To Whom It May Concern,

I am writing to formally protest the proposed 400 percent increase with our water/wastewater at Water Oak Country Club in Lady Lake. I understand prices must keep up with inflation but the amount requested is uncalled for. Water Oak Country Club is owned by Sun Communities, a 55+ mobile home park. I find this proposed increase to be unjust, and disproportionate to the cost of service, specially for those of us who are living on fixed incomes. There are 17 general services which account for over 30% of the water processed and pumped is not accounted for. Why are the residents responsible for this? I feel there needs to be much more investigating to see why such a high increase in being requested.

I request that this letter be counted as a formal, written objection to this increase.

I request that the PSC thoroughly investigate the rate-setting methodology.

Sincerely,
Nancy Mahoney
