Seenlake Estate water increase

DOCKET # 20250108-WS

I oppose the water increase of suggested amount 78% - 190%

The increase is excessive and considering Seenlakes isn't giving residents info on how to contact and complain, to speak out on billing.

We are all struggling to make our payments, increasing to 5.4% on rent.

Seenlakes wants lawns to be watered twice a week and no break on summer.

Residents should not be responsible for fixing all unrepairable equipment, which Seen. hasn't put any money 'back' into this park.

Please deny this excessive increase.

We want reliable housing we can afford.

Thank you
Dier Cechy
