Please reconsider the extreme raise of our water rates. We are both retired and do not get extra money coming in. We already pay between 60 to 70 dollars a month for our water. We try to conserve as much as possible. However, it does not help out much with our bill.

Honestly, I don't know how we will be able to pay if it doubles or triples as we were told.

Please help out the elderly, someday you too will be there and need help.

Thank you,

Linda Nicolli
