As a member of the Water Oak Community in Lady Lake, Florida, I strongly oppose the attempt by Sun Community, Inc. to raise the water bills of myself and fellow home owners. I request that this letter be counted as a formal written objection to this increase. An increase of this magnitude is not sustainable, particularly given that I am a single fixed income household. The company has not provided sufficient evidence that the infrastructure improvements or costs justify a 400% increase to my household.
