I am writing to ask that the proposed water hike for Water Oak Community/sun homes be denied. Our community has several people on fixed incomes who have lived here for many years. This outrageous hike would be devastating for them. When reviewing the documents sent to you from Water Oaks, there are several questionable statements. The audit has things that show poor record keeping and lack of accountability. The water meters have been a problem since their installation. Several have needed replacement. It also is not clear who is paying for nonresidential areas. Some things mentioned should be included under Water Oaks Capital budget and not requested in the documents included in their application to justify their request for water usage increase. I ask that this request be denied. Thank you for your review of this matter. Celeste Green
