My name is Bruce Boyle and I have lived at 203 Maple Drive at WaterOak for 6 years.

I am writing to object to the proposed water rate increase.

You sent a very long document explaining how to register to be a part of the on-line discussion on Tuesday January 20, 2026. for the sole purpose of discussing a price increase by the PSC.

I was not able to attend a HOME OWNERS ASSOCIATION meeting this afternoon, so I am not sure I learned all that was shared. I do know that I am struggling and am looking forward to some of the every day savings that we are seeing NOW due to the promises that are a result of lower gasoline prices and food costs.

I don't know how soon you plan to implement the new figures, but i would ask you to reconsider

the amount of the increase for those of us who don't live in "The Villages,Florida" for a reason. And secondly, because you have your financial reasons for raising prices such as wages, I would respectfully request that you not implement your plan until the first of the year.....or at least until the "promised" refund to those of us who are lower income individuals is made.

What little I know about your proposed rate increase.....I oppose it. If it is going to happen, I hope and pray that you will take my above mentioned thoughts under consideration.

Very sincerely,

Bruce D.Boyle
