Law, any and all other rights, claims and causes of action (including rights of contribution, rights of recovery arising out of or relating to any Environmental Laws, claims for breach of contract, breach of representation or warranty, negligent misrepresentation and all other claims for breach of duty) that may be based upon, arise out of, or relate to the Business, the Company, this Agreement, the negotiation, execution or performance of this Agreement (including any tort or breach of contract claim or cause of action based upon, arising out of, or related to any representation or warranty made in or in connection with this Agreement or as an inducement to enter into this Agreement), or the transactions contemplated hereby, known or unknown, foreseen or unforeseen, which exist or may arise in the future, that it may have against the other arising under or based upon any Law, common law, or otherwise. Notwithstanding anything to the contrary contained in this Agreement, none of Seller, the Company, the Company's Subsidiaries or any other member of the Seller Group shall have any rights or claims against any Financing Source Party in connection with this Agreement, the Financing or the transactions contemplated hereby or thereby, and no Financing Source Party shall have any rights or claims against any of Seller, the Company, the Company's Subsidiaries or any other member of the Seller Group in connection with this Agreement, the Financing or the transactions contemplated hereby or thereby, whether based on a claim at law or in equity, in contract, tort or otherwise, with respect to any losses or damages suffered in connection with this Agreement or the transactions contemplated hereby or any oral representation made or alleged to be made in connection herewith; provided that, the foregoing will not limit the rights of the parties to the Financing under any commitment letter related thereto or any definitive documentation related thereto.

10.6 Additional Indemnification Provisions. With respect to each indemnification obligation contained in this Article X, all Losses shall be net of indemnity proceeds that have been recovered by the indemnified Party in connection with the facts giving rise to the right of indemnification (it being agreed that if indemnification proceeds in respect of such facts are recovered by the indemnified Party subsequent to the Indemnifying Party's making of an indemnification payment in satisfaction of its applicable indemnification obligation, such proceeds shall be promptly remitted to the Indemnifying Party to the extent that the indemnification payment made exceed the Losses incurred), and the indemnified Party shall use, and cause its Affiliates to use, commercially reasonable efforts to seek recovery under all indemnity provisions covering such Losses to the same extent as it would if such Losses were not subject to indemnification hereunder.

10.7 Limitation on Consequential Damages. Notwithstanding anything to the contrary elsewhere in this Agreement or provided for under any applicable Law, no Party will be liable to the other Party, either in contract or in tort, for any consequential, incidental, indirect, special, or punitive damages of the other Party, including business interruption, loss of future revenue, profits or income, diminution in value or loss of business reputation or opportunity, relating to the breach or alleged breach hereof or otherwise, and, in particular, no "multiple of profits," "multiple of cash flow," "multiple of assets" or similar valuation methodology shall be used in calculating the amount of any indemnifiable Losses. The exclusion of consequential, incidental, indirect, special, and punitive damages as set forth in the preceding sentence does not apply to any such damages actually paid to third parties by Purchaser or Seller, as the case may be, in connection with Losses that may be indemnified pursuant to this Article X after Closing.

10.8 Mitigation.

(a) Each of the Parties agrees to use its commercially reasonable efforts to mitigate its respective Losses upon and after becoming aware of any event or condition that would reasonably be expected to give rise to any Losses that are indemnifiable hereunder, and no Indemnifying Party shall be liable for any Losses to the extent they arise out of or result from the indemnified Party's failure to use commercially reasonable efforts to mitigate such Losses.

(b) The amount of any indemnifiable Loss will be reduced to the extent of any insurance proceeds, rate recovery or other payments actually received from an insurer or other third party with respect to an indemnifiable Loss, in each case, net of all costs of recovery. If the amount of any indemnifiable Loss, at any time subsequent to the making of an indemnity payment in respect thereof, is reduced by recovery, settlement, or payment under or pursuant to any insurance coverage, by rate recovery or by recovery, settlement, or payment by or against any other Person, the amount of such reduction (net of all costs of recovery) will be repaid by the Indemnitee to the Indemnifying Party reasonably promptly following actual receipt or credit of such amounts.

