I am writing to express my concerns regarding the proposed water changes and potential long

term impact on myself and the residents and infrastructure in Sunlake Estates Community. This drastic increase is unwarranted and will place a financial burden on most households living on a fixed income in our community.

Our prospectus mandates that we water our lawns twice a week and annual pressure washing of our homes. I have lived here for 28 years and the breaks in the water system yearly is almost monthly and water is gushing down the street and wasted because the answer is just to put a bandaid on the problem.

I respectfully ask that our concerns be fully considered before any approval be granted

Thank you
