Hello,

I am writing to oppose any water rate increase at Plantation Landings. The high cost of everything is increasing dramatically to the point of exhaustion and despair.

This is a large corporation worth millions and this appears to be a very large increase. I believe in paying for good service but that is not the case at the Landings. I have a water softener and filter drinking water twice before consuming, as the water quality is terrible here. There are constant interruptions to the water service forcing us to boil water on many occasions.

Thank you for your attention to my comments.

Sincerely,

John Bliss 4 Ohara Drive
