Docket Number 20250052-WS I live in Marion County and have water through CSWR formerly Sunshine Utilities. While I respect the need for an increase, the plan to consolidate the different systems to pay the same rates is too extreme. For me, this would mean an increase of 377%! There's a reason the prior owners charged different rates - their service areas and infrastructure was different. To bring them all together in one big move seems excessive.
