To Whom It May Concern,

I live in Cypress Lakes Golf Community and our water service is handles by this horrible company. Every few months, they request another rate increase, which, as history shows, YOU have always approved!

We are now paying \$60 per month for water base charge and wastewater base charge. This is without utilizing a drop of water! That is higher than my Electric Bill!

The worst part is, this so called “water” either smells like a sewer, or bleach, or chlorine. It destroys your pipes, your faucets, and anything that it comes in contact with. You cannot drink it.. I’m afraid to cook with it.. not to mention what it does to your shower!

We have 1600 mobile homes in this community and every one of us are continually calling this company to complain about the smells!

We are fed up with the continued rate increases one after another every few months!

PLEASE, PLEASE, PLEASE, do NOT approve another increase!
