Comment: I have lived at Water Oak for 6 years. My wife and I are on a fixed income of social security. In addition, I am disabled. I feel that a 400 % increase in our water rate would be a severe hardship. Everyone here is 55+. Our social security increased 2.8%, most of which went to the Medicare increase. Our lot rent went up, and our medical co-pays went up.

In addition, how can they say we must pay more when we were given very short notice, many meters do not work properly and a % of water isn't pd? I am extremely frustrated by the lack of accuracy in their numbers. Also, other people in Lady Lake aren't paying these rates.

This increase isn't warranted and I strongly oppose it. Please demand a full accounting per household, and deny this request. Thank you for your consideration to this important matter
