I am writing to issue a complaint regarding the water rate increase for Water Oak Community under docket no. listed above and owned by Sun Communities Finance LLC, DBA Water Oak Utility.

The proposed increase is extremely unfair. I live in Water Oak, located in Lady Lake, Fl. In this community, every single faucet, spigot, toilet and sprinkler head that isn't privately owned by a resident is owned by the corporation. According to the Florida PSC, the expense of processing and pumping 32% of the well water will now be put on the residents who have no control of its use.

According to the prospectus every homeowner receives when we agree to rent in this community, defines that our responsibility for utilities begins at the meter. (most of the meters here are not working properly, damaged, defective and just plain cheap and they will not address this situation.)

I reject Sun Communities attempt to avoid paying for its own water use for its obligation to manage and maintain their property.

Sincerely,  
Roseann Barton, 756 Trevino Dr, Lady Lake, Fl 32159
