To Whom It May Concern, In the matter of the water increase that Sun Communities is asking for I wish to state my feelings on this matter. My husband and I have lived here for over 20 years. We have seen many changes in this community over the years. Every year the rent goes up and everything else goes up too except our retirement income. We just can not afford the increase that Sun wants to charges us.

Both of us are Diabetic. Our medications are getting more expensive. How can a company ask for an increase in water rates that would cost the consumer more than over \$325.00 a year based on the figures that Sun Homes sent in the letter to us.

Please say NO to the increase!!
