CUSTOMER COMMENTS

The proposed rate increase is absurd! If my water bill is presently \$15.14 it will go to \$111.42?

I put in NEW SOD 9 months after moving here at a cost of \$2000. And, I don't own the land! My water bills over the next 3 months totaled approx \$1097. Did I mention I don't own the land - meaning the NEW sod I put down & I paid for now belong to the community, not me. This increase in H₂O is ridiculous, unfair, and seemingly "corrupt". If this goes into effect I may have to quit WaterOak CCE.

I'm a single person, one income. There seems to be no reason stated for an increase in water. Management of Sun Communities? Overpaying TOP employees? Why should the "little people" suffer?
