Re: Docket No. 20240149-EI  
Petition for limited proceeding for recovery of incremental storm restoration costs  
related to Hurricanes Debby, Helene, and Milton, by Florida Power & Light  
Company

Dear Mr. Teitzman:

Enclosed for filing on behalf of Florida Power & Light Company ("FPL") is FPL's  
response to Staff's Fourth Data Request (Nos. 1-8) in Docket No. 20240149-EI.

Thank you for your assistance. Please contact me should you or your staff have any  
questions regarding this filing.

Sincerely,

/s/ Joel T. Baker

Joel T. Baker

**Florida Power & Light Company  
Docket No. 20240149-EI  
Staff's Fourth Data Request  
Request No. 1  
Page 1 of 1**

**QUESTION:**

Refer to Exhibit AM-1 and Appendix B for Hurricane Debby, please explain why there was a reduction in costs from the petition to the testimony in the amounts identified below for each of the following categories:

- a. Regular Payroll and Related Costs - \$1.389 million
- b. Overtime Payroll and Related Costs - \$0.153 million
- c. Other - \$5.754 million

**RESPONSE:**

The variances regarding the referenced cost categories cannot be attributed to any specific individual cost driver(s), but rather are a fallout resulting when comparing the actual costs for each item to those originally estimated through the process described in FPL's Response to Staff's Third Data Request, No. 1.

- a. Regular Payroll and Related Costs – Final costs were \$3.018 million, or 32% less than originally estimated
- b. Overtime Payroll and Related Costs - Final costs were \$8.650 million, or 2% more than originally estimated
- c. Other - Final costs were \$1.910 million, or 75% less than originally estimated

**Florida Power & Light Company  
Docket No. 20240149-EI  
Staff's Fourth Data Request  
Request No. 2  
Page 1 of 1**

**QUESTION:**

Refer to Exhibit AM-1 and Appendix B for Hurricane Debby, please explain why the total capitalizable costs were reduced by \$2.177 million from the petition to the testimony.

**RESPONSE:**

The variance in the total capitalizable storm costs related to Hurricane Debby cannot be attributed to any specific individual cost driver(s), but rather is a fallout resulting when comparing the actual capitalizable costs to those originally estimated through the process described in FPL's Response to Staff's Third Data Request, No. 1. Capitalizable costs were \$14.887 million, or 13% less than originally estimated.

**Florida Power & Light Company

Staff's Fourth Data Request  
Request No. 3  
Page 1 of 1**

**QUESTION:**

Refer to Exhibit AM-1 and Appendix B for Hurricane Debby, please explain why the total ICCA adjustments were reduced by \$0.395 million from the petition to the testimony.

**RESPONSE:**

The variance in the total ICCA adjustments related to Hurricane Debby cannot be attributed to any specific individual cost driver(s), but rather is a fallout resulting when comparing the actual ICCA adjustments to those originally estimated through the process described in FPL's Response to Staff's Third Data Request, No. 1. The ICCA adjustments were \$3.591 million, or 10% less than originally estimated.

**QUESTION:**

Refer to Exhibit AM-2 and Appendix C for Hurricane Helene, please explain why there was an increase in costs from the petition to the testimony in the amounts identified below for each of the following categories:

- a. Regular Payroll and Related Costs - \$0.575 million
- b. Overtime Payroll and I:\ESR Related Costs - \$0.049 million
- c. Other - \$1.189 million

**RESPONSE:**

These referenced variances related to Hurricane Helene cannot be attributed to any specific individual cost driver(s), but rather are a fallout resulting when comparing the actual costs for each item to those amounts originally estimated through the process described in FPL's Response to Staff's Third Data Request, No. 1.

- a. Regular Payroll and Related Costs – Final costs were \$4.730 million, or 14% greater than originally estimated
- b. Overtime Payroll and Related Costs – Final costs were \$11.174 million, or 0% greater than originally estimated
- c. Other – Final costs were \$3.227 million, or 58% greater than originally estimated

Request No. 5  
Page 1 of 1**

**QUESTION:**

Refer to Exhibit AM-2 and Appendix C for Hurricane Helene, please explain why the total capitalizable costs were increased by \$4.816 million from the petition to the testimony.

**RESPONSE:**

The variance in the total capitalizable storm costs for Hurricane Helene cannot be attributed to any specific individual cost driver(s), but rather is a fallout resulting when comparing the actual capitalizable costs to those originally estimated through the process described in FPL's Response to Staff's Third Data Request, No. 1. Capitalizable costs were \$22.006 million, or 28% greater than originally estimated.

Request No. 6  
Page 1 of 1**

**QUESTION:**

Refer to Exhibit AM-2 and Appendix C for Hurricane Helene, please explain why the total ICCA adjustments were increased by \$0.888 million from the petition to the testimony.

**RESPONSE:**

The variance in the total ICCA adjustments for Hurricane Helene cannot be attributed to any specific individual cost driver(s), but rather is a fallout resulting when comparing the actual ICCA adjustments to those originally estimated through the process described in FPL's Response to Staff's Third Data Request, No. 1. The ICCA adjustments were \$2.476 million, or 56% greater than originally estimated.

QUESTION:

Refer to Exhibit AM-3 and Appendix D for Hurricane Milton, please explain why there was a reduction in the total capitalizable costs from the petition to the testimony by \$8.488 million.

RESPONSE:

The variance in the total capitalizable storm costs for Hurricane Milton cannot be attributed to any specific individual cost driver(s), but rather is a fallout resulting when comparing the actual capitalizable costs to those originally estimated through the process described in FPL's Response to Staff's Third Data Request, No. 1. Capitalizable costs were \$94.198 million, or 8% less than originally estimated.

**Florida Power & Light Company  
Docket No. 20240149-EI  
Staff's Fourth Data Request  
Request No. 8  
Page 1 of 1**

**QUESTION:**

Refer to Exhibit AM-3 and Appendix D for Hurricane Milton, please explain why there was a reduction in the total ICCA adjustments from the petition to the testimony by \$3.581 million.

**RESPONSE:**

The variance in the total ICCA adjustments for Hurricane Milton cannot be attributed to any specific individual cost driver(s), but rather is a fallout resulting when comparing the actual ICCA adjustments to those originally estimated through the process described in FPL's Response to Staff's Third Data Request, No. 1. The ICCA adjustments were \$4.632 million, or 44% less than originally estimated.
