To Whom It Concerns:

We are writing to formally protest the proposed 400 percent increase with our water/wastewater at Water Oak Country Club that is owned by Sun Communities. It is a 55+ community. We own a manufactured home here.

We find this proposed increase to be highly disproportionate to the cost of service.

We are requesting this letter to be counted as a formal and written objection to this increase.

The company has not provided sufficient evidence that the infrastructure improvements or costs justify a 400 percent increase to our household of 2 people.

We also request that the PSC thoroughly investigates the rate- setting methodology of the Water Company. We have owned here since 2022. We have never seen a water meter reader outside our home or for that matter a meter itself to view our water usage. We don't understand how the usage is billed and calculated for our home.

Please review our billing history to verify the accuracy of our past bills and verify the accuracy of the proposed hike.

We also suggest that an auditing firm outside Sun Communities should be sent to investigate this matter to see any discrepancies that we are dealing with.

Thank you for your understanding on this urgent matter.

Sincerely,

James and Laurene Eul