This Agreement and all of the provisions hereof will be binding upon and inure to the benefit of Seller and Purchaser and their respective successors and permitted assigns, but neither this Agreement nor any of the rights, interests or obligations hereunder may be assigned by Seller or Purchaser without the prior written consent of Seller (in the case of an assignment by Purchaser) or of Purchaser (in the case of assignment by Seller). Notwithstanding the foregoing, (a) Seller shall be permitted to assign its rights and obligations under this Agreement, individually or collectively, to one or more of its wholly owned, direct or indirect Subsidiaries with prior written notice to Purchaser and (b) Purchaser shall be permitted to assign its rights and obligations under this Agreement, individually or collectively, to one or more of its wholly owned, direct or indirect Subsidiaries with prior written notice to Seller; provided, however, that no such assignment shall relieve a Party of, or constitute a discharge of, any of such Party's liabilities and obligations under this Agreement. 11.5 No Third Party Beneficiaries. Except for Sections 5.17, 7.1, 7.2, 10.2 and 10.3, in each case which are intended to benefit, and to be enforceable by, the parties specified therein, this Agreement, together with the Exhibits and Schedules hereto, are not intended to confer in or on behalf of any Person not a Party (and their successors and assigns) any rights, benefits, causes of action or remedies with respect to the subject matter or any provision hereof; provided, that the Financing Parties and each of their respective Affiliates and their respective current, former and future direct or indirect equity holders, controlling persons, stockholders, directors, officers, employees, agents, Affiliates, members, managers, general or limited partners, assignees or representatives (each, a "Financing Source Party" and, collectively, the "Financing Source Parties") shall be express third-party beneficiaries with respect to Section 10.5, Section 11.1, Section 11.4, this Section 11.5, Section 11.7, Section 11.11 and Section 11.12.

11.6 Expenses. Except as otherwise set forth in this Agreement, whether the transactions contemplated by this Agreement are consummated or not, all legal and other costs and expenses incurred in connection with this Agreement and the transactions contemplated by this Agreement shall be paid by the Party incurring such costs and expenses unless expressly otherwise contemplated in this Agreement.

11.7 Governing Law. This Agreement (as well as any claim or controversy arising out of or relating to this Agreement or the transactions contemplated hereby) shall be governed by and construed in accordance with the Laws of the New York, without regard to the conflicts of laws rules thereof that would otherwise require the Laws of another jurisdiction to apply.

11.8 Severability. Any term or provision of this Agreement that is invalid or unenforceable in any situation in any jurisdiction will not affect the validity or enforceability of the remaining terms and provisions hereof or the validity or enforceability of the offending term or provision in any other situation or in any other jurisdiction. Upon such determination that any term or other provision is invalid or unenforceable, the Parties shall negotiate in good faith to modify this Agreement so as to effect the original intent of the Parties as closely as possible in order that the transactions contemplated by this Agreement be consummated as originally contemplated to the greatest extent possible.

11.9 Entire Agreement. This Agreement will be a valid and binding agreement of the Parties only if and when it is fully executed and delivered by Seller and Purchaser, and until such execution and delivery no legal obligation will be created by virtue hereof. This Agreement, the Seller Disclosure Letter, the Confidentiality Agreement and the Transition Services Agreement, together with the Exhibits and Schedules hereto and thereto and the certificates and instruments delivered hereunder or in accordance herewith, embodies the entire agreement and understanding of Seller and Purchaser in respect of the transactions contemplated by this Agreement. This Agreement, the Seller Disclosure Letter, the Confidentiality Agreement and the Transition Services Agreement supersede all prior agreements and understandings between Seller, on the one hand, and Purchaser, on the other hand, with respect to the matters contemplated hereby. None of this Agreement, the Seller Disclosure Letter, the Confidentiality Agreement or the Transition Services Agreement shall be deemed to contain or imply any restriction, covenant, representation, warranty, agreement or undertaking of Seller or Purchaser with respect to the transactions contemplated hereby or thereby other than those expressly set forth herein or therein or in any document required to be delivered hereunder or thereunder.

11.10 Delivery. This Agreement, and any certificates and instruments delivered hereunder or in accordance herewith, may be executed in multiple counterparts (each of which will be deemed an original, but all of which together will constitute one and the same instrument). Signatures to this Agreement transmitted by facsimile transmission, by electronic mail in "portable document format" (.pdf) form, or by any other electronic means intended to preserve the original graphic and pictorial appearance of a document, will have the same effect as physical delivery of the paper document bearing the original signature.

11.11 Waiver of Jury Trial. ***Each of the Parties hereby irrevocably waives, to the fullest extent permitted by Law, any and all right to trial by jury in any Action arising out of or related to this Agreement or the Transition Services Agreement or any of the transactions contemplated hereby or thereby (including any legal action, proceeding or counterclaim (based on contract, tort or otherwise) against the Financing Source Parties arising out of or related to the transactions contemplated hereby, the Financing Letters, the Financing or the performance of services with respect thereto)***.

