This email is in regard to the proposed increase in water fees at the Landings mobile home park in Haines City (you are referring to it as Plantation Landings).

I am totally against any increase to our water fees.

We have had a very large increase this year in our lot fees which began January 2026.

The increase in the lot fees should more than cover any water increases.

The owners of this mobile home park made a huge profit in previous years and yet they continue to make constant increases to the people in this park with constant lot fee increases.

I request that you do not allow any water increases to be passed on to those living in this mobile home park.

Thank you for your help with this issue.
