

Florida Public Service Commission

HELPING HANDS

NOVEMBER 2013

For the past two years, the PSC has volunteered on *Big Bend Habitat for Humanity* builds featuring energy and water saving features that make homes comfortable and affordable for low-income families.

Partnerships, or "Helping Hands," are essential to help raise public awareness.

Many state agencies and organizations are "PSC Helping Hands," who assist Florida's Public Service Commission in serving consumers needing utility issues resolved, energy and water conservation information, and Lifeline Assistance telephone discount program applications.

A Public Service Commission "Helping Hand" is recognized each month in 2013.
