Subject: Opposition to Proposed Sun Communities Water Oak Utility - Water Rate Increase - DOCKET NO. 20250088

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Dear Florida Public Service Commissions Clerk,

My husband and I have been Water Oak residents and also customers of Water Oak Utility for over 4 years now. We were very upset to receive

the information about the possible severe Water Rate increase stated in Docket No. 20250088 for all of Water Oak Residents who will be affected

and many of us who live on fixed incomes and will cause financial hardships.

We feel we should only be paying for the water we use inside our home and to water the lawn our home is sitting on only, even though the land is

owned by Water Oak and not even owned by us. The monthly rent we pay to Water Oak that increases every year should be covering the water

used to water the lawn on the golf courses, the water used at the Restaurant, the water used in the community pools and hot tubs, the water used

throughout the property of the Water Oak Community, and any water that is used due to Community water line breaks and leaks.

We respectfully urge the Commission to reject or significantly reduce the proposed rate increase for all the residents of the Water Oak Community.

We are urging the Commission strict scrutiny of all costs in the Docket No. 20250088 - WU before any severe rate increase is approved.

Cheryl and Gualberto Senor
