Discussion of Issues

Issue 1: Should Tamiami's proposed tariff change for the RV Park be suspended?

Recommendation: Yes. Tamiami's proposed tariff change for the RV Park should be suspended. (Joyce, Jaeger)

Staff Analysis: Section 367.091(6), Florida Statutes, provides that the Commission "may withhold consent to the operation of any or all portions of the new rate schedules, by vote to that effect within 60 days giving a reason or statement of good cause for withholding its consent. The Commission shall render its final decision on the application within 8 months after the official day of filing."

Staff has reviewed the filing and has considered the information filed in support of the tariff change. Staff recommends that it is necessary to require further investigation of this information. Based on the foregoing, staff recommends that it is appropriate to suspend the utility's proposed new rate schedule.
