**FLORIDA PUBLIC SERVICE COMMISSION**

DOCKET      2025-0088-WU

Sun Communities Finance  
d/b/a            Water Oak Utility

I am writing to formerly object to the proposed water rate increase announced for my account/residence located at 522 Rahm Way in the Water Oak community.

This proposed increase appears unreasonable, particularly given current economic conditions and the impact on the current residents many, like myself on a fixed and modest income.

According to our received notice, the proposed rate increase will increase my monthly exposure by 400%, resulting in a substantial rise in our monthly charges.

As a longstanding resident here in Water Oak, I fully understand the need to maintain infrastructure and ensure reliable service however, rate increases should be reasonable, transparent and proportionate.

I urge the Florida Public Service Commission to give careful consideration to the scale of this proposed increase or to implement a more gradual adjustment to assist this heavy burden on the Water Oak residents.

Thank you for your attention to this important matter.

Glen & Dinah Schiegner
