### **What is a public records request?**

Public records, as defined in Section 119.011(12), Florida Statutes, are "all documents, papers, letters, maps, books, tapes, photographs, films, sound records, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received pursuant to law or ordinance or in connection with the transaction of official business by any agency." Under reasonable conditions, all public records within the meaning of Chapter 119, Florida Statutes, except those restricted by law, may be inspected during normal business hours. E-mails directed to the PSC are public records.

### **What is a docket number?**

As cases come before the Commission for decision, they are assigned docket numbers. These dockets are established to maintain filings, such as orders, notices, docket schedules (CASRs), transcripts, and exhibits. These files constitute the official records of Commission and are maintained on a permanent basis either on microfilm or in electronic medium, as prescribed in the retention schedules approved by the Department of State. Official filings within a docket are assigned document numbers.

### How can I obtain copies of documents?

The PSC's Web site has information regarding docket numbers, docket titles, names of utilities involved, Commissioner and staff assignments, mailing lists, scheduled events, and document filing descriptions. Most non-confidential documents filed as of July 1, 1999, are available for viewing and printing by selecting **Dockets & Filings > Dockets**, where you can search by the docket number, docket title, or document number. To find out if a document is available online, enter the docket number, and review the **Document Filings Index** or enter the assigned document number. Most filings are available on the Web site within four hours of filing, or the next business day, if filed after 1:00 p.m. PDF documents available from the **Document Filings Index** page that are shown in **Red** and marked with an asterisk are an image of the official document on file with the *Office of Commission Clerk*. ### **Tips for Improving Search Terms**

- **Searching for phrases** - Specifying more than one search term searches for both. **Public** and **Service** searches for documents containing both "Public" and "Service", giving highest relevance to those with the phrase "Public Service". If you want to search for the exact phrase "Public Service", surround the phrase with quotation marks, i.e., "**Public Service**". Alternatively, you can hyphenate all the words together, e.g. **Tampa-Electric-Company**.
- **Wildcards** - The wildcard (\*) represents one or more unspecified characters in the search term. For example, searching for **electr\*** will include matches for "electric", "electronic" and "electronically".
- **To exclude words, use the minus sign** - If you are searching for the word "Public" but wish to exclude all documents containing the phrase "Public Service", type a minus sign before "Service", i.e. search for **Public -Service**.
- **Two phrases** - To search for two phrases, type the phrases with surrounding quotation marks, e.g., if you are searching for "Public Service" and "electric company", type "**Public Service**" "**electric company**".