11.12 Submission to Jurisdiction. Each of Seller and Purchaser irrevocably agrees that any Action arising out of or relating to this Agreement brought by the other Party (or any of their respective successors or assigns) shall be brought and determined exclusively in any state or federal court sitting in the Southern District of the State of New York, and each of Seller and Purchaser hereby irrevocably submits to the exclusive jurisdiction of the aforesaid courts for itself and with respect to its property, generally and unconditionally, with regard to any such Action arising out of or relating to this Agreement and the transactions contemplated hereby. Each of Seller and Purchaser agrees not to commence any Action relating thereto except in the courts described above in New York, other than Actions in any court of competent jurisdiction to enforce any judgment, decree or award rendered by any such court in New York as described herein. Each of Seller and Purchaser further agrees that notice as provided herein shall constitute sufficient service of process and each of Seller and Purchaser further waives any argument that such service is insufficient. Each of Seller and Purchaser hereby irrevocably and unconditionally waives, and agrees not to assert, by way of motion or as a defense, counterclaim or otherwise, in any Action arising out of or relating to this Agreement or the transactions contemplated hereby, (a) any claim that it is not personally subject to the jurisdiction of the courts in New York as described herein for any reason, (b) that it or its property is exempt or immune from jurisdiction of any such court or from any legal process commenced in such courts (whether through service of notice, attachment prior to judgment, attachment in aid of execution of judgment, execution of judgment or otherwise) and (c) that (i) the Action in any such court is brought in an inconvenient forum, (ii) the venue of such Action is improper or (iii) this Agreement, or the subject matter hereof, may not be enforced in or by such courts. Notwithstanding anything to the contrary in this Agreement, each Party (on behalf of itself and its Affiliates) (i) agrees that it will not bring or support any action, cause of action, claim, cross-claim or third-party claim of any kind or description, whether in law or in equity, whether in contract or in tort or otherwise, against the Financing Source Parties in any way relating to this Agreement, including any dispute arising out of the Financing Letters or the performance thereof or the Financing, in any forum other than the Supreme Court of the State of New York, County of New York, or, if under applicable law exclusive jurisdiction is vested in the Federal courts, the United States District Court for the Southern District of New York in the County of New York (and of the appropriate appellate courts therefrom), (ii) submits for itself and its property with respect to any such action to the exclusive jurisdiction of such courts,

FPSC EXH NO. 59

(iii) agrees that service of process, summons, notice or document by registered mail addressed to it at its address provided in Section 11.3 shall be effective service of process against it for any such action brought in any such court, (iv) waives and hereby irrevocably waives, to the fullest extent permitted by law, any objection which it may now or hereafter have to the laying of venue of, and the defense of an inconvenient forum to the maintenance of, any such action in any such court and (v) agrees that a final judgment in any such action shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law.

11.13 Specific Performance. Each of Seller and Purchaser agrees that irreparable damage would occur in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms or were otherwise breached. Accordingly, each of Seller and Purchaser shall be entitled to specific performance of the terms hereof, including an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement in any state or federal court sitting in the Southern District of the State of New York, this being in addition to any other remedy to which they are entitled at law or in equity. Each of Seller and Purchaser hereby further waives (a) any defense in any action for specific performance that a remedy at law would be adequate and (b) any requirement under any Law to post security as a prerequisite to obtaining equitable relief.

11.14 Disclosure Generally. Notwithstanding anything to the contrary contained in the Seller Disclosure Letter or in this Agreement, the information and disclosures contained in any Seller Disclosure Letter shall be deemed to be disclosed and incorporated by reference with respect to any other representation or warranty of Seller for which applicability of such information and disclosure is reasonably apparent on its face. The fact that any item of information is disclosed in any Seller Disclosure Letter shall not be construed to mean that such information is required to be disclosed by this Agreement. Such information and the dollar thresholds set forth herein shall not be used as a basis for interpreting the terms "material" or "Business Material Adverse Effect" or other similar terms in this Agreement.

11.15 Provision Respecting Legal Representation. Each Party agrees, on its own behalf and on behalf of its Affiliates, that Norton Rose Fulbright US LLP may serve as counsel to Seller and the Company in connection with the negotiation, preparation, execution and delivery of this Agreement and the Transition Services Agreement and the consummation of the transactions contemplated hereby and thereby, and that, following consummation of the transactions contemplated hereby and thereby, Norton Rose Fulbright US LLP (or any successors) may serve as counsel to Seller or any Affiliate or Representative of Seller, in connection with any Action or obligation arising out of or relating to the transactions contemplated hereby and thereby notwithstanding such prior representation of the Company, and each Party consents thereto and waives any conflict of interest arising therefrom.

11.16 Privilege. Purchaser, for itself and its Affiliates, and its and its Affiliates' respective successors and assigns, hereby irrevocably and unconditionally acknowledges and agrees that all attorney-client privileged communications between Seller, the Company and their respective current or former Affiliates or Representatives and their counsel, including Norton Rose Fulbright US LLP, made before the consummation of the Closing to the extent relating to the negotiation, preparation, execution, delivery of this Agreement and the Transition Services Agreement, and the consummation of the transactions contemplated hereby and thereby which,

immediately before the Closing, would be deemed to be privileged communications and would not be subject to disclosure to Purchaser (or would otherwise not be disclosable to Purchaser without losing any such right of privilege) in connection with any Action arising out of or relating to this Agreement, shall continue after the Closing to be privileged communications with such counsel and neither Purchaser nor any of its Affiliates (including after the Closing, the Company) shall seek to obtain the same by any process on the grounds that the privilege attaching to such communications belongs to Purchaser, the Company or the Business, or on any other grounds.
