GCL: Gervasi, Fleming, Jaeger

<u>Issue 1</u>: Should OPC and AUF's Requests for Oral Argument on the Joint Motion to Dismiss filed by OPC and the AG be granted?

**Recommendation:** Yes. The Requests for Oral Argument on the Joint Motion to Dismiss should be granted. Parties should be allotted up to 15 minutes for each side (OPC/AG and AUF) to address the Commission on Issue 2.

<u>Issue 2</u>: Should the Joint Motion to Dismiss AUF's request for an increase in water and wastewater rates filed by OPC and the AG be granted?

Recommendation: Yes. The Joint Motion to Dismiss should be granted. AUF's Minimum Filing Requirements (MFRs) regarding its operating expenses are irreparably flawed, the utility has failed to provide sufficient or timely supporting documentation in response to discovery and audit requests to support its rate request, and failed to fully comply with two Orders compelling discovery responses by dates certain. AUF's request for a general rate increase should also be dismissed because the MFRs are irreparably flawed with respect to 1) projected plant additions and 2) engineering data. In addition, AUF has not provided sufficient documentation regarding the historical number of bills rendered or the number of gallons sold during either the 2005 test year or during 2006, its 2005 and 2006 gallons data are irreparably flawed, and AUF has failed to support its 2006 and 2007 billing determinants projections.

<u>DECISION</u>: The issue is moot. Notice of Voluntary Withdrawal was acknowledged by the Commission.

<u>Issue 3</u>: What are the appropriate water and wastewater rates for AUF?

<u>Recommendation</u>: AUF's appropriate water and wastewater rates should be the rates in effect prior to the approval of interim rates. The utility should file tariff sheets and

effect prior to the approval of interim rates. The utility should file tariff sheets and proposed customer notices to reflect the Commission-approved rates for the respective systems within 20 days of the Commission vote. The appropriate rates are listed in Schedule 1-A for water and Schedule 1-B for wastewater for the respective systems in staff's memorandum dated August 16, 2007. The utility should provide proof of the date notice was given no less than 10 days after the date of the notice.

DECISION: The recommendation was approved.

<u>Issue 7</u>: If the Commission denies staff's recommendation to dismiss AUF's request for a general rate increase in Issue 2 of this recommendation, should AUF be ordered to show cause in writing, within 21 days, why it should not be fined for its apparent failure to comply with Order Nos. PSC-07-0592-PCO-WS and PSC-07-0598-PCO-WS, compelling discovery responses?

**Recommendation:** Yes. If the Commission denies staff's recommendation to dismiss AUF's request for a general rate increase in Issue 2 of this recommendation, AUF should be ordered to show cause in writing, within 21 days, why it should not be fined a total of \$5,000 for its apparent failure to comply with Order Nos. PSC-07-0592-PCO-WS and PSC-07-0598-PCO-WS. The order to show cause should incorporate the conditions stated below in the staff analysis. If the Commission dismisses the rate case in Issue 2, this issue need not be ruled upon.

**Recommendation:** No. The docket should remain open for staff's verification that the revised tariff sheets and customer notice have been filed by the utility and approved by staff, that the interim refund has been completed and verified by staff, and for the disposition of the show cause portions of the order. If the utility responds to the show cause order by remitting the fines, the show cause matter should be considered resolved and the docket should be closed administratively upon staff's verification of the above items.
