We strongly oppose this water rate increase. This puts a strain on the residents who are mostly retirees on fixed incomes. As we are now required to water our lawns twice a week this certainly will add additional costs to our already high rates. The pass thru taxes nearly doubled this year as well. It seems as though the large corporations who own these retirement communities are more interested in large profits than providing a safe, comfortable place for elderly retirees to live out their remaining years in a beautiful and warm environment here in Florida.
